Love Songs & Lullabies ,2002 This beautiful album matching collection highlights Brickman s lyrical piano arrangements and also showcases his vocal melodies as well as those of guest artists All 4 One Jane Krakowski and Amy Sky Titles are Prelude Little Stars Love Never Fails Shades of White Above the Clouds Night Prayer I See the Moon Dreamland Safe and Sound Beautiful as U Course of Love You **Sinead O'Connor's Universal Mother** Adele Bertei,2025-02-06 With

Universal Mother Sinead O Connor explores childhood trauma and her experiences as a woman mother target of scorn and ultimate phoenix Released in the winter of 1994 Universal Mother was the first recorded work from O Connor since her duo of protests in 1992 Saturday Night Live Madison Square Garden The sadistic blowback she faced for publicly outing the child abuse of the Catholic Church and its cover up would have destroyed most Where Sinead might go next or if she d ever record again was the question It s a testament to her integrity and extraordinary courage that she was able to resurrect with this extraordinary album The album takes us on a deeply personal yet universal journey of womanhood from the archetypal bad mother to the good and the kind A feminist statement from Germaine Greer sets the tone followed by O Connor letting loose a storm of rage against her abusive mother in Fire on Bablyon a salvo so explosive it need not be repeated Other than a song called Red Football and a call out of the truth behind the Irish potato famine O Connor is not interested in rage or revenge With Universal Mother she offers us a tender evocative collection of grief and empathy in song Her miraculous voice is the vessel the broken sacred voice of Mother Ireland **Back to the Present: Forward to the Past, Volume I** ,2006-01-01

Art Song in the United States, 1759-1999 Judith E. Carman, William K. Gaeddert, Rita M. Resch, 2001-12-04 Originally created as a teaching tool this bibliography has taken on a second life as a research tool for various facets of American art song including in this edition both current and historical discography *Folksingers and Folksongs in America* Ray McKinley Lawless, 1965 **Catalog of Copyright Entries** Library of Congress. Copyright Office, 1970 *A Book of Ballads, Songs, and Snatches* Haig Shekerjian, 1966 Includes songs from thirty six countries all over the world **Catalog** Sears, Roebuck and Company, 1928 *The Ballad in American Popular Music* David Metzer, 2017-09-21 While ballads have been a cornerstone of popular music for decades this is the first book to explore the history and appeal of these treasured songs David Metzer investigates how and why the styles of ballads have changed over a period of more than seventy years offering a definition of the genre and discussing the influences of celebrated performers including Frank Sinatra Aretha Franklin and Whitney Houston The emotional power of the ballad is strongly linked to the popular mood of the time and consequently songs can tell us much about how events and emotions were felt and understood in wider culture at specific moments of recent American history Tracing both the emotional and stylistic developments of the genre from the 1950s to the present day this lively and engaging volume is as much a musical history as it is a history of emotional life in America **Children's Literature** Barbara Stoodt, 1996 **Musical Observer**, 1922 *The Diapason* Siegfried Emanuel Gruenstein, 1918 Includes music **Catalog of Copyright Entries, Third Series**, 1963 The record of each copyright registration listed in the Catalog includes a description of the work copyrighted and data relating to the copyright claim the name of the copyright claimant as given in the application for registration the copyright date the copyright registration number etc **The Song Remains the Same** Andrew Ford, Anni Heino, 2019-12-02 An illuminating history of the song for every kind of music lover Often today the word song is used to describe all music A free jazz improvisation a Hindustani raga a movement from a Beethoven symphony apparently they re all songs But they re not From Sia to Springsteen Archie Roach to Amy Winehouse a song is a specific musical form It s not so much that they all have verses and choruses though most of them do but that they are all relatively short and self contained they have beginnings middles and ends they often have a single point of view message or story and crucially they unite words and music Thus a Schubert song has more in common with a track by Joni Mitchell or Rihanna than with one of Schubert s own symphonies The Song Remains the Same traces these connections through seventy five songs from different cultures and times love songs anthems protest songs lullabies folk songs jazz standards lieder and pop hits When You Wish Upon a Star to We Will Rock You Jerusalem to Jolene Unpicking their inner workings makes familiar songs strange again explaining and restoring

the wonder joy or possibly loathing the reader experienced on first hearing As much about singing musicianship and recording as it is about songwriting this eclectic ride through a unique choice of songs everyone will argue for alternatives is cleverly curated and littered with intriguing details about the creators and their times filled with loving cross references to other songs and deft musical analysis I defy anyone not to leap online to listen to the unfamiliar or re listen to old favourites in light of new detail One of the best games in this book is figuring out why one song follows the other there s always an intelligent often very funny link Robyn Archer **The Songs of Max Reger** Richard Mercier,Donald Nold,2008-04-22 This significant volume is the first to present in detail the entire prolific vocal repertoire of the late Romantic German composer Max Reger The Songs of Max Reger A Guide and Study begins with a brief introduction discussing the development of German Lied then journeys through this creative composer s works for voice and piano With many musical examples Richard Mercier and Donald Nold present a survey and discussion of Reger s lifetime of song output The book proceeds through the songs chronologically by opus number discussing each individually All entries include details pertinent to the song s particular poem its musical setting the date of musical composition the vocal range required and discussion of specific vocal and pianistic features The text also provides the original German poem word for word English translation of the German text IPA International Phonetic Alphabet pronunciation symbols for the German and a prose version of the poetic text in English for better appreciation of the piece An index and two appendixes complete this important reference arranging the songs by title and poet and supplying information on vocal range level of difficulty and gender Designed for the classical vocal music enthusiast and invaluable to the singer and vocal coach this book commemorating the 135th anniversary of the composer s birth will also appeal to accompanists Reger scholars and lovers of German Lieder and German art and culture *Journal of the International Folk Music Council* ,1966 *Opus* ,1991 **The Musician** ,1903
