## **Re Constructing The Literary Texts In Transmission:**

*Re-Constructing the Book* Maureen Bell, Shirley Chew, Simon Eliot, 2019-01-15 This title was first published in 2001. Literary critics, textual editors and bibliographers and historians of publishing have hitherto tended to publish their research as if in separate fields of enquiry. The purpose of this volume is to bring together contributions from these fields in a dialogue rooted in the transmission of texts. Arranged chronologically so as to allow the use of individual sections relevant to period literature courses, the book offers students and teachers a set of essays designed to reflect these approaches and to signal their potential for fruitful integration. Some of the essays answer the demand: Show me what literary critics or textual editor or book historians do and how they do it and stand as examples of the different concerns, methodologies and strategies employed. Others draw attention to the potential of the approaches in combination.

**Reconstructing Camelot** Michael Glencross, 1995 This book examines French Romantic medievalism through one of its many manifestations: the treatment of the Arthurian legends. Examining works of historiography and literary history as well as literary texts proper, it assesses the place of the Arthurian material in French culture in the period up to 1860, the date of publication of Edgar Quinet's *Merlin l'enchanteur*. In so doing, it reveals key features of French Romanticism and traces the origins of some of the problems and contradictions which still affect the practice of medieval studies: the study of medieval literature and the representation of the Middle Ages. The author argues that the depiction of Arthurian legends in French Romantic writing discloses some of the underlying ideological positions of the movement, such as the division between liberal and royalist views of the Middle Ages and the construction of a French national identity. He also explores the developing tensions between the interests of a general literary public and the ambitions of scholars seeking to define and promote medieval literature as an emerging field of study. In addition to scholars such as Claude Fauriel, Paulin Paris and Francisque Michel, other important figures in French Romanticism are considered, including Edgar Quinet and Michelet.

political milieu and literary legacy within her time and ours      **Coyness and Crime in Restoration Comedy** Peggy Thompson, 2012 Coyness and Crime examines the extraordinary focus on feminine coyeness in forty English comedies by ten diverse playwrights of the late seventeenth century In contexts ranging from reaffirmations of church and king to emerging interests in liberty and novelty these plays consistently reveal women caught in an ironic and nearly intractable convergence of objectification and culpability that allows them little innocent sexual agency this is both the source and the legacy of coyeness in Restoration comedy      **Reconstructing Woman** Dorothy Kelly, 2010-11 Reconstructing Woman explores a scenario common to the works of four major French novelists of the nineteenth century Balzac Flaubert Zola and Villiers In the texts of each author a new Pygmalion as Balzac calls one of his characters turns away from a real woman he has loved or desired and prefers instead his artificial re creation of her All four authors also portray the possibility that this simulacrum which replaces the woman could become real The central chapters examine this plot and its meanings in multiple texts of each author with the exception of the chapter on Villiers in which only L Eve future is considered The premise is that this shared scenario stems from the discovery in the nineteenth century that humans are transformable Because scientific innovations play a major part in this discovery Dorothy Kelly reviews some of the contributing trends that attracted one or more of the authors mesmerism dissection transformism and evolution new understandings of human reproduction spontaneous generation puericulture the experimental method These ideas and practices provided the novelists with a scientific context in which controlling changing and creating human bodies became imaginable At the same time these authors explore the ways in which not only bodies but also identity can be made In close readings Kelly shows how these narratives reveal that linguistic and coded social structures shape human identity Furthermore through the representation of the power of language to do that shaping the authors envision that their own texts would perform that function The symbol of the reconstruction of woman thus embodies the fantasy and desire that their novels could create or transform both reality and their readers in quite literal ways Through literary analyses we can deduce from the texts just why this artificial creation is a woman      Reconstructing the Society of Ancient Israel Paula M. McNutt, 1999-01-01 In this volume Paula McNutt provides a synthesis of recent research on the nature and development of the society of ancient Israel Focusing on Israelite history from the tribal period through the time of Persian domination McNutt employs a social scientific perspective to examine recent reconstructions of the social and cultural contexts that nurtured the literature of the Hebrew Bible She also offers a helpful overview of the components and dynamics of ancient Israelite society By investigating the intricate social processes that sustained the society of ancient Israel McNutt enables the reader to discern the forces at work during key periods of transition and transformation in early Israelite history      **Travel Writing and the Transnational Author** S. Knowles, 2014-06-19 Travel Writing and the Transnational Author explores the travel writing and transnational literature of four authors from the postcolonial canon Michael Ondaatje Vikram Seth Amitav Ghosh and Salman Rushdie      *Amitav*

**Reconstructing Tradition** Rebecca Jane Manring,2005 Reconstructing Tradition explores the devotional Hindu Krishnaite revival of the 15th and 16th centuries and its persistence into modern times through an examination of one of its principal figures Advaita Acarya He was the subject of several texts and Manring considers all of them in terms of changing historical social and sectarian contexts Rebecca Manring considers the role of hagiography in one school of Bengali Vaisnavism against the backdrop of regional religious history examining the ways in which Advaita Acarya followers designed and used his life story for political and religious purposes *Singing by Herself* Amelia Worsley,2024-08-15 Singing by Herself reinterprets the rise of literary loneliness by foregrounding the female and feminized figures who have been overlooked in previous histories of solitude Many of the earliest records of the terms lonely and loneliness in British literature describe solitaires whose songs positioned them within the tradition of female complaint Amelia Worsley shows how these feminized solitaires for whom loneliness was both a space of danger and a space of productive retreat helped to make loneliness attractive to future lonely poets despite the sense of suspicion it evoked Although loneliness today is often associated with states of atomized interiority soliloquy and self enclosure this study of eighteenth century poetry disrupts the presumed association between isolation singular speech and bounded models of poetic subjectivity In five chapters focused on lonely poet figures in the works of John Milton Anne Finch Alexander Pope Thomas Gray and Charlotte Smith which also take account of the wider eighteenth century fascination with literary loneliness Singing by Herself shows how poets increasingly associated the new literary mode of being alone with states of disembodiment dispersal and echoic self doubling Seemingly solitary lonely voices often dissolve into polyvocal allusive community Worsley argues when in dialogue with each other and also with classical figures of feminized lament such as Sappho Echo and Philomela The book s provocative reflections on lyric mean that it will have a broad appeal to scholars interested in the history of poetry and poetics as well as to those who study the literary history of gender affect and emotion *Jane Eyre in German Lands* Lynne Tatlock,2022-01-13 Lynne Tatlock examines the transmission diffusion and literary survival of Jane Eyre in the German speaking territories and the significance and effects thereof 1848 1918 Engaging with scholarship on the romance novel she presents an historical case study of the generative power and protean nature of Bront s new romance narrative in German

translation adaptation and imitation as it involved multiple agents from writers and playwrights to readers publishers illustrators reviewers editors adaptors and translators Jane Eyre in German Lands traces the ramifications in the paths of transfer that testify to widespread creative investment in romance as new ideas of women's freedom and equality topped the horizon and sought a home especially in the middle classes As Tatlock outlines the multiple German instantiations of Brontë's novel four translations three abridgments three adaptations for general readers nine adaptations for younger readers plays farces and particularly the fiction of the popular German writer E Marlitt and its many adaptations evince a struggle over its meaning and promise Yet precisely this multiplicity repetition redundancy and proliferation combined with the romance narrative's intrinsic appeal in the decades between the March Revolutions and women's franchise enabled the cultural diffusion impact and long term survival of Jane Eyre as German reading Though its focus on the circulation of texts across linguistic boundaries and intertwined literary markets and reading cultures Jane Eyre in German Lands unsettles the national paradigm of literary history and makes a case for a fuller and inclusive account of the German literary field     Revisiting The Tempest Silvia Bigliuzzi, 2014-02-20 Revisiting The Tempest offers a lively reconsideration of how The Tempest encourages interpretation and creative appropriation It includes a wide range of essays on theoretical and practical criticism focusing on the play's original dramatic context on its signifying processes and its present time screen remediation
