Postures And Politics Some Observations On Participatory Democracy:

Postures and Politics Frank MacKinnon, 1973 **Postures and Politics** Frank MacKinnon, 1973 **1974 Annual Supplement** Joan Schmitz Bergholt, 2013-12-21 *Literary History of Canada* Carl F. Klinck, Alfred G. Bailey, Claude Bissell, Roy Daniells, Northrop Frye, Desmond Pacey, 1976-12-15 Hailed as a landmark in Canadian literary scholarship when it was originally published in 1965 the *Literary History of Canada* is now being reissued revised and enlarged in three volumes This major effort of a large group of scholars working in the field of English language Canadian literature provides a comprehensive up to date reference work It has already proven itself invaluable as a source of information on authors genres and literary trends and influences It represents a positive attempt to give a history of Canada in terms of writings which deserve attention because of significant thought form and use of language Volume 3 has been newly written for this edition of the History and covers the years from about 1960 to 1974 The contributors to this volume are Claude Bissell Desmond Pacey Lauriat Lane jr Michael S Cross Thomas A Goudge John Webster Grant John H Chapman William E Swinton Henry B Mayo Malcolm Ross Brandon Conron Clara Thomas Sheila A Egoff John Ripley William H New George Woodcock and Northrop Frye **The Age of Consequence** Charles J. McMillan, 2022-04-07 Since the election of Pierre Trudeau in 1968 Canada has had nine prime ministers a series of minority governments as many as sixteen leaders of the opposition and a turnover of party leaders in provincial governments This rotation shows the vibrant nature of the Canadian political system which combines a measure of continuity and stability with change and policy innovation The Age of Consequence provides an insider s account of Canada s political environment over the last fifty years Focusing on the key personalities leaders and political parties of the era Charles McMillan reveals the reality of policy change in a world in flux bound by institutional constraints and propelled by personalities that advance or derail policy initiatives Choosing four policy themes economic competitiveness social justice national reconciliation and constructive internationalism the book traces Canada s policy evolution As a federation Canada s political system is shaped by policy initiatives leadership campaigns national elections the planning and machinery of governance and the strengths of its various leaders from John Diefenbaker and Lester B Pearson to Justin Trudeau Based on McMillan s personal experience as senior policy advisor to Prime Minister Brian Mulroney as well as on interviews policy papers and memos The Age of Consequence sheds light on how public policy is made the conflicts facing senior members of the government and the unique burdens placed on prime ministers The Canadian Public Service John E. Hodgetts, 1973-12-15 The Canadian Public Service is now so large that it employs over ten per cent of Canada s labour force and among its many boards commissions and corporations there is a constant juggling of conventional departmental portfolios in an effort to keep pace with changing public priorities As these bureaucracies penetrate our lives more and more there is increasing need for a study which describes and explains them This book is the first to offer the necessary clarification It says nothing about public servants themselves rather it focuses on the physiognomy and physiology

of the structures in which they work and through which programmes are allocated work distributed and policy decisions made for all of Canada It also examines the way in which environmental forces have helped to shape our so called administrative culture as well as the monumental difficulties that are involved in co ordinating the administration of this vast country three quarters of whose public service concerns are located outside the capital It concludes that all of our public organizations the public service has proven the most responsive to the forces of change but that it has been so caught up in structural and managerial adaptation that its capacity to concern itself with substantive policy issues has been subverted

Perspectives on the Social Sciences in Canada Tom N. Guinsberg, Grant L. Reuber, 1974-12-15 The papers included in this volume were originally presented at a conference to commemorate the opening of the Social Science Centre at the University of Western Ontario in 1973 Participants were asked to take stock of the development of their disciplines in Canada to assay the contours of current endeavours and to comment upon avenues of future research Their efforts mark what is believed to be the first collective assessment of the social sciences in Canada The contributors include Nathan Keyfitz on sociology C B Macpherson on political science H G Johnson on economics Ramsay Cook on history and M Rokeach on the place of values in Canadian social science Commentaries on the papers are also included Each author has addressed himself to one or more of the following matters the degree to which the disciplines as practised in Canada are linked to or differentiated from their practice elsewhere the benefits and drawbacks of a nationalistic approach to scholarship in the social sciences the contributions of Canadian scholarship to the study of society in general and Canadian society in particular the interaction among the social sciences in Canada and the need for inter disciplinary studies and the unfulfilled agenda of Canadian social science The assessments thus delineate the peculiar problems of the social sciences in Canada as well as some of the overall problems within and among the disciplines themselves **Library of Congress Catalog** Library of Congress, 1973

Meeting, Edward D. Mansfield, Richard Sisson, 2004 Over the course of the last century political scientists have been moved by two principal purposes First they have sought to understand and explain political phenomena in a way that is both theoretically and empirically grounded Second they have analyzed matters of enduring public interest whether in terms of public policy and political action fidelity between principle and practice in the organization and conduct of government or the conditions of freedom whether of citizens or of states Many of the central advances made in the field have been prompted by a desire to improve both the quality and our understanding of political life Nowhere is this tendency more apparent than in research on American politics a field in which concerns for the public interest have stimulated various important insights This volume systematically analyzes the major developments within the broad field of American politics over the past three decades Each

chapter is composed of a core paper that addresses the major puzzles conversations and debates that have attended major areas of concern and inquiry within the discipline These papers examine and evaluate the intellectual evolution and natural history of major areas of political inquiry and chart particularly promising trajectories puzzles and concerns for future work Each core paper is accompanied by a set of shorter commentaries that engage the issues it takes up thus contributing to an ongoing and lively dialogue among key figures in the field **Library of Congress Catalogs** Library of Congress,1976
