300,000 Kisses Seán Hewitt, Luke Edward Hall, 2023-10-10 A landmark illustrated anthology of queer Greek and Roman love stories that reclaim and celebrate homosexual love and sensuality from artist Luke Edward Hall and award winning poet Seán Hewitt For centuries evidence of queer love in the ancient world has either been ignored or suppressed Even today only a few narratives are widely known the wild romance of Achilles and Patroclus the yearning love of Sappho's lyrics and the three genders introduced in Plato's Symposium Yet there is a rich literary tradition of queer Greek and Roman love that extends far beyond the prudish translations of these familiar handful of stories In 300 000 Kisses award winning poet Seán Hewitt and renowned designer Luke Edward Hall collect these stories including some of the most beautiful and moving in the classical canon and bring them to vivid life Alongside celebrated works by Homer Sappho Ovid and Catullus they include a wide range of rarely anthologized sources raunchy poems thoughtful dialogues philosophical treatises and even a graffiti text salvaged from the ruins of Pompeii Through Hewitt's contemporary translations and Hall's vibrant illustrations we encounter relationships that are by turns heartfelt and nourishing unrequited and lustful toxic and crude tender and fulfilling A groundbreaking anthology that seeks to change the way we see the ancient world 300 000 Kisses is a fascinating journey through love in all its forms

[Greek and Latin Love](#) Thea S. Thorsen,Iris Brecke,Stephen Harrison,2021-09-07 It is often claimed that the kind of love that is variously deemed romantic or true did not exist in antiquity Yet ancient literature abounds with stories that seem to adhere precisely to this kind of love This volume focuses on such literature and the concepts of love it espouses The volume differs from and challenges much existing classical scholarship which has traditionally privileged the theme of sex over love and prose genres over those of poetry By conversely focusing on love and poetry the present volume freshly explores central poets in ancient literature such as Homer Sappho Terence Catullus Virgil Horace and Ovid alongside less canonized such as the anonymous poet of The Lament for Bion Philodemus and Sulpicia The chapters which are written by world leading as well as younger scholars reveal that Greek and Latin concepts of love seem interconnected that such love is as relevant for hetero as homoerotic couples and that such ideas of love follow the mainstream of poetry throughout antiquity In addition to the general reader interested in the history of love this volume is relevant for students and scholars of the ancient world and the poetic tradition

The Passion of Love in the Summa Theologiae of Thomas Aquinas Daniel Joseph Gordon,2023-05-19 This book is an introduction to three questions on love according to St Thomas Aquinas Summa Theologiae I II qq 26 28 These three questions reflect on the nature of love q 26 the causes of love q 27 and the effects of love q 28 It is thus an introduction to the entire phenomenon of love both as a bodily passion and an act of the will The purpose is to present the Thomistic and broadly scholastic account of human and divine love from a philosophical and theological perspective It aims to be a theological and philosophical study of the topic useful both for a graduate professional audience as part of an undergraduate or graduate course and perhaps for the educated reader The thesis of the book is that contrary to contemporary conceptions not all loves are created equal Some loves perfect us and some loves corrupt us The worth of a love depends on its object and end St Thomas thus presents an objective and teleological account of human and divine love that is of philosophical and theological interest The method is broadly exegetical presenting a careful reading of the text and supplying the philosophical and theological background which the text of Aquinas assumes The scope of the work is limited to three questions ST I II qq 26 28 References to interpretative disputes of Aquinas and references to further resources in the secondary literature will be mostly limited to the footnotes making the

body of the text accessible to more readers *Love Alone is Credible* Hans Urs von Balthasar, 2004 In this newly translated book von Balthasar delves deeper into this exploration of what love means what comprises the divine love of God and how we must become lovers of God in the footsteps of saints like Francis de Sales John of the Cross and Therese of Lisieux A Human-Shaped God Charles Halton, 2021-10-26 A Human Shaped God approaches the humanlike accounts of God in the Old Testament as the starting places for theology and uses them to build a picture of the divine This understanding of God is then brought into conversation with traditional conceptions that depict God as a being who knows everything that happens is at every place at the same time is constant and unchanging and does not ultimately have material form But instead of pitting the Old Testament's humanlike view of God against traditional theology and assuming that only one of these understandings is correct A Human Shaped God posits that theologians should embrace both of these constructions simultaneously This is a new way of theological inquiry that embraces both the humanlike characteristics of God and the transcendence of God in traditional theology By seeing and understanding the humanlike depictions of God in the Old Testament and by using the rich language of traditional theology together in tandem the reader acquires a much deeper and meaningful understanding of God *Power, Love and Evil* Wayne Cristaudo, 2008 Love and evil are real they are substances of force fields which contain us as constituent parts Of all the powers of life they are the two most pregnant without meaning hence the most generative of what is specifically human Love and evil stand in the closest relationship to each other evil is both what destroys love and what forces more love out of us it is as Augustine astutely grasped privative requiring something to negate but it is also born out of misdirected love Breaking with naive realist and post modern dogmas about the nature of the real this book provides the basis for a philosophy of generative action as it draws upon examples from philosophy literature religion and popular culture While this book has a sympathetic ear for ancient and traditional narratives about the meaning of life it offers a philosophy appropriate for our times and our crises It is particularly directed at readers who are seeking for new ways to think about our world and self making and who are as dissatisfied with post Nietzschean and post Marxian 20th century social theory as they are by more traditional philosophical and naturalistic accounts of human being Law and Love in Ovid Ioannis Ziogas, 2021-01-28 In classical scholarship the presence of legal language in love poetry is commonly interpreted as absurd and incongruous Ovid's legalisms have been described as frivolous humorous and ornamental Law and Love in Ovid challenges this wide spread but ill informed view Legal discourse in Latin love poetry is not incidental but fundamental Inspired by recent work in the interdisciplinary field of law and literature Ioannis Ziogas argues that the Roman elegiac poets point to love as the site of law's emergence The Latin elegiac poets may say make love not law but in order to make love they have to make law Drawing on Agamben Foucault and Butler Law and Love in Ovid explores the juridico discursive nature of Ovid's love poetry constructions of sovereignty imperialism authority biopolitics and the ways in which poetic diction has the force of law The book is methodologically ambitious combining legal theory with historically informed

closed readings of numerous primary sources Ziogas aims to restore Ovid to his rightful position in the history of legal humanism The Roman poet draws on a long tradition that goes back to Hesiod and Solon in which poetic justice is pitted against corrupt rulers Ovid's amatory jurisprudence is examined vis vis Paul's letter to the Romans The juridical nature of Ovid's poetry lies at the heart of his reception in the Middle Ages from Boccaccio's Decameron to Forcadell's Cupido iurisperitus The current trend to simultaneously study and marginalize legal discourse in Ovid is a modern construction that Law and Love in Ovid aims to demolish

Body as Landscape, Love as Intoxication Brian P. Gault, 2019-09-13 Explore metaphors in the exquisite and enigmatic poetry of Song of Songs One of the chief difficulties in interpreting the Song's lyrics is the unusual imagery used to depict the lovers' bodies Why is the maiden's hair compared to a flock of goats 4:1 the man's cheeks likened to garden beds of spice 5:13 and the eyes of both lovers described as doves 4:15 12 While scholars speculate on the significance of these images a systematic inquiry into the Song's body metaphors is curiously absent Based on insights from cognitive linguistics

this study incorporates biblical and comparative data to uncover the meaning of these metaphors surveying literature in the eastern Mediterranean and beyond that shares a similar form poetry and theme love Gault presents an interpretation of the Song s body imagery that sheds light on the perception of beauty in Israel and its relationship to surrounding cultures Features Exploration of the Song s use of universal themes and culturally specific variations Discussion of the Song s literary structure and unity

Costly Love John H. Armstrong,2018-06-30 John Armstrong knows from personal experience how easy it is to put too much emphasis on correct teaching in our experience of church and how easily we lose sight of the love on which Christ built his church when we do so In Costly Love Armstrong acknowledges the importance of doctrine and theological discussion in the church but he urges Christians to focus first on whether we are following Jesus new commandment to love as he loved Our actions of love will begin to bring us closer to unity with one another and with God

Persia with Love Dr. Rafie Hamidpour,2017-04-25 This account of Persian history is dedicated to the Persian people willing to sacrifice their own comfort for the greater good of their family and loved ones Throughout history the strength of mankind has been emphasized through collective culture A collective mindset and lifestyle has evolved societies to place greater emphasis on humanity and less on monetary value Since the age of industry many of these concepts have been forgotten as people strive for a different type of success Money property and material possessions have replaced the seemingly obsolescent barometers of the past The change has come from the focus of these intentions and the source of these desires Hope lies in the occurrence of the frequently documented random acts of kindness that members of society take when acts benefit the doer more than the receiver These are the ones who authenticate the human morals and ideas that mankind once thrived on and implemented

God Is Love Gerald Bray,2012-03-31 While there is no substitute for personal faithful and careful Bible reading and prayer the Bible s vast size and diversity can make distilling its truth a daunting task Thus most Christians benefit from supplemental resources to help learn and apply what Scripture teaches Renowned theologian Gerald Bray has produced just such a resource in his new systematic theology Though packed with robust content he writes about this volume the aim is to reach those who would not normally find systematic theology appealing or even comprehensible This volume is unique from others in that Bray traces the common theme of God s love through the Bible categorically from God s love for himself and his creation to the cross as the ultimate expression of God s love among other categories The centrality of God s love in Bray s theology reflects a deep conviction that the Bible shows us God for who he really is This volume will be of interest to Christians seeking to grow in their faith

The Message of Love Patrick Mitchel,2019-09-19 Love such a deceptively simple and popular little word It is universally agreed that we need love to live and flourish as human beings and yet within our contemporary culture there are numerous confusing competing and evolving ideas about what love is There are few greater subjects in Christian theology than love yet it is a surprisingly complex and challenging concept to understand let alone live out faithfully Patrick Mitchel s conviction is that Christians

need to be thinking about and practising love in compelling and authentic ways Our task is not only to articulate what love is but also to show to the world what true Christian love looks like in practice The only thing that counts is faith expressing itself through love Gal 5 6 NIV Mitchel s exposition explores love in the Old Testament how the love of God is supremely revealed in the mission and death of Jesus Christ love in the life and teaching of Jesus and the church s calling to be a community of love He helps us to grasp afresh the breadth depth scope and radically counter cultural nature of the Bible s teaching on love With a fully integrated study guide suitable for both individuals and groups The Message of Love will help you to see how the Bible s unified teaching on this vital theme can impact your life today Love and Poetry in the Middle East Atef Alshaer, 2021-12-30 Love has been an important trope in the literature of the region we now call the Middle East from ancient times to modern This book analyses love poetry in various ancient and contemporary languages of the Middle East including Akkadian ancient Egyptian Classical and Modern Standard Arabic Persian Hebrew Turkish and Kurdish including literary materials that have been discovered and highlighted for the first time Together the chapters reflect and explore the discursive evolution of the theme of love and the sensibilities styles and techniques used to convey it They chart the way in which poems in ancient poetry give way to complex and varied reflections of human sentiments in the medieval languages and on to the modern period which in turn reflects the complexities and nuances of present times Offering a snapshot of the diverse literary languages and their relationship to the theme of love the book will be of interest to scholars of Near and Middle Eastern Literature and Culture
