**Separate and unequal** Alan M. Osur,2000      **Separate and Unequal** Alan M. Osur,2000      **Freedom to Serve** Jon Taylor,2013-05-02 On the eve of America s entry into World War II African American leaders pushed for inclusion in the war effort and after the war they mounted a concerted effort to integrate the armed services Harry S Truman s decision to issue Executive Order 981 in 1948 which resulted in the integration of the armed forces was an important event in twentieth century American history In Freedom to Serve Jon E Taylor gives an account of the presidential order as an event which forever changed the U S armed forces and set a political precedent for the burgeoning civil rights movement Including press releases newspaper articles presidential speeches and biographical sidebars Freedom to Serve introduces students to an under examined event while illuminating the period in a new way For additional documents images and resources please visit the Freedom to Serve companion website at [www.routledge.com/cw/criticalmoments](http://www.routledge.com/cw/criticalmoments)      **Race and US Foreign Policy** Mark Ledwidge,2012-02-06 African Americans analysis of and interest in foreign affairs represents a rich and dynamic legacy and this work provides a cutting edge insight into this neglected aspect of US foreign affairs In addition to extending the parameters of US foreign policy literature to include race and ethnicity the book documents case specific analyses of the evolutionary development of the African American foreign affairs network AAFAN Whilst the examination of race in regard to the construction of US foreign policy is significant this book also provides a cross disciplinary approach which utilises historical and political science methods to paint a more realistic appraisal of US foreign policy Including analysis of original archival evidence this theoretically informed work seeks to transcend the standard mono disciplinary approach which overestimates the separation between domestic and foreign affairs The unique approach of this work will add an important dimension to a newly emerging field and will be of interest to scholars in ethnic and racial studies American politics US foreign policy and US history      **Foxholes & Color Lines** Sherie Mershon,Steven L. Schlossman,1998 Well written thoughtful and incisive A fresh look at why the armed services took so long to implement a policy imposed upon them by their civilian leaders Journal of Military History      Sociological Abstracts Leo P. Chall,1997 CSA Sociological Abstracts abstracts and indexes the international literature in sociology and related disciplines in the social and behavioral sciences The database provides abstracts of journal articles and citations to book reviews drawn from over 1 800 serials publications and also provides abstracts of books book chapters dissertations and conference papers      **Congressional Record** United States. Congress,1967      **Men, Messages, and Media** Wilbur Schramm,1973      Two Nations Andrew Hacker,1992 A profound analysis of the conditions that keep blacks and whites dangerously far apart in their ability to participate in the American dream In this groundbreaking study Hacker offers a fresh and disturbing examination of the divisions of color and class in 1990s America      **Integration or Separation? A Strategy for Racial Equality** Roy L. BROOKS,Roy L Brooks,2009-06-30 Integrated in principle segregated in fact is this the legacy of fifty years of progress in American racial

policy Is there hope for much better Roy L Brooks a distinguished professor of law and a writer on matters of race and civil rights says with frank clarity what few will admit integration hasn't worked and possibly never will Equally he casts doubt on the solution that many African Americans and mainstream whites have advocated total separation of the races This book presents Brooks's strategy for a middle way between the increasingly unworkable extremes of integration and separation Limited separation the approach Brooks proposes shifts the focus of civil rights policy from the group to the individual Defined as cultural and economic integration within African American society this policy would promote separate schooling housing and business enterprises where needed to bolster the self sufficiency of the community without trammeling the racial interests of individuals inside or outside of the group and without endangering the idea of a shared Americanness But all the while Brooks envisions African American public schools businesses and communities redesigned to serve the enlightened self interest of the individual Unwilling to give up entirely on racial integration he argues that limited separation may indeed lead to improved race relations and ultimately to healthy integration This book appears at a crucial time as Republicans dismantle past civil rights policies and Democrats search for new ones With its alternative strategy and useful policy ideas for bringing individual African Americans into mainstream society as first class citizens **Integration or Separation** should influence debate and policymaking across the spectra of race class and political persuasion **Separate But Equal** Jennifer Shindler, 1984 **Through Different Eyes** Peter Isaac Rose, Stanley Rothman, William J. Wilson, 1974 The views of twenty sociologists and journalists both black and white on race relations in the United States today Each writer examines an important aspect of white or black society and probes its attitude towards its opposite racial group Opening Doors Harry J. Knopke, Robert Jefferson Norrell, Ronald W. Rogers, 1991 On June 11 1963 The University of Alabama provided the backdrop for what would become a lasting symbol in U S civil right history With his stand in the schoolhouse door staged at Foster Auditorium on the University's campus Governor George C Wallace attempted to defy a federal mandate by blocking the admission of two black students to the University The nature of racial prejudice and discrimination its causes its history and its impact on society was the focus of a 1988 national symposium hosted by The University of Alabama to mark the 25th anniversary of the stand in the schoolhouse door On this occasion major participants in the Wallace stand reconvened to reflect on the issues and circumstances surrounding that event In addition because of the original event's central place in civil rights history and because of the many racial disturbances and difficulties occurring today scholars from across the country were asked to contribute to an extensive examination of racial prejudice and discrimination This book is based on the presentations commissioned for the symposium and is divided into three sections Historical Context Current Psychosocial Cultural Assessments of Prejudice and Discrimination and Strategies for Change The contributors include Dan T Carter E Culpepper Clark John F Dovidio Samuel L Gaertner Rhoda E Johnson James Jones Leon F Litwack Fannie Allen Neal Mortimer Ostow Thomas F Pettigrew and Walter G Stephan The editors have provided introductions to each of the three

sections that place the chapters in both historical and contemporary contexts Opening Doors describes the progress that has been made in this country in the relationships between and among the races since a sneering Governor Wallace withdrew from the University campus telling bystanders to come back and see us in Alabama The volume also sheds new light on our understanding of prejudice and discrimination and serves to broaden our current perspectives on the traditions values attitudes and behavior patterns that contribute to and reflect these negative components of race relations At the same time by recounting historical issues associated with prejudice racism and discrimination by offering current analyses of these concepts and by suggesting strategies for effecting appropriate and meaningful change Opening Doors leads to a clear understanding of the nature and extent of progress yet to be realized before we are able to engage in harmonious race relations and enjoy the benefits of a more just society      *Separate and Unequal* Harvey Fireside,2015
