Near Eastern Culture Society:

Near Eastern Culture and Society Theodore Cuyler Young, 2017-03-14 Eleven scholars present a broad survey of Arabic Islamic culture and society in the Near East Art literature science philosophy religion politics international relations and social problems are considered Originally published in 1966 The Princeton Legacy Library uses the latest print on demand technology to again make available previously out of print books from the distinguished backlist of Princeton University Press These editions preserve the original texts of these important books while presenting them in durable paperback and hardcover editions The goal of the Princeton Legacy Library is to vastly increase access to the rich scholarly heritage found in the thousands of books published by Princeton University Press since its founding in 1905 Near Eastern Culture and Society Theodore Cuyler Young, 1951 Ancient Near Eastern History and Culture William H. Stiebing Jr., 2016-07 This introduction to the Ancient Near East includes coverage of Egypt and a balance of political social and cultural coverage Organized by the periods kingdoms and empires generally used in Near Eastern political history the text interlaces social and cultural history with the political narrative This combination allows students to get a rounded introduction to the subject of Ancient Near Eastern history An emphasis on problems and areas of uncertainty helps students understand how evidence is used to create interpretations and allows them to realize that several different interpretations of the same evidence are possible This introduction to the Ancient Near East includes coverage of Egypt and a balance of political social and cultural coverage **Music in Religious Cults of the Ancient Near East** John Arthur Smith, 2020-11-09 Music in Religious Cults of the Ancient Near East presents the first extended discussion of the relationship between music and cultic worship in ancient western Asia The book covers ancient Israel and Judah the Levant Anatolia Mesopotamia Elam and ancient Egypt focusing on the period from approximately 3000 BCE to around 586 BCE This wide ranging book brings together insights from ancient archaeological iconographic written and musical sources as well as from modern scholarship Through careful analysis comparison and evaluation of those sources the author builds a picture of a world where religious culture was predominant and where music was intrinsic to common cultic activity Stone Vessels in the Near East during the Iron Age and the Persian Period Andrea Squitieri, 2017-03-13 This book focuses on the characteristics and the development of the stone vessel industry in the Near East during the Iron Age and the Persian period c 1200 330 BCE *Near Eastern Tribal Societies During the Nineteenth Century* Eveline van der Steen, 2014-10-14 This volume provides an in depth study of tribal life in the Near East in the 19th century exploring how tribes shaped society economy and politics in the desert as well as in villages and towns Until the First World War Near Eastern society was tribally organized Particularly in the Levant and the Arabian peninsula where the Ottoman empire was weak large and powerful tribes such as Anaze Beni Sakhr and Shammar interacted and competed for control of the land the people and the economy The main sources for this study are travel accounts of 19th century adventurers and explorers Their travels on horseback on camel or on foot opened a fascinating

window on a world with an ideology that was fundamentally different from their own often Victorian background One chapter is dedicated to oral traditions in the region from heroic epics to short poems which lets the tribes and tribe members themselves speak giving a voice to the tribal frame of mind Evidence of tribal organization as a driving force in society can be found in documents and sometimes in the archaeological record from the Bronze Age onwards While a straight comparison between ancient and subrecent tribal communities is fraught with difficulties and must be treated with caution a better understanding of 19th century tribal ethics and customs provides useful insights into the history and the power relations of a more distant past At the same time it may help us understand some of the underlying causes for the present conflicts afflicting the region *Readings in Arab Middle Eastern Societies and Cultures* Abdulla M. Lutfiyya, Charles W. Churchill, 2012-02-13 No detailed description available for Readings in Arab Middle Eastern Societies and Cultures

Bronze Age Tell Communities in Context: An Exploration Into Culture, Society and the Study of European Prehistory. Part 1 Tobias L. Kienlin, 2015-07-31 This study challenges current modelling of Bronze Age tell communities in the Carpathian Basin in terms of the evolution of functionally differentiated hierarchical or proto urban society under the influence of Mediterranean palatial centres **Bibliography of Art and Architecture in the Islamic World (2 vols.)**

Susan Sinclair, 2012-04-03 Following the tradition and style of the acclaimed Index Islamicus the editors have created this new Bibliography of Art and Architecture in the Islamic World The editors have surveyed and annotated a wide range of books and articles from collected volumes and journals published in all European languages except Turkish between 1906 and 2011 This comprehensive bibliography is an indispensable tool for everyone involved in the study of material culture in Muslim societies **Female Agency in Manuscript Cultures** Eike Grossmann, 2024-06-17 Manuscript cultures have frequently forgotten neglected or even erased women s contributions from memory Women s agency has also been a glaring blind spot in the scholarly pursuit of gender perspectives on the production of written artefacts This volume addresses these lacunae by highlighting manuscripts and inscriptions by and for women their active participation and enabling sponsorship and their role in the circulation and dissemination of written artefacts Seven papers present case studies from East Asian inscriptions to ancient cuneiform epigraphic Egyptian graffiti from late antiquity to individual specimen and large scale collections in medieval Europe focusing on how women participated in and contributed to those How did they assert their involvement their claims and their aspirations By what rationales and mechanisms were they excluded or their contribution marginalised How did they react to structures that discriminated against them eventually circumventing subverting and transforming them The present volume sheds light on new findings gives unique insights and discusses methodological considerations in the budding field of women s manuscript studies Unpublished Research on Near East Completed and in Progress, 1953

Wiesner-Hanks, Joe Perry, 2011-08-02 Based on the highly successful A History of Western Society Understanding Western Society A Brief History captures students interest in the everyday life of the past and ties social history to the broad sweep of politics and culture Abridged by 30% the narrative is paired with innovative pedagogy designed to help students focus on significant developments as they read and review An innovative three step end of Chapter study guide helps students master key facts and move toward synthesis

The

Hebrew Bible Norman K. Gottwald, 2008-10-28 A landmark textbook made accessible for the beginning college student Thoroughly updated charts and graphs reflection guides and study questions Richly illustrated with maps and photographs Companion Web site features professor and student friendly resources *Jesus and Gospel Traditions in Bilingual Context* Sang-Il Lee, 2012-04-26 Most historical Jesus and Gospel scholars have supposed three hypotheses of unidirectionality geographically the more Judaeo Palestinian the earlier modally the more oral the earlier and linguistically the more Aramaized the earlier These are based on the chronological assumption of the earlier the more original These four long held hypotheses have been applied as authenticity criteria However this book proposes that linguistic milieus of 1st century Palestine and the Roman Near East were bilingual in Greek and vernacular languages and that the earliest church in Jerusalem was a bilingual Christian community The study of bilingualism blurs the lines between each of the temporal dichotomies The bilingual approach undermines unidirectional assumptions prevalent among Gospels and Acts scholarship with regard to the major issues of source criticism textual criticism form criticism redaction criticism literary criticism the Synoptic Problem the Historical Jesus provenances of the Gospels and Acts the development of Christological titles and the development of early Christianity There is a need for New Testament studies to rethink the major issues from the perspective of the interdirectionality theory based on bilingualism *Europe & The Near East: The Presence And Absence Of Metals* Professor Jack R. Goody, 2012-01-01 Europe and the Near East The Presence and Absence of Metals queries the assumption of the earlier advantage of the West in attaining industrialization Professor Goody contends that the Near East an area which includes the Middle East started what archaeologists call civilization with the Bronze Age developing its own renaissance and extension of trade influencing Europe However it was always handicapped by the absence of iron and coal And it was the plentiful exploitation of these in Britain with the help of German metallurgists that made way for the industrial revolution in Europe rather than any Protestant ethic which represents a Europeanist point of view **Writing and Rewriting the Story of Solomon in Ancient Israel** Isaac Kalimi, 2018-11-29 Solomon's image as a wise king and the founder of Jerusalem Temple has become a fixture of Jewish Christian and Islamic literature Yet there are essential differences between the portraits of Solomon that are presented in the Hebrew Bible In this volume Isaac Kalimi explores these differences which reflect divergent historical contexts theological and didactic concepts stylistic and literary techniques and compositional methods among the biblical historians He highlights the uniqueness of each portrayal of Solomon his character birth early life ascension and temple building through a close comparison of the early and late biblical historiographies Whereas the authors of Samuel Kings stay closely to their sources and offer an apology for Solomon's kingship including its more questionable aspects the Chronicler freely rewrites his sources in order to present the life of Solomon as he wished it to be The volume will serve scholars and students seeking to understand biblical texts within their ancient Near Eastern contexts

Women in the Middle East Nikki R. Keddie, 2012-08-09 Written by a pioneer in the field of Middle Eastern women's

history Women in the Middle East is a concise comprehensive and authoritative history of the lives of the region's women since the rise of Islam Nikki Keddie shows why hostile or apologetic responses are completely inadequate to the diversity and richness of the lives of Middle Eastern women and she provides a unique overview of their past and rapidly changing present The book also includes a brief autobiography that recounts Keddie's political activism as one of the first women in Middle East Studies Positioning women within their individual economic situations identities families and geographies Women in the Middle East examines the experiences of women in the Ottoman Empire and Turkey in Iran and in all the Arab countries Keddie discusses the interaction of a changing Islam with political cultural and socioeconomic developments In doing so she shows that like other major religions Islam incorporated ideas and practices of male superiority but also provoked challenges to them Keddie breaks with notions of Middle Eastern women as faceless victims and assesses their involvement in the rise of modern nationalist socialist and Islamist movements While acknowledging that conservative trends are strong she notes that there have been significant improvements in Middle Eastern women's suffrage education marital choice and health
