Saint-Leger, de, A.,Philippe Sagnac

Louis Xiv 1661 1715:

Louis XIV : (1661 - 1715) Philippe Sagnac,1949 Louis XIV Outside In Professor Charles-Édouard Levillain,Professor Tony Claydon,2015-12-28 Louis XIV the Sun King casts a long shadow over the history of seventeenth and eighteenth century Europe Yet while he has been the subject of numerous works much of the scholarship remains firmly rooted within national frameworks and traditions Thus in France Louis is still chiefly remembered for the splendid baroque culture his reign ushered in and his political achievements in wielding together a strong centralised French state whereas in England the Netherlands and other protestant states his memory is that of an aggressive military tyrant and persecutor of non Catholics In order to try to break free of such parochial strictures this volume builds upon the approach of scholars such as Ragnhild Hatton who have attempted to situate Louis legacy within broader pan European context But where Hatton focused primarily on geo political themes Louis XIV Outside In introduces current interests in cultural history integrating aspects of artistic literary and musical themes In particular it examines the formulation and use of images of Louis XIV abroad concentrating on Louis neighbours in north west Europe This broad geographical coverage demonstrates how images of Louis XIV were moulded by the polemical needs of people far from Versailles and distorted from any French originals by the particular political and cultural circumstances of diverse nations Because the French regime s ability to control the public image of its leader was very limited the collection highlights how at least in the sphere of public presentation his power was frequently denied subverted or appropriated to very different purposes questioning the limits of his absolutism which has also been such a feature of recent work *La Preponderance Francaise* Alexandre Rene de Saint-Leger,1935 **Censorship Under Louis Xiv, 1661-1715 : Some Aspects of Its Influence** H. D. Macpherson,1972 **Censorship Under Louis XIV, 1661-1715 ; Some Aspects of Its Influence** Harriet Dorothea MacPherson,1980 *The Government of Louis XIV., 1661-1715* Arthur James GRANT (Historian),1908 *Censorship Under Louis XIV, 1661-1715* Harriet Dorothea Macpherson,1929 Louis XIV, France and Europe, 1661-1715 Richard Wilkinson,1993 While synthesizing and passing on to students the results of recent research this book also emphasizes the fascination and controversy of Louis XIV s reign and its effect on his European neighbours The issues influencing Louis s absolute rule and the extent to which he had real options are examined

International Politics and Warfare in the Age of Louis XIV and Peter the Great William Young,2004 The Peace of Westphalia 1648 ending the Thirty Years War resulted in the rise of the modern European states system However dynasticism power politics commerce and religion continued to be the main issues driving International politics and warfare Dr William Young examines war and diplomacy during the Age of Louis XIV and Peter the Great His study focuses on the later part of the Franco Spanish War the Wars of Louis XIV and the Anglo Dutch Wars in the West In addition the author explores the wars of the Baltic Region and East Europe including the Thirteen Years War Second Northern War War of the Holy League and the Great Northern War The study includes a guide to the historical literature concerning war and

diplomacy during this period It includes bibliographical essays and a valuable annotated bibliography of over six hundred books monographs dissertations theses journal articles and essays published in the English language International Politics and Warfare in the Age of Louis XIV and Peter the Great is a valuable resource for individuals interested in the history of diplomacy warfare and Early Modern Europe **La prepondiance francaise** Saint-Leger, de, A.,Philippe Sagnac,1935

Censorship Under Louis XIV 1661-1715 Harriet Dorothea Mac Pherson,1929 Louis Fourteenth, 1661-1715 Peter Robert Campbell,1993 First Published in 1994 Routledge is an imprint of Taylor Francis an informa company **Louis XIV, 1661-1715, Par Philippe Sagnac Et A. de Saint-Léger** Philippe Sagnac, **Louis XIV** Peter Robert Campbell,2014-05-12 Seminar Studies in History aims to bridge the gap between the standardized textbook and the specialist survey Each book consists of a brief introduction or background to the subject followed by a section of analysis focusing on the main themes and issues Louis XIV and Absolution Ragnhild Marie Hatton,1976-01-01 **Age of Louis XIV** William James Roosen,2017-07-12 William James Roosen has written the first general study of European diplomacy in the age of Louis XIV which is based on the actual practices and institutions of that era rather than on the writing of early theoreticians Though the seventeenth century may not have been a period of great innovations in international diplomacy it provides us with an important illustration of the workings of a system which was well suited to the gradually changing needs of its time and which has been called the best form of diplomacy ever developed Dr Roosen demonstrates both the obvious differences and the many similarities between diplomatic procedures and practices of the seventeenth century and the twentieth Any student of diplomacy and international relations will gain valuable insight and understanding from this study of the early modern diplomatic personalities institutions and practices One of Dr Roosen s goals in writing this book has been to discover the relationships between the ideological and socioeconomic structures and the diplomatic personalities who have influenced modern diplomacy Further he supplies the only available study of the realities of diplomatic practices in seventeenth century Europe and provides an excellent basis for comparison with twentieth century international relations in the hope that studying early modern diplomatic personalities institutions and practices should increase our understanding of international relations today There are chapters on The States of Europe Kings and Ministers Ambassadors Second Class Diplomats A Typical Early Modern Embassy Information Important Objective of Diplomatic Activity and The Variety of Diplomatic Duties Antiquarianism and the Visual Histories of Louis XIV Robert Wellington,2017-07-05 Antiquarianism and the Visual Histories of Louis XIV Artifacts for a Future Past provides a new interpretation of objects and images commissioned by Louis XIV 1638 1715 to document his reign for posterity The Sun King s image makers based their prediction of how future historians would interpret the material remains of their culture on contemporary antiquarian methods creating new works of art as artifacts for a future time The need for such items to function as historical evidence led to many pictorial developments and medals played a central role in this Coin like in form but not currency the medal was the

consummate antiquarian object made in imitation of ancient coins used to study the past Yet medals are often elided from the narrative of the arts of ancient France their neglect wholly disproportionate to the cultural status that they once held This revisionary study uncovers a numismatic sensibility throughout the iconography of Louis XIV and in the defining monuments of his age It looks beyond the standard political reading of the works of art made to document Louis XIV's history to argue that they are the results of a creative process wedded to antiquarianism an intellectual culture that provided a model for the production of history in the grand siècle **Performative Polemic** Kathrina Ann LaPorta, 2021-06-21

Performative Polemic is the first literary historical study to analyze the war of words unleashed in the pamphlets denouncing Louis XIV's absolute monarchy between 1667 and 1715 As conflict erupted between the French ruler and his political enemies pamphlet writers across Europe penned scathing assaults on the Sun King's bellicose impulses and expansionist policies This book investigates how pamphlet writers challenged the monarchy's monopoly over the performance of sovereignty by contesting the very mechanisms through which the crown legitimized its authority at home and abroad Author Kathrina LaPorta offers a new conceptual framework for reading pamphlets as political interventions asserting that an analysis of the pamphlet's form is crucial to understanding how pamphleteers seduced readers by capitalizing on existing markets in literature legal writing and journalism Pamphlet writers appeal to the theater going public that would have been attending plays by Molière and Racine as well as to readers of historical novels and periodicals Pamphleteers entertained readers as they attacked the performative circuitry behind the curtain of monarchy Patrons, Brokers, and Clients in Seventeenth-Century France Sharon Kettering, 1986-06-12 A bold new study of politics and power in 17th century France this book argues that the French Crown centralized its power nationally by changing the way it delegated its royal patronage in the provinces During this period the royal government of Paris gradually extended its sphere of control by taking power away from the powerful and potentially disloyal provincial governors and nobility and instead putting it in the hands of provincial power brokers regional notables who cooperated with the Paris ministers in exchange for their patronage The new alliances between the Crown's ministers and loyal provincial elites functioned as political machines on behalf of the Crown leading to smoother regional national cooperation and foreshadowing the bureaucratic state that was to follow *The Cambridge Modern History* Sir Stanley Mordaunt Leathes, 1908
