Craig, 2017-06-26 This book analyses US and UK efforts to shut down Pakistan's nuclear programme in the 1970s between the catalytic Indian nuclear test of May 1974 and the decline of sustained non proliferation activity from mid 1979 onwards It is a tale of cooperation between Washington and London but also a story of divisions and disputes The brutal economic realities of the decade globalisation and wider geopolitical challenges all complicated this relationship Policy and action were also affected by changes elsewhere in the world Iran's 1979 revolution brought a new form of political Islamic radicalism to prominence The fears engendered by the Ayatollah and his followers coupled to the blustering rhetoric of Pakistani leaders gave rise to the Islamic bomb a nuclear weapon supposedly created by Pakistan to be shared amongst the Muslim ummah This study thus combines cultural diplomatic economic and political history to offer a rigorous deeply researched account of a critical moment in nuclear history **The Military Factor in Pakistan** Ravi Shekhar Narain Singh Singh, 2008 Pakistan's politics governance institutional capacities internal and external security and the nation building process are at a critical juncture The stance of the military thus will be a critical factor in determining the future course of Pakistan Under the prevailing scenario in the country any elected government would need to reestablish the viability and vitality of the state Should it fail the army would be compelled to intervene to save the country from falling apart For an objective and in depth analysis as to how Pakistan has arrived at this critical juncture it is important to delve into the personalities and processes that have shaped the destiny of the country The future of Pakistan is dependent on the flux and interplay of the internal and external processes and compulsions This book therefore traces the military underpinnings in the political geopolitical strategic economic religious sociological and sectarian journey that Pakistan has made over the last sixty years **US-Pakistan Relationship** A.Z. Hilali, 2017-07-05 Hilali provides an excellent study into the US Pakistan partnership under the Reagan administration The book explores the causes of Pakistan's involvement in the Afghanistan war and the United States support to prevent Soviet adventurism It shows that Pakistan was the principal channel through which assistance was provided to Afghan freedom fighters it also provided access to its military bases to use against the Soviet Union The study looks at the consequences of the war on Pakistan and explains how it became enmeshed within its domestic politics Furthermore it evaluates the role of Pakistan as a key partner in the global coalition against terrorism and discusses how General Pervez Musharraf brought about Pakistan's development towards a progressive moderate and democratic society Ideally suited to courses on foreign policy India-Iran Relations Sujata Ashwarya, 2017-04-21 This book examines India's relationship with Iran since the post World War II period and its unique search for meaningful bilateral ties in the West Asian region The chapters highlight the achievements and constraints on the development of Indo Iranian relations during the Cold War era the bilateral engagements between India and Iran in the aftermath of the Cold War impact of the US factor on the development of crucial Indo Iranian energy ties and the limitation imposed by India's relations with Israel and
