Charles R. Wood, **A Guide to Practical Living** William Golson Jr., 2015-11-05 These Jewish Christians were having some problems in their personal lives and in their church fellowship They were going through difficult testing They were also facing temptations to sin Some of the believers were catering to the rich while others were being robbed by the rich Church members were competing for offices in the church particularly teaching offices Many failed to live what they professed to believe Furthermore the tongue was a serious problem even to the point of creating wars and divisions in the assembly Worldliness was another problem Some of the members were disobeying God's Word and were sick physically because of it and some were straying from the Lord and the church As we review this list of problems it does not appear to be much different from the problems that beset the average local church today Is not worldliness a serious problem Are there not Christians who cannot control their tongues All these problems had a common cause a lack of spiritual maturity These Christians were simply not growing up Contrary to what we might think not everyone who grows old grows up There is a difference between age and maturity **Peloubet's Select Notes on the International Bible Lessons for Christian**

The Sabbath Recorder, 1913 *Christian Ethics* Russell A. Morris, 2015-08-14 Within the Christian community at large there is often little correlation between scriptural guidelines for Christian living and the lifestyle practices and behavior of believers Christian social scientist George Barna has done extensive research in this area that reveals alarming data For example nearly nine of ten adults state that religious faith is very important in their lives However only one in five adults claims that the Bible is the dominant influence in their decisions regarding lifestyle practices Further research suggests that there is often little difference between the lifestyle practices of Christians and non Christians This nominal difference in lifestyle practices and behavior between Christians and non Christians as well as the minimal correlation between Scripture and practice among many Christians produced an interest in this area of practical theology Serving as a Christian pastor over the past two decades the reality of Barna's research has been observed personally The biblical parallel of the prevailing

apathy within today's churches is seen in Judges 21:25 NASB. In those days there was no king in Israel; everyone did what was right in his own eyes. That is, in those days there was no accepted standard of truth. Likewise, only one in four American adults believes in the existence of absolute truth. As a result, the relationship between doctrine and practice, belief and behavior, is often minimal, with many Christians doing only what is right in their own eyes rather than allowing God's Word to influence their mode of living. A distinct relationship between belief and behavior is seen in 1 Timothy 4:16. In this passage, Paul clearly identifies a correlation between what one believes (doctrine) and the lifestyle behavior one lives when he writes, "Watch your life and doctrine closely; persevere in them because if you do, you will save both yourself and your hearers." From this verse, it is clear that there are two areas in the life of the Christian that need to be scrutinized and pursued: namely, belief and behavior. The fundamental thesis of this book is that a deeper understanding of Christian ethics will inform and facilitate the Christian life.

Lesslie Newbigin was one of the most significant missionary strategists and theologians of the twentieth century. With the breakdown of confidence in some of the central philosophical and theological paradigms that have been shaped and sustained by the culture of modernity, Newbigin's approach to a genuinely missionary theology offers fresh insights and approaches, providing something of a prophetic model for the global Christian community in new and challenging times. In this collection of essays, scholars and practitioners from around the world engage with aspects of Newbigin's continuing legacy. They explore Newbigin's approach to theological method, his theological and philosophical account of Western culture in the light of the gospel, and some of the implications of his thought for global mission in the third millennium. This collection is essential reading not just for Newbigin enthusiasts but also for all who are concerned to develop a genuinely missionary encounter with contemporary culture.

New Sketches and Skeletons of Sermons, Devout and Practical William Garland Barrett, 1860 *Preaching* John F. MacArthur, Master's Seminary Faculty, 2005-08-21

Many sermons preached today lack the divine knowledge and spiritual understanding available only through dynamic expository preaching. In *Preaching: How to Preach Biblically*, John MacArthur's well-known passion for the Bible combines with the expertise of faculty members at The Master's Seminary to inspire and equip preachers in effective biblical preaching. *Preaching: How to Preach Biblically* flows from biblical foundations for expository preaching through a detailed process of developing expositions and creating sermons to the actual delivery of expository messages, connecting what pastors learn in seminary with the sermons preached in a local church. This volume shows how to progress purposefully from one phase to the next in preparing to

minister to God's people through preaching This book answers these questions and more What is expository biblical preaching What are the theological and historical foundations for insisting on expository preaching What are the steps involved in preparation for and participation in biblical preaching What models exist for expository preaching today The Master's Seminary faculty with over thirty years experience in preaching and seminary training of preachers contributes a treasury of expertise alongside insights from expositor John MacArthur While united on their commitment to exposition the variety of individual expressions and methodological preferences discussed offers beneficial assistance for any preacher seeking a higher level of expository excellence *A Practical Discipleship Model That Fosters Spiritual Maturity* Owar Ojha Ojulu, 2023-11-09 Jesus challenges us to live in him and continue living out the truth so that we claim our allegiance to Christ and live as disciples free from fear and from cultural customs that contradict the gospel message This project has found that the lack of discipleship training among the Anyuwaa churches has resulted in a lack of understanding of what this ministry entails teaching and making disciples In addition failure to embed elements of the Anyuwaa culture into the discipleship approach and the persistence of certain elements of Anyuwaa life that run counter to gospel beliefs has inflamed this crisis Therefore this book presents a call for the church to challenge the culture of syncretism and the fear of witchdoctors to shift its paradigm and begin interpreting the gospel message utilizing contextual elements but interpreting them through the lens of the gospel calling people to embrace gospel values within their own cultural context When we start interpreting strong cultural beliefs and traditions through the truth of the gospel it is proof that we have come to the best discipleship approach as we speak the truth of the gospel in the life our church and the hearts of our believers **The ScofieldRG Study Bible III, KJV** C.
