Sending Money Home Rodolfo O. De la Garza, Briant Lindsay Lowell, 2002 For international migrants seeking employment in the United States the desire to remit a portion of their earnings to their home countries is a time honored custom The flow of money southward from the United States has evolved from a stream flowing from families through informal networks to a major river with new tributaries fed by transnational migrant organizations channeled through an increasingly formal marketplace and attracting the involvement of home country governments This volume tracks the evolution of the flow of money home offering new data to enhance the picture and understanding of this important economic phenomenon

Democratic Renewal and the Mutual Aid Legacy of US Mexicans Julie Leininger Pycior, 2014-05-17 The legacy of the historic mutual aid organizing by US Mexicans with its emphasis on self help and community solidarity continues to inform Mexican American activism and subtly influence a number of major US social movements In *Democratic Renewal and the Mutual Aid Legacy of US Mexicans* Julie Leininger Pycior traces the early origins of organizing in the decades following the US Mexican War when Mexicans in the Southwest established mutualista associations for their protection Further she traces the ways in which these efforts have been invoked by contemporary Latino civil rights leaders Pycior notes that the Mexican immigrant associations instrumental in the landmark 2006 immigration reform marches echo mutualista societies at their peak in the 1920s Then Mexican immigrants from San Diego to New York engaged in economic medical cultural educational and legal aid This path breaking study culminates with an examination of Southwest community organizing networks as crucial counterweights to the outsized role of large financial contributions in the democratic political process It also finds ways in which this community organizing echoes the activity of mutualista groups in the very same neighborhoods a century ago
