Painter Among Poets The Collaborative Art Of George Schneeman:

Painter Among Poets George Schneeman, 2004 A retrospective collection of art works created by Schneeman in collaboration with several poet friends over a span of thirty five years **The Collaborative Artist's Book** Alexandra J. Gold, 2023-06-08 35th Modern Language Association Prize for Contingent Faculty and Independent Scholars Honorable Mention The Collaborative Artist's Book offers a rare glimpse into collaborations between poets and painters from 1945 to the present and highlights how the artist's book became a critical form for experimental American artists in the twentieth and twenty first centuries Alexandra Gold provides a broad overview of the artist's book form and the many ongoing debates and challenges from the disciplinary to the institutional that these forms continue to pose Gold presents five case studies and details not only how each individual collaboration came to be but how all five together engage and challenge conventional ideals about art subjectivity poetry and interpersonal relations as well as complex social questions related to gender and race Taking several of these books out of special collections libraries and museum archives and making them available to a broad readership Gold brings to light a whole genre that has been largely forgotten or neglected **Encyclopedia of the New York School Poets** Terence Diggory, 2015-04-22 Presents an alphabetical reference guide detailing the lives and works of poets associated with the New York Schools of the early twentieth century *Also a Poet* Ada Calhoun, 2022-06-14 A staggering memoir from New York Times bestselling author Ada Calhoun tracing her fraught relationship with her father and their shared obsession with a great poet When Ada Calhoun stumbled upon old cassette tapes of interviews her father celebrated art critic Peter Schjeldahl had conducted for his never completed biography of poet Frank O'Hara she set out to finish the book her father had started forty years earlier As a lifelong O'Hara fan who grew up amid his bohemian cohort in the East Village Calhoun thought the project would be easy even fun but the deeper she dove the more she had to face not just O'Hara's past but also her father's and her own The result is a groundbreaking and kaleidoscopic memoir that weaves compelling literary history with a moving honest and tender story of a complicated father daughter bond *Also a Poet* explores what happens when we want to do better than our parents yet fear what that might cost us when we seek their approval yet mistrust it In reckoning with her unique heritage as well as providing new insights into the life of one of our most important poets Calhoun offers a brave and hopeful meditation on parents and children artistic ambition and the complexities of what we leave behind **The New American Poetry** John R. Woznicki, 2013-12-24 The New American Poetry Fifty Years Later is a collection of critical essays on Donald Allen's 1960 seminal anthology The New American Poetry an anthology that Marjorie Perloff once called the fountainhead of radical American poetics The New American Poetry is referred to in every literary history of post World War II American poetry Allen's anthology has reached its fiftieth anniversary providing a unique time for reflection and reevaluation of this preeminent collection As we know Allen's anthology was groundbreaking it was the first to distribute widely the poetry and theoretical positions of poets such as Charles Olson Allen Ginsberg and the Beats and

it was the first to categorize these poets by the schools Black Mountain New York School San Francisco Renaissance and the Beats by which they are known today Over the course of fifty years this categorization of poets into schools has become one of the major if not only way that The New American Poetry is remembered or valued one certain goal of this volume as one reviewer invites is to pry The New American Poetry out from the hoary platitudes that have encrusted it To this point critics mostly have examined The New American Poetry as an anthology former treatments of The New American Poetry look at it intently as a whole Though the almost singularly focused study of its construction and less often reception has lent a great deal of documented highly visible and debated material in which to consider we have been left with certain notions about its relevance that have become imbued ultimately in the collective critical consciousness of postmodernity This volume however goes beyond the analysis of construction and reception and achieves something distinctive extending those former treatments by treading on the paths they create This volume aims to discover another sense of radical that Perloff articulated rather than a radical that departs markedly from the usual we invite consideration of The New American Poetry that is radical in the sense of root of harboring something fundamental something inherent as we uncover and trace further elements correlated with its widespread influence over the last fifty years

New York School Collaborations M. Silverberg, 2013-06-05 Ranging from conceptual theater to visual poetry the New York School explored the possibilities of collaboration like no other group of American poets New York School Collaborations gathers essays from a diverse group of scholars on the alliances and artistic co productions of New York School poets painters musicians and film makers
