*If I'd never met you,  
I wouldn't feel the pain  
Of losing your sweet love;  
I wouldn't feel insane.*

*But if I'd never met you,  
I wouldn't know the pleasure  
Of ecstasy's warm gifts  
And memories to treasure.*

*Now moving on with life,  
I force a wistful grin,  
Questioning what went wrong,  
Wondering what might have been.*

image is captured there are choices for the writer to make to rhyme use a poetry form use free verse use images or develop a metaphor so that some few words will stand for something much larger in scope Other forms of poetry are song lyrics Rap and spoken poetry These all have in common the idea of combining rhythm and words These are even more special talents to do blend music and or rhythms into poetry Read How to Write a Love Poem Today *The Erotic Word* David M.

Between Hebrew and Arabic Poetry Yosef Tobi,2010-07-14 The book includes sixteen studies about medieval Hebrew poetry compared with Arabic poetry It is well known that since the tenth century medieval Hebrew poets took Arabic poetry as the ultimate paradigm in terms of prosody language purism and rhetorical devices and even in regard to poetical genres However the concept unifying all studies in this book is that a comparative examination must consider not only the identical elements in which Hebrew poetry borrowed from the Arabic one but also what is much more significant what Hebrew poetry stubbornly set itself at a distance from Arabic poetry The conclusive result of this sort of examination is that Hebrew poetry combined selectively borrowed Arabic poetical values with traditional ethical Jewish values to create a distinctive poetical school

*The Writing of Yehuda Amichai* Glenda Abramson,2012-02-01 Yehuda Amichai is an Israeli poet of international distinction Known as Israel s master poet Amichai conveys a portrait of life in modern Israel summarizing and reflecting all the major preoccupations of his generation Unlike most of his Israeli contemporaries he explores the alteration of Jewish perspectives the loss of religious orthodoxy and the nature of Jewish identity in the mid 20th century He illuminates the dislocation of Jewish life after the Holocaust and the dilemma of response on the part of young

Israelis His poetic language is rich in figuration and laced with quotations from classical Jewish texts which he manipulates into ironic discourse with the problems of the present Echoing the 17th century metaphysical poets Amichai's writing reveals a tussle between physical love and spirituality its tension lies in his failure to synthesize both in religious faith Abramson presents a detailed critical description and thematic analysis of Amichai's work with reference to the historical background from which it has emerged The problems of an emerging national culture are seen subjectively through the eyes of one of its most sensitive and perceptive literary observers The Poetry of Raymond Carver Sandra Lee Kleppe, 2016-02-24 Best known as one of the great short story writers of the twentieth century Raymond Carver also published several volumes of poetry and considered himself as much a poet as a fiction writer Sandra Lee Kleppe combines comparative analysis with an in depth examination of Carver's poems making a case for the quality of Carver's poetic output and showing the central role Carver's pursuit of poetry played in his career as a writer Carver constructed his own organic literary system of autopoetics a concept connected to a paradigm shift in our understanding of the inter relatedness of biological and cultural systems This idea is seen as informing Carver's entire production and a distinguishing feature of Kleppe's book is its contextualization of Carver's poetry within the complex literary and scientific systems that influenced his development as a writer Kleppe addresses the common themes and intertextual links between Carver's poetry and short story careers situates Carver's poetry within the love poem tradition explores the connections between neurology and poetic memories and examines Carver's use of the elegy genre within the context of his terminal illness Tellingly Carver's poetry which has aroused slight interest among literary scholars is frequently taught to medical students This testimony to the interdisciplinary implications of Carver's work suggests the appropriateness of Kleppe's culminating discussion of Carver's work as a bridge between the fields of literature and medicine **A German and English Dictionary** Karl Breul, 1906 **Fictions of Masculinity** Peter F. Murphy, 1994-07 We are just beginning to understand masculinity as a fiction or a localizable historical and therefore unstable construct This book points the way to a much needed interrogation of the many modes of masculinity as represented in literature Both women and men who are engaged in critical thinking about genders and sexualities will find these essays always thoughtful and often provocative Thas E Morgan Associate Professor of English Arizona State University Peter Murphy has assembled an innovative challenging and important set of contributions to a growing field of inquiry into constructions of masculinities in literature inspired principally by feminist and gay studies Illuminatingly crossing lines of genders sexualities cultures and methodologies *Fictions of Masculinity* greatly advances our understanding of representations of men masculinities misandry and misogyny in a wide range of literary works and genres and helps us to imagine and thereby ultimately bring about alternative constructions Harry Brod Editor *The Making of Masculinities* *The New Men's Studies* A Mensch Among Men Explorations in Jewish Masculinity and Theorizing Masculinities Women writing about women dominates contemporary work on sexuality Men have been far more willing to discuss female sexuality than

male sexuality while the most radical and insightful analyses of male sexuality have come from women When men consider the issue of female sexuality they often speak from assumptions of security about their own unexamined sexuality This book maintains that men have to interrogate their own sexuality if there is to be a revision of phallogentric discourse and that this revision of masculinity must be done in dialogue with women The essays included in this collection examine the deep structure of masculine codes They ask the question Who are the men in modern literature Examining the force of the dominant values of Western masculinity they synthesize insights from feminism psychoanalysis post structuralism and new historicism These perspectives help explain how male sexuality has been structured by fictional representations By examining the images of masculinity in modern literature the essays explore traditional and non traditional roles of men in society and in personal relationships They look at how men are represented in literature the fiction of manhood They attempt to unravel the assumptions behind these representations by looking at the implications of this imagination And they speculate on possibilities for creating a new imaginary of masculinity by identifying what literature has to say about that change With analyses of a range of genres novels poetry plays and autobiography Western and Third World literatures and theoretical perspectives *Fictions of Masculinity* provides a significant contribution to this rapidly growing field of study Contributors are David Bergman Towson State University Miriam Cooke Duke University Martin Danahy Emory University Richard Dellamora Trent University Ontario Leonard Duroche University of Minnesota Jim Elledge Illinois State University Alfred Habegger University of Kansas Suzanne Kehde California Polytechnic University San Luis Obispo David Leverenz University of Florida Christopher Metress Wake Forest University Peter F Murphy SUNY Empire State College Rafael Prez Torres University of Pennsylvania David Radavich Eastern Illinois University and Peter Schwenger St Vincent University Nova Scotia

*Kāvya in South India* Herman Tieken, 2021-12-28 Old Tamil Ca kam poetry consists of eight anthologies of short poems on love and war and a treatise on grammar and poetics The main part of this corpus has generally been dated to the first centuries AD and is believed to be the product of a native Tamil culture The present study argues that the poems do not describe a contemporary society but a society from the past or one not yet affected by North Indian Sanskrit culture Consequently the main argument for the current early dating of Ca kam poetry is no longer valid Furthermore on the basis of a study of the historical setting of the heroic poems and of the role of Tamil as a literary language in the Ca kam corpus it is argued that the poetic tradition was developed by the P iyas in the ninth or tenth century This volume deals with the identification of the various genres of Ca kam poetry with literary types from the Sanskrit K vya tradition Counterparts have been found exclusively among Pr krit and Apabhraṃśa texts which indicate that in Ca kam poetry Tamil has been specifically assigned the role of a Pr krit As such the present study reveals the processes and attitudes involved in the development of a vernacular language into a literary idiom
