Pale Sergeant:

Cosgrove's People William F. Stack, 2013-05 AFTER SUCCESSFUL MILITARY CAREER SGT COSGROVE reflects back on an almost impossible mission he took part in as a young soldier in Korea During which he kills After his wife passed away and his daughter left him he finds himself more and more disinterested in the successful business that he created His mind keeps drifting back to that snow covered field on that cold day over 40 years ago The rush of men yelling bullets flying thinking of death he decides to track down the four men that he saved that day and see how their lives turned out In doing so he enters into a complicated and dangerous situation created by the lives of the men and their families and the lives they lived and died

The Scary Mason-Dixon Line Trudier Harris, 2009-06-01 New Yorker James Baldwin once declared that a black man can look at a map of the United States contemplate the area south of the Mason Dixon Line and thus scare himself to death In The Scary Mason Dixon Line renowned literary scholar Trudier Harris explores why black writers whether born in Mississippi New York or elsewhere have consistently both loved and hated the South Harris explains that for these authors the South represents not so much a place or even a culture as a rite of passage Not one of them can consider himself or herself a true African American writer without confronting the idea of the South in a decisive way Harris considers native born black southerners Raymond Andrews Ernest J Gaines Edward P Jones Tayari Jones Yusef Komunyakaa Randall Kenan and Phyllis Alesia Perry and nonsouthern writers James Baldwin Sherley Anne Williams and Octavia E Butler The works Harris examines date from Baldwin's *Blues for Mr Charlie* 1964 to Edward P Jones's *The Known World* 2003 By including Komunyakaa's poems and Baldwin's play as well as male and female authors Harris demonstrates that the writers' preoccupation with the South cuts across lines of genre and gender Whether their writings focus on slavery migration from the South to the North or violence on southern soil and whether they celebrate the triumph of black southern heritage over repression or castigate the South for its treatment of blacks these authors cannot escape the call of the South Indeed Harris asserts that creative engagement with the South represents a defining characteristic of African American writing A singular work by one of the foremost literary scholars writing today The Scary Mason Dixon Line superbly demonstrates how history and memory continue to figure powerfully in African American literary creativity
