Love And Commitment Sociological Observations:

Love and Commitment Gary Schwartz, Don Merten, 1980-02-01 *Sociological Observation*, 1974 **The Sociology of Radical Commitment** Gary Backhaus, George Psathas, 2007-01-01 This is the first volume to present commentaries on the existential sociology of Kurt H Wolff including autobiographical biographical exegetic and creative developmental articulation of his radical thought The theme of the book connects Wolff to the sociological tradition while at the same time explicates his profound departure from the tradition *Sociological Observation* Matilda W Riley, Edward E. Nelson, 1974-10-31 The Emerald Handbook of the Sociology of Emotions for a Post-Pandemic World Paul R. Ward, Kristen Foley, 2023-04-14 The Emerald Handbook of the Sociology of Emotions for a Post Pandemic World offers a sociological examination of the lived impacts of the COVID 19 pandemic through culture s of emotion offering a refreshing contribution to a new and exciting sub discipline *Illusion and Disillusion* John F. Crosby, 1985 Personal Life Carol Smart, 2007-09-17 Offers a conceptual approach to understanding personal life which realigns empirical research with theoretical analysis This work emphasises ideas of connectedness relationality and embeddedness rejecting many of the assumptions found in theories of individualisation and de traditionalisation by authors such as Beck and Beck Gernsheim For Love of the Prophet Noah Salomon, 2016-10-25 For some the idea of an Islamic state serves to fulfill aspirations for cultural sovereignty and new forms of ethical political practice For others it violates the proper domains of both religion and politics Yet while there has been much discussion of the idea and ideals of the Islamic state its possibilities and impossibilities surprisingly little has been written about how this political formation is lived For Love of the Prophet looks at the Republic of Sudan s twenty five year experiment with Islamic statehood Focusing not on state institutions but rather on the daily life that goes on in their shadows Noah Salomon s careful ethnography examines the lasting effects of state Islamization on Sudanese society through a study of the individuals and organizations working in its midst Salomon investigates Sudan at a crucial moment in its history balanced between unity and partition secular and religious politics peace and war when those who desired an Islamic state were rethinking the political form under which they had lived for nearly a generation Countering the dominant discourse Salomon depicts contemporary Islamic politics not as a response to secularism and Westernization but as a node in a much longer conversation within Islamic thought augmented and reappropriated as state projects of Islamic reform became objects of debate and controversy Among the first books to delve into the making of the modern Islamic state For Love of the Prophet reveals both novel political ideals and new articulations of Islam as it is rethought through the lens of the nation *The Mormon Culture of Salvation* Douglas J. Davies, 2018-12-07 The Mormon Culture of Salvation presents a comprehensive study of Mormon cultural and religious life offering important new theories of Mormonism one of the fastest growing movements and thought by many to be the next world religion Bringing social scientific and theological perspectives to bear on the Church of Jesus Christ of Latter day Saints Douglas Davies draws from theology history of religions anthropology sociology

and psychology to present a unique example of a truly interdisciplinary analysis in religious studies Examining the many aspects of Mormon belief ritual family life and history this book presents a new interpretation of the origin of Mormonism arguing that Mormonism is rooted in the bereavement experience of Joseph Smith which influenced the development of temple ritual for the dead and the genealogical work of many Mormon families Davies shows how the Mormon commitment to work for salvation relates to current Mormon belief in conversion and to traditional Christian ideas of grace The Mormon Culture of Salvation is an important work for Mormons and non Mormons alike offering fresh insights into how Mormons see the world and work for their future glory in heavenly realms Written by a non Mormon with over 30 years research experience into Mormonism this book is essential reading for those seeking insights into new interdisciplinary forms of analysis in religion as well as all those studying or interested in Mormonism and world religions Douglas J Davies is Professor in the Study of Religion in the Department of Theology Durham University UK He is the author of many books including Death Ritual and Belief Cassell 1997 Mormon Identities in Transition Cassell 1994 Mormon Spirituality 1987 and Meaning and Salvation in Religious Studies Brill 1984 **Emotions in Culture and Everyday Life** Michael Hviid

Jacobsen,2022-08-15 This volume describes and analyses a series of emotions prevalent in everyday life and culture with each chapter exploring the main facets of a particular emotion and considering the ways in which it manifests itself in and informs our culture and lives Considering our expression conception management and sanctioning of emotions and the ways in which these have changed over time as well as the ways in which we can theorise particular emotional states authors ask how certain emotions are linked to culture and society and what roles they play in politics and contemporary life With examples and case studies taken from research into media culture and social life Emotions in Culture and Everyday Life will appeal to scholars of sociology anthropology psychology media and cultural studies and philosophy with interests in the emotions **Murdoch on Truth and Love** Gary Browning,2018-06-19 This book reviews Iris Murdoch s thought as a whole It surveys the breadth of her thinking taking account of her philosophical works her novels and her letters It shows how she explored many aspects of experience and brought together apparently contradictory concepts such as truth and love The volume deals with her notions of truth love language morality politics and her life It shows how she offers a challenging provocative way of seeing things which is related to but distinct from standard forms of analytical philosophy and Continental thought Unlike so many philosophers she does offer a philosophy to live by and unlike many novelists she has reflected deeply on the kind of novels she aimed to write The upshot is that her novels and her philosophy can be read together productively as contributions to how we can see others and the world **Monographic Series** Library of Congress,1980

Subject Guide to Books in Print ,1983 **Ethnographic Ways of Knowing** Lucinda Carspecken,2024-06-14 Drawing on the works of ten scholars and public intellectuals ranging over 200 years this book foregrounds ways of knowing that include but go beyond the cognitive The book explores the work of Harriet Martineau Jane Addams W E B Du Bois Zora Neale

Hurston Ella Deloria M N Srinivas Barbara Myerhoff Orlando Fals Borda Ronald Takaki and Nawal El Saadawi The author discusses their multifaceted ethnographic practices and argues that such practices are still under acknowledged in contemporary research in comparison to cognition and categorization These scholars were outsiders to their societies in a variety of ways They highlighted power imbalances in the perception and representation of one group by another and brought direct experience emotion narrative imagination recognition self reflection activism and cultural humility into their writing in addition to rationality The book engages with the authors and their ideas in the context of their times and places It also reclaims them as methodological predecessors noting their contributions to what educational ethnography has been and what it could be in the future Expanding the canon of social research history and providing insight into unique methodological forms this text will be valuable for scholars and postgraduate students with interests in ethnography as well as the history of research anthropology and qualitative methods more broadly
