Seminary Student Writes:

The Seminary Student Writes Deborah Core, 2000-02-01 Deborah Core offers practical guidance for beginning seminary students who feel overwhelmed and under prepared to write the number and quality of papers their courses require The book begins with reflections on writing as a sacred action then addresses such practical matters as choosing and researching a topic outlining drafting and polishing a paper and using the proper format for footnotes and bibliography Also included are sample papers in MLA and Chicago styles and an overview of grammar and usage **The Congregationalist**, 1927

Doing Theological Research Robert W. Pazmiño, 2009-09-01 This concise introductory work explores the essentials of doing theological research and writing It is a handy companion to assist persons as they begin and pursue theological education It provides an overview of expectations that both various professors have shared and students have reported over many years as basic wisdom to foster quality theological work It is a time tested resource to guide those called to seminary study *Theological Education in a New Key* Richard L. Hester, 2025-07-31 This book begins with the story of Huckleberry Finn trying to decide whether he should turn in his friend Jim the runaway slave He believes that if he doesn't obey the god of slavery and turn Jim in he will go to hell It's a crisis that reveals the power of the culture of slavery on the inner textbook of this White boy Huck's dilemma points to the many ways this White professor explores his teaching career and his efforts to liberate theological education from the transmission of information banking education to opening the inner textbooks of students and their teachers Richard Hester uses the metaphor of inner textbook to describe what we carry within ourselves that tells us who we are what we seek where we're vulnerable and what we value He contends that effective theological education opens these inner textbooks to be read along with the prescribed texts for the course Hester gives attention to his own inner textbook the Whiteness of it and what he's learning about the Black experience *Theological Education in a New Key* aims to help students and their teachers open their inner textbooks to the story of God's dream of belonging and diversity *The Long Shadow of Emile Cailliet* Abigail Rian Evans, Clemens Bartollas, Gordon Graham, Kenneth Henke, 2011-09-23 This book aims to examine the importance of Christian philosophy in theological education through the prism of the life and teachings of Emile Cailliet The book's primary focus is on his years of teaching at Princeton Theological Seminary to which all the authors are connected This work examines Cailliet as a believer teacher scholar and philosopher Although Cailliet wrote over twenty books none of them articulated his formal position on the nature of theological education However it is clear from his teaching at seminary and his writings on philosophy especially Pascal that he saw philosophy as an integral part of seminary training We want to preserve his work because he was a seminal but neglected thinker whose influence extends from science to literature and from philosophy to spirituality and theology We believe that Emile Cailliet was one of the most influential Christians of the twentieth century We invite the reader to stand in the long shadow of Cailliet and consider how his life and thought can help us tackle some of the knotty questions that face us today Empowering
