## **Re Discovering The Making Of The Uk Britain 1500 175:**

*Re-discovering the Making of the UK* Colin Shephard, Tim Lomas, 2001 Designed for teachers of students studying history at Key Stage 3 this comprehensive text covers Britain from 1500 1750 Updating the text has made the material more usable in mixed ability teaching whilst retaining an emphasis on challenging students to think deeply *Reckoning with Slavery* Jennifer L. Morgan, 2021-04-26 In *Reckoning with Slavery* Jennifer L Morgan draws on the lived experiences of enslaved African women in the sixteenth and seventeenth centuries to reveal the contours of early modern notions of trade race and commodification in the Black Atlantic From capture to transport to sale to childbirth these women were demographically counted as commodities during the Middle Passage vulnerable to rape separated from their kin at slave markets and subject to laws that enslaved their children upon birth In this way they were central to the binding of reproductive labor with kinship racial hierarchy and the economics of slavery Throughout this groundbreaking study Morgan demonstrates that the development of Western notions of value and race occurred simultaneously In so doing she illustrates how racial capitalism denied the enslaved their kinship and affective ties while simultaneously relying on kinship to reproduce and enforce slavery through enslaved female bodies *Infertility in Early Modern England* Daphna Oren-Magidor, 2017-08-09 This book explores the experiences of people who struggled with fertility problems in sixteenth and seventeenth century England Motherhood was central to early modern women's identity and was even seen as their path to salvation To a lesser extent fatherhood played an important role in constructing proper masculinity When childbearing failed this was seen not only as a medical problem but as a personal emotional crisis *Infertility in Early Modern England* highlights the experiences of early modern infertile couples their desire for children the social stigmas they faced and the ways that social structures and religious beliefs gave meaning to infertility It also describes the methods of treating fertility problems from home remedies to water cures Offering a multi faceted view the book demonstrates the centrality of religion to every aspect of early modern infertility from understanding to treatment It also highlights the ways in which infertility unsettled the social order by placing into question the gendered categories of femininity and masculinity *Athenae Cantabrigienses: 1500-1585* Charles Henry Cooper, Thompson Cooper, 1858 *The Northwestern Miller*, 1883 *The Science of Naples* Lorenza Gianfrancesco, Neil Tarrant, 2024-06-24 Long neglected in the history of Renaissance and early modern Europe in recent years scholars have revised received understanding of the political and economic significance of the city of Naples and its rich artistic musical and political culture Its importance in the history of science however has remained relatively unknown *The Science of Naples* provides the first dedicated study of Neapolitan scientific culture in the English language Drawing on contributions from leading experts in the field this volume presents a series of studies that demonstrate Neapolitans manifold contributions to European scientific culture in the early modern period and considers the importance of the city its institutions and surrounding territories for the production of new knowledge Individual chapters demonstrate the extent to which Neapolitan

scholars and academies contributed to debates within the Republic of Letters that continued until deep into the nineteenth century They also show how studies of Neapolitan natural disasters yielded unique insights that contributed to the development of fields such as medicine and earth sciences Taken together these studies resituate the city of Naples as an integral part of an increasingly globalised scientific culture and present a rich and engaging portrait of the individuals who lived worked and made scientific knowledge there
