The Plays of Henry Fielding Albert J. Rivero, 1989 Henry Fielding was one of the most interesting playwrights of his time because of his historical position similar to that of George Bernard Shaw and his awareness of what it meant to be a playwright at a time when the native dramatic tradition appeared to have settled down for a long sleep and when the only hope for an awakening lay in such low crowd pleasers as farces puppet shows laughing tragedies and ballad operas By focusing on the plays themselves Rivero tells the story of Fielding s dramatic career without burdening the reader with an exhaustive history of contemporary plays and playwrights He provides us with a clear critical account of Fielding s dramatic career in terms of trends in contemporary dramatic affairs that help to account for his artistic choices in individual plays

now being richly rewarded with the position of London's Chief Magistrate Fielding continued to write and his career both literary and professional continued to climb In 1749 he joined with his younger half brother John to help found what was the nascent forerunner to a London police force the Bow Street Runners Fielding's ardent commitment to the cause of justice in the 1750s unfortunately coincided with a rapid deterioration in his health Such was his decline that in the summer of 1754 he travelled with Mary and his daughter to Portugal in search of a cure Gout asthma dropsy and other afflictions forced him to use crutches His health continued to fail alarmingly Henry Fielding died in Lisbon two months later on October 8th 1754
