Religion and the Subtle Body in Asia and the West Geoffrey Samuel,Jay Johnston,2013-04-12 Subtle body practices are found particularly in Indian Indo Tibetan and East Asian societies but have become increasingly familiar in Western societies especially through the various healing and yogic techniques and exercises associated with them This book explores subtle body practices from a variety of perspectives and includes both studies of these practices in Asian and Western

contexts The book discusses how subtle body practices assume a quasi material level of human existence that is intermediate between conventional concepts of body and mind Often this level is conceived of in terms of an invisible structure of channels associated with the human body through which flows of quasi material substance take place Contributors look at how subtle body concepts form the basic explanatory structure for a wide range of practices These include forms of healing modes of exercise and martial arts as well as religious practices aimed at the refinement and transformation of the human mindbody complex By highlighting how subtle body practices of many kinds have been introduced into Western societies in recent years the book explores the possibilities for new models of understanding which these concepts open up It is a useful contribution to studies on Asian Religion and Philosophy

Custodians Of Truth Tim Wallace-Murphy, Marilyn Hopkins, 2025-09-12 A curious thing happened to Tim Wallace Murphy and Marilyn Hopkins when they published *Rex Deus* their first book on the bloodline of Christ they were contacted by a man from the very lineage they were studying And instead of denying the existence of the bloodline or berating them for revealing secrets he actually confirmed that the *Rex Deus* lineage exists and even disclosed some of its fundamental secrets The story of the *Rex Deus* families direct descendents of Christ who is believed to have survived the crucifixion turns out to be much more extensive than the authors first thought Instead of beginning during the time of Jesus it stretches far back into antiquity to the

Egyptian Mystery Schools Instead of being only a propagation of the holy bloodline the Rex Deus families are also carriers of the secret teachings of Jesus Custodians of Truth reveals the purpose and secrets of the Rex Deus lineage Jesus was not only a holy man but an adept of ancient knowledge which informed his own teachings This secret knowledge was suppressed by the Church in their voracious quest for power and influence in the secular world These teachings have manifested throughout history in different forms Gnostic philosophy around the time of Jesus the Order of the Knights Templar Freemasons and the current resurgence of interest in New Age thought Finally the time is right for the hidden message of Jesus to be revealed a message of tolerance brotherhood and respect for nature The next chapter in the legend of the Holy Grail and the bloodline of Christ from the best selling authors of Rosslyn *What Inspirational Literature Do I Read Next?* Pamela Willwerth Aue, Henry L. Carrigan (Jr), 1999-08-31 Religiously inspired novels inspirational writings and biographical works on people who are models for spiritual growth are among the recommendations found in this reference
