Aquinas on the Twofold Human Good Denis J. M. Bradley,1997 Annotation Against the background of Aristotle s Nicomachean Ethics Bradley provides a detailed differentiation between Aristotle s and Aquinas s view on moral principles and the end of man **Ancients and Moderns** John K. Ryan,2018-03-02 This volume is a collection of works by international scholars on Aristotle Plato Duns Scotus Plotinus and Moritz Schlick **Constancy and the Ethics of Jane Austen's 'Mansfield Park'** Joyce Kerr Tarpley,2010 Constancy and the Ethics of Jane Austen s Mansfield Park addresses the ethical dimension of Austen s thought in her most controversial novel Mansfield Park by examining the portrayal of her least popular heroine Fanny Price and by focusing on her most important virtue constancy My aim is to show the way in which Austen s ethical system works by using constancy as a unifying principle for her ethics and by analyzing its Christian basis I hope to offer a reading that allows the richness and complexity of the characters and incidents in the novel to unite within a coherent whole To do this I conduct a book length exploration of constancy whose primary ethical function is to ground the practice of virtue by regulating other virtues common to Austen heroines including self knowledge love or genuine affection gratitude and humility from the Preface **On the Unseriousness of Human Affairs** James V. Schall,2023-05-02 In this wise and witty book acclaimed author James Schall illuminates a fundamental truth that will shock ceaselessly busy and ambitious Americans human affairs are unserious Following Plato Schall shows why singing dancing playing contemplating and other useless human activities are not merely forms of escape but also indications of the freedom in and for which men and women were created The joy that accompanies leisure festivity and conviviality he demonstrates gives us a glimpse of the eternal On the Unseriousness of Human Affairs offers a vital message that is truly countercultural *At the Limits of Political Philosophy* James V. Schall,2010-04 James V Schall presents in a convincing and articulate manner the revelational contribution to political philosophy particularly that which comes out of the Roman Catholic tradition **Perfectionist Turn** Douglas Den Uyl,2016-04-14 Contemporary political philosophy especially in the works of Martha Nussbaum John Rawls and Amartya Sen has assumed that it can separate itself off from other philosophical positions and frameworks In this book Den Uyl and Rasmussen challenge this trend by moving from the liberalism they advocate in their earlier work to what they call individualistic perfectionism in ethics They continue to challenge the assumption that a neo Aristotelian ethical framework cannot support a liberal non perfectionist political theory by filling in the nature of the perfectionist ethical approach utilised in their previous political theorising By developing the central features and principles of individualistic perfectionism they show that it is a major and powerful alternative to much contemporary ethical thinking particularly to constructivism and that it is capable of overcoming standard objections to perfectionism **Patriotic Elaborations** Charles

Blattberg,2009-03-01 How might we mend the world Charles Blattberg suggests a new patriotism one that reconciles conflict through a form of dialogue that prioritizes conversation over negotiation and the common good over victory This patriotism can be global as well as local left as well as right Blattberg s is a genuinely original philosophical voice The essays collected here discuss how to re conceive the political spectrum where deliberative deomocrats go wrong why human rights language is tragically counterproductive how nationalism is not really secular how many nations should share a single state a new approach to the Arab Israeli conflict and why Canada might have something to teach about the war on terror We also learn about the right way to deny a role to principles in ethics how to distinguish between the good and the beautiful the way humor works the rabbinic nature of modernism the difference between good bad great and evil why Plato s dialogues are not really dialogues and why most philosophers are actually artists **A Theory of Socialism and Capitalism** Hans-Hermann

Hoppe,2013-06-29 **Another Sort of Learning** James V. Schall,2011-05-12 Noting the widespread concern about the quality of education in our schools Schall examines what is taught and read and not read in these schools He questions the fundamental premises in our culture which do not allow truth to be considered Schall lists various important books to read and why Detriments of Theistic Religion in Politics and Its Effect on the Immigration Problem Talavera,

Isidoro,2024-09-06 The intersection of theistic religion and politics sparks continued controversy particularly when addressing complex social issues like immigration When religious ideologies influence political decisions they can lead to policies that are less informed by empirical evidence and more driven by doctrinal beliefs The consequences are not only detrimental to the integrity of policymaking but also to the well being of communities affected by such policies Critical examination of the impacts of theistic religion on political discourse and immigration is necessary to advocate for improved evidence based approaches to policymaking Detriments of Theistic Religion in Politics and Its Effect on the Immigration Problem explores the effects of religious influences in government policies related to immigration Aspects of theology ethics and morality related to policy and law creation are explored along with effective solutions to solve issues of immigration in the Unites States This book covers topics such as theology ethics and morality and political science and is a useful resource for politicians policymakers government officials economists religious organizations business owners academicians researchers and scientists
