Return of the Native Thomas Hardy, 2024-11-24 The Return of the Native is English author Thomas Hardy's sixth published novel It first appeared in the magazine *Belgravia* a publication known for its sensationalism and was presented in twelve monthly instalments in 1878 Because of the novel's controversial themes Hardy had some difficulty finding a publisher reviews however though somewhat mixed were generally positive In the twentieth century The Return of the Native became one of Hardy's most popular novels The novel takes place entirely in the environs of Egdon Heath and with the exception of the epilogue Aftercourses covers exactly a year and a day Like all of Hardy's work The Return of the Native is passionate and controversial with themes and sympathies beyond what a good Victorian would ever admit A modern and honest novel of chance and choice faith and infidelities this dark story asks what is free will and what is fate What is the true nature of nature and how do we fit together Can we fit together A tragedy set in the barren land of Egdon Heath Our heroine Eustacia is proud passionate cruel fickle avaricious and desperate She burns every life she touches never able to find the mad love and exotic world she dreams of Our supposed hero Clym is modest steady plain moral and dutiful He is satisfied returning from Paris to the simple comfort of home Originally released as five books in classic tragic form a sixth tacking on a happy ending was added by editor and public pressure

The Return of the Storyteller in Contemporary Fiction Areti Dragas, 2014-08-31 Focusing on the figure of the storyteller this study breaks new ground in the approach to reading contemporary literature by identifying a growing interest in storytelling For the last thirty years contemporary fiction has been influenced by theoretical discourses textuality and writing Only since the rise of postcolonialism have academic critics been more overtly interested in stories where high theory frameworks are less applicable However as we move through various contemporary contexts engaging with postcolonial identities and hybridity to narratives of disability and evolutionary accounts of group and individual survival a common feature of all is the centrality of story which posits both the idea of survival and the passing on of traditions The Return of the Storyteller in Contemporary Fiction closely examines this

preoccupation with story and storytelling through a close reading of six contemporary international novelists that are either about actual storytellers or engage with the figure of the storyteller revealing how death of the author has given birth to the storyteller
