Stafford, 2011-09-10 I have developed a super easy highly effective and instant results thought system called ThinkHappy ThinkHappy is based on thought technology the sacred teachings of the Pauline writings and based on the very fabric of our biological makeup known as neural networks or as I call it memory mapping that perform specific jobs Neural networks are neurons that associate or connect to each other

Connections are known as synapses or as I like to think of them behavioral buttons with the primary function of transmitting information signals Our memory mapping and behavioral buttons are key components of a two part system the central nervous system and the peripheral nervous system which controls behavior I call this two part system the habit habitat The Habit Habitat houses patterns and routines ThinkHappy is designed to re script reprogram and reverse negative patterns and routines within the habit habitat with positive scripts and programming by rehearsing beneficial behavior instead of detrimental behavior It incorporates the science and mechanics of happiness along with affirmations meditations life scenarios and benefits that allows a person to go on a mental journey of celebrating who they are in their thought life When this is successful one can manifest that very same celebration in their day to day life The fantastic aspect of ThinkHappy is that there are Nine Thought Paths to Happiness which a person can venture all nine daily Depending on preference you can also venture in a thought path per day for a series of nine days or a thought path per week for a series of nine weeks or even a thought path per month for a series of nine months Not only is ThinkHappy accessible it s time efficient requiring only nine minutes of reflection per day That s only fifty six minutes per week and three and a half hours per month ThinkHappy is uniquely designed with each short version affirmation to be repeated nine times for maximum results The number nine is the special key in this thought system as it symbolizes achievement in numerology The Nine Thought Paths to Happiness are Love Belief Truth Worth Good Inspiration Health Wealth and BIG No longer will people be able to push the right buttons to set you off in a negative way ThinkHappy targets your trigger buttons those negative behavioral buttons by simply asking you to ask yourself what are the things you can do to make yourself and others happier This is a simple but successful exercise that allows you to construct your habitat with nine transforming habits that over time will hardwire into your system becoming automatic day in and day out

Love Is Kim Sorrelle, 2021-12-07 Engage with a love that transcends social experiments and leads to a radically transformed life Even non Christians are familiar with the Love Chapter of 1 Corinthians read at weddings painted on decorative signs and preached regularly from the pulpit Love is patient love is kind love is The words are so familiar they almost lack meaning a Christianese version of live laugh love But what happens when these verses are taken seriously What would it take for someone to live out the Love Chapter as literally as possible That was the question Kim Sorrelle set out to answer during her yearlong experiment Using 1 Corinthians 13 as a road map she focused on one phrase at a time seeking to understand its true meaning and how it could motivate every daily action And she didn't just look at the best known parts of the passage but also the parts we don't think too deeply about love does not boast does not dishonor others doesn't keep a record of wrongs and more In her attempts to live the Love Chapter to the letter Kim journeyed all the way to Haiti where she met people who both tested and displayed love to its limits From irritating employees to sexist short term missionaries to curse wielding women to the profoundly kind nuns her encounters are filled with rueful self reflection and comical commentary as well as a new understanding of the nuances and power of true love in action Kim's transformation into someone who truly loves like Jesus will challenge readers to think more deeply about how they can manifest love in their own lives and will reveal the power of Christlike devotion that is unwearied and humble contented and forgiving Above all her exploration is an incredible encounter with the filling strengthening love of God a love that truly never fails
