**In Different Times** Albert Grundlingh, 2019-11-18 This is the first attempt to bring together diverse scholars using different lenses to study South Africa's Border War. As a book, it is critical in approach, provides deeper reflection, and focuses specifically on the SADF experience of the war. The result is a more complex picture of the war's dynamics and its legacies. Although South Africa is a vastly different country today, the study of the Border War opens a range of questions also relevant to contemporary deployments such as in Lesotho 1998 and the Central African Republic 2013. It includes the debate on participation in foreign conflicts, on the deployment design and preparation of appropriate modern armed forces and their use as foreign policy instruments in far-off theatres, on military planning, and as the historical controversies regarding the battles at Cuito Cuanavale and Bangui illustrate on the interface between foreign campaigning and domestic politics. **The**

**Year of Dangerous Days** Nicholas Griffin, 2021-07-06 MIAMI 1980 by journalist and author Nicholas Griffin is a narrative of a pivotal but forgotten year in American history. With a cast that includes iconic characters such as Jimmy Carter, Fidel Castro, and Janet Reno, this slice of history is brought to life through fascinating intertwining personal stories. At the core, there's Edna Buchanan, a beautiful reporter for the Miami Herald who breaks the story on the wrongful murder of a black man and the resultant police cover-up. Captain Marshall Frank, the hardboiled homicide detective tasked with investigating the murder, and Mayor Maurice Ferre, the charismatic politician who watches the case and the city fall apart. A roller coaster of national politics and international diplomacy, these three figures cross paths and socio-economic lines as their city explodes in one of the worst race riots in American history as over 120,000 Cuban refugees land on the Miami coast and as foreign drug cartels flood the city with cocaine and infiltrate all levels of law enforcement and government. In a battle of wills, Buchanan has to keep up with the 150% uptick in murders. Captain Frank has to scrub and then rebuild his police department, and Mayor Ferre has to find a way to reconstruct his smoldering city. Against all odds, they persevere, and a stronger, more vibrant Miami is forged in the crucible. But the new Miami, literally built on corruption and drug money, will have severe ramifications for the rest of the country.
