

Louis Xiv And The Origins Of The Dutch War

George Satterfield

Louis Xiv And The Origins Of The Dutch War:

Louis XIV and the Origins of the Dutch War Paul Sonnino, 2003-02-13 This stylish and highly entertaining account of the origins of the Franco Dutch War of 1672 is based on massive archival researches covering twelve countries Contrary to the accepted historical opinion that there was a meeting of minds within Louis XIV's conseil d'en haut over the desirability of the war Professor Sonnino chronicles a story of bitter division in the course of which the contrasting personalities of the king and of his most intimate advisors emerge in vivid detail Racine once eulogized the war as a brilliantly executed venture which put the insolent Dutch in their place Saint Simon on the other hand saw it as the disastrous result of endemic jealousies in which Le Tellier and Louvois sought to displace Colbert in Louis' affections From these early views the modern consensus in spite of occasional dissenters has gradually evolved Professor Sonnino however breaks through the maze of interpretations with decisive new evidence and in an unusually clear and lively evocation of the emotional element which pervaded high policy explains the many agonizing decisions that preceded one of the most dramatic conflicts of the seventeenth century **The**

Anglo-Dutch Wars of the Seventeenth Century J.R. Jones, 2013-11-26 This study of the Anglo Dutch Wars 1652-54 1665-67 1672-74 sets them in their naval political and economic contexts Competing essentially over trade both governments were crucially influenced by mercantile interests and by the representative institutions that were central to England and the Dutch Republic Professor Jones compares the effectiveness of the governments under pressure English with Dutch Commonwealth with restored monarchy Republican with Orangist and the effects on their economies and examines the importance of the wars in accelerating the formation of a professional officer corps and establishing battle tactics that would endure throughout the age of sail **International Politics and Warfare in the Age of Louis XIV and Peter the Great** William

Young, 2004 The Peace of Westphalia 1648 ending the Thirty Years War resulted in the rise of the modern European states system However dynasticism power politics commerce and religion continued to be the main issues driving International politics and warfare Dr William Young examines war and diplomacy during the Age of Louis XIV and Peter the Great His study focuses on the later part of the Franco Spanish War the Wars of Louis XIV and the Anglo Dutch Wars in the West In addition the author explores the wars of the Baltic Region and East Europe including the Thirteen Years War Second Northern War War of the Holy League and the Great Northern War The study includes a guide to the historical literature concerning war and diplomacy during this period It includes bibliographical essays and a valuable annotated bibliography of over six hundred books monographs dissertations theses journal articles and essays published in the English language **International Politics and Warfare in the Age of Louis XIV and Peter the Great** is a valuable resource for individuals interested in the history of diplomacy warfare and Early Modern Europe *The Dutch Army and the Military Revolutions, 1588-1688* Olaf van Nimwegen, 2010 With the advent of William III of Orange as Captain General of the Union the Dutch introduced revolutionary changes in military organisation reforms adopted by the English army and established an efficient

standing army capable of withstanding attacks by Louis XIV of France Book Jacket **The Second Anglo-Dutch War (1665-1667)** Gijs Rommelse, 2006 Studie van de politieke en diplomatieke ontwikkelingen in Groot Brittanni en de Republiek der Verenigde Nederlanden voor en na het uitbreken van de Tweede Engels Nederlandse oorlog in 1665 **European War and Diplomacy, 1337-1815** William Young, 2003-10 The history of international relations and warfare of early modern Europe has gained popularity in recent years This bibliography provides a valuable listing of books dissertations and journal articles in the English language for scholars and general readers interested in diplomatic relations and warfare from the Hundred Years War to the Napoleonic Wars **The Cambridge History of Warfare** Geoffrey Parker, 2020-06-04 The new edition of The Cambridge History of Warfare offers an updated comprehensive account of Western warfare from its origins in classical Greece and Rome through the Middle Ages and the early modern period down to the wars of the twenty first century in Afghanistan Iraq and Syria *Reader's Guide to Military History* Charles Messenger, 2013-10-31 This book contains some 600 entries on a range of topics from ancient Chinese warfare to late 20th century intervention operations Designed for a wide variety of users it encompasses general reviews of aspects of military organization and science as well as specific wars and conflicts The book examines naval and air warfare as well as significant individuals including commanders theorists and war leaders Each entry includes a listing of additional publications on the topic accompanied by an article discussing these publications with reference to their particular emphases strengths and limitations *The Dutch in the Early Modern World* David Onnekink, Gijs Rommelse, 2019-06-06 Presents an overview of early modern Dutch history in global context focusing on themes that resonate with current concerns *The Cambridge Illustrated History of Warfare* Geoffrey Parker, 2021-08-05 The new edition of The Cambridge Illustrated History of Warfare written and updated by a team of nine distinguished military historians examines how war was waged by Western powers across a sweeping timeframe beginning with classical Greece and Rome moving through the Middle Ages and the early modern period down to the wars of the twenty first century in Afghanistan Iraq and Syria The book stresses five essential aspects of the Western way of war a combination of technology discipline and an aggressive military tradition with an extraordinary capacity to respond rapidly to challenges and to use capital rather than manpower to win Although the focus remains on the West and on the role of violence in its rise each chapter also examines the military effectiveness of its adversaries and the regions in which the West's military edge has been and continues to be challenged *The Allure of Battle* Cathal Nolan, 2017-01-02 History has tended to measure war's winners and losers in terms of its major engagements battles in which the result was so clear cut that they could be considered decisive Cannae Konigsberg Austerlitz Midway Agincourt all resonate in the literature of war and in our imaginations as tide turning But these legendary battles may or may not have determined the final outcome of the wars in which they were fought Nor has the genius of the so called Great Captains from Alexander the Great to Frederick the Great and Napoleon play a major role Wars are decided in other ways Cathal J Nolan's *The Allure of Battle* systematically and

engrossingly examines the great battles tracing what he calls short war thinking the hope that victory might be swift and wars brief As he proves persuasively however such has almost never been the case Even the major engagements have mainly contributed to victory or defeat by accelerating the erosion of the other side s defences Massive conflicts the so called people s wars beginning with Napoleon and continuing until 1945 have consisted of and been determined by prolonged stalemate and attrition industrial wars in which the determining factor has been not military but material Nolan s masterful book places battles squarely and mercilessly within the context of the wider conflict in which they took place In the process it help corrects a distorted view of battle s role in war replacing popular images of the battles of annihilation with somber appreciation of the commitments and human sacrifices made throughout centuries of war particularly among the Great Powers Accessible provocative exhaustive and illuminating *The Allure of Battle* will spark fresh debate about the history and conduct of warfare

The Anglo-Dutch Wars of the Seventeenth Century James Rees Jones,1996 This is a study of the trade wars between England and Holland in 1652 54 1665 67 and 1672 74 set in their naval political and economic contexts The book considers the role and influence of powerful mercantile interest groups on government policy for both countries

Talking about Naval History John B. Hattendorf,2011 NOTE NO FURTHER DISCOUNT ON THIS PRINT PRODUCT OVERSTOCK SALE Significantly reduced list price Twenty essays selected from the writings of John B Hattendorf Ernest J King Professor of Maritime History at the U S Naval War College between 2001 and 2009 They represent a wide historical perspective that ranges across nearly four centuries of maritime history A number of these pieces have been published previously but have appeared in other languages and in other countries where they may not have come to the attention of an American naval reading audience This collection is divided into parts that deal with four major themes the broad field of maritime history general naval history with specific focus on the classical age of sail from the mid seventeenth century to the end of the Napoleonic Wars in 1815 the wide scope of American naval history from 1775 to the end of the twentieth century and finally the realm of naval theory and its relationship to naval historical studies They are reprinted with only minor alterations as they originally appeared This work may appeal to general history readers scholarly and general adult readers of history especially naval and maritime plus students pursuing coursework in military science degree programs Other related products *Fundamentals of War Gaming* Print Paperback format can be found here https://bookstore.gpo.gov/products/sku/008_046_00299_1 Print Hardcover format can be found here https://bookstore.gpo.gov/products/sku/008_046_00269_0 *Nineteen Gun Salute Case Studies of Operational Strategic and Diplomatic Naval Leadership During the 20th and Early 21st Centuries* can be found here https://bookstore.gpo.gov/products/sku/008_046_00252_5 *Digesting History The U S Naval War College the Lessons of World War Two and Future Naval Warfare 1945 1947* Print Paperback format is available here https://bookstore.gpo.gov/products/sku/008_046_00255_0 ePub format is available here https://bookstore.gpo.gov/products/sku/008_300_00040_2 ePub is also available from Apple iBookstore BarnesandNoble.com Books on Board eBookstore Diesel

The Military Revolution Debate Clifford J Rogers, 2018-10-08 This book brings together for the first time the classic articles that began and have shaped the debate about the Military Revolution in early modern Europe adding important new essays by eminent historians of early modern Europe to further this important scholarly interchange

"The Transformation of European Politics, 1763-1848" Peter Krüger, Paul W. Schroeder (Eds.), in cooperation with Katja Wüstenbecker, This book takes up a question raised about the nature of the European international system in the late eighteenth early nineteenth centuries by Paul W Schroeder s pathbreaking and controversial work *The Transformation of European Politics 1763 1848* 1994 Schroeder s central claim was that the European states system underwent a fundamental transformation in the revolutionary Napoleonic and Vienna eras from a system of competitive conflictual power politics based purely on a shifting balance of power to a more consensual stable and peaceful set of relations based on legality acknowledged rights and obligations and shared norms The contributors to this volume while examining this claim primarily extend the debate to the entire history of European and world international politics from the early seventeenth century to the present If this transformation was real they ask was it only a temporary episode or does it represent an example of other transformations or structural changes in international politics over the centuries down to the present day and a possible model for change in the future

Trust in Early Modern International Political Thought, 1598-1713 Peter Schröder, 2017-03-06 This book examines how trust relates to the main political concepts sovereignty reason of state and natural law of seventeenth century discourse

Dubious Battles: Aggression, Defeat, And The International System John Arquilla, 2017-09-29 First Published in 1992 Routledge is an imprint of Taylor Francis an informa company

Princes, Posts and Partisans George Satterfield, 2003-08-01 This volume explores French partisan warfare in the Spanish Netherlands during the Dutch War 1672 78 It considers such practices as contributions fire raids and blockades before sieges The author relies extensively on archival sources and in many cases explores events that have been passed over by similar studies Louis XIV and his generals used partisan warfare to fit a strategy of exhaustion to ensure territorial conquest The French army s reliance on partisan warfare reveals the limitations of the war making potential of Louis XIV s state at the same time it leads to the emergence of a more modern practice of military operations to pursue theater strategic objectives

International Encyclopedia of Military History James C. Bradford, 2004-12 With its impressive breadth of coverage both geographically and chronologically the International Encyclopedia of Military History is the most up to date and inclusive A Z resource on military history From uniforms and military insignia worn by combatants to the brilliant military leaders and tacticians who commanded them the campaigns and wars to the weapons and equipment used in them

this international and multi cultural two volume set is an accessible resource combining the latest scholarship in the field with a world perspective on military history War, Trade and the State David Ormrod, Gijs Rommelse, 2020 A reassessment of the Anglo Dutch wars of the second half of the seventeenth century demonstrating that the conflict was primarily about trade

Yeah, reviewing a books **Louis Xiv And The Origins Of The Dutch War** could grow your close contacts listings. This is just one of the solutions for you to be successful. As understood, deed does not suggest that you have astonishing points.

Comprehending as skillfully as concord even more than new will pay for each success. bordering to, the broadcast as well as insight of this Louis Xiv And The Origins Of The Dutch War can be taken as competently as picked to act.
