The Palace of Dreams Ismail Kadare, 1998 When it was first published in the author's native country THE PALACE OF DREAMS was immediately banned The novel revolves around a secret ministry whose task is not just to spy on its citizens but to collect and interpret their dreams An entire nation's unconscious is thus tapped and meticulously laid bare in the form of images and symbols of the dreaming mind

**The Palace of Dreams** Ismail Kadare, 2014-04-15 The mysterious palace of dreams stands at the heart of a vast empire Inside workers sift sort and interpret the dreams the empire's citizens They search out Master Dreams that will provide clues to the destiny of the empire and its Sultan Mark Alem scion of a noble family that has provided viziers to the Sultan from time immemorial and whose power the Sultan distrusts is recruited into the palace of Dreams at the humblest level He immediately feels the terrible pressure that drives his coworkers the dread of overlooking a crucial dream whose capture and interpretation might avert political disaster But he rapidly rises through the hierarchy only barely finding his bearings in one section of the Palace's labyrinthine passages that represent the entire empire's consciousness laid bare before he is promoted to another And the pressure only increases as he becomes familiar with the fates of subversive dreamers and personally responsible for the sort of dreams that might ruin an entire family A family like his own Skyhorse Publishing as well as our Arcade Yucca and Good Books imprints are proud to publish a broad range of books for readers interested in fiction novels novellas political and medical thrillers comedy satire historical fiction romance erotic and love stories mystery classic literature folklore and mythology literary classics including Shakespeare Dumas Wilde Cather and much more While not every title we publish becomes a New York Times bestseller or a national bestseller we are committed to books on subjects that are sometimes overlooked and to authors whose work might not otherwise find a home

*Re-Entering Old Spaces* Aleksandra Nikcevic-Batricevic, 2016-05-11 This book is a product of the XI International Conference on English Language and Literary Studies held in Montenegro in 2014 The old spaces were taken as a metaphorical tool for reintroducing a wide range of established topics with new approaches Space was thus understood as physical mechanical continuous linear as measurable and symbolic as subjective and relational and as aesthetic It was found on maps in architecture on theatre stages in books in hearts in one's identity in time and in theses and theories from the Aristotelian topos to Einstein's construct of space time Therefore the means of travel to these spaces and the forms the journeys take are also multifarious However so are the discursive strategies and their limitations when it comes to presenting

the journeys and their destinations The contributors to this volume represent a range of nationalities and present research that either follows in the footsteps of other authors in a literal or secondary literary journey to real geographical places or observes the universal literary and old theoretical issues through new critical lenses Indeed they are often on both roads witnessing how inextricable human efforts are to finding identifying and aestheticising oneself in relation to a particular space Their contributions to this book expose how spaces were created and recreated through writing and symbolical representations in general They also show how the images of these spaces have been changing in consent to the intentions of their visitors and reveal that persistent and obstinate moment in a space that despite or in spite of changing perspectives itself refuses to be changed The book will encourage for further contributions to this expanding field in the humanities In their numerous and distinct ways the contributions to this particular book maintain that understanding how spaces are conceived and conceptualised is of pronounced importance in the globalized world in which cultures are gradually losing authenticities while their spaces geographical tourist spiritual literary aesthetic are as reflective of the visitors as they are of the hosts

**On Histories and Stories** A. S. Byatt, 2001-03-10 The interplay between fiction and history forms the core of Byatt's essays as she explores historical storytelling and the translation of historical fact into fiction

**Ismail Kadare** Peter Morgan, 2017-07-05 Ismail Kadare has experienced a life of controversy In his own country and internationally he has been both acclaimed as a writer and condemned as a lackey of the Albanian socialist dictatorship Coming of age after occupation and war Kadare b 1936 belonged to the first generation of new Albanians In a land where writers were routinely imprisoned Kadare produced the most brilliant and subversive works to emerge from socialist Eastern Europe His work brings to an end the century whose literary beginnings were marked by the terror to which Kafka gave his name The inaugural award of the International Man Booker Prize for Literature in 2005 marked an important milestone in the global recognition of Kadare Ironic multi layered and imaginative Kadare's writing is profoundly opposed to ideology Through critical analysis of a representative selection of Kadare's works Peter Morgan explains for a wide audience how Kadare survived and wrote in the repressive Albanian Stalinist environment Peter Morgan is Professor of European Studies at the University of Western Australia
