Re Discovery Of The Old Testament:

The Rediscovery of the Old Testament H H Rowley, 2012-02-23 A reprint of a classic exposition of the understanding of the Old Testament Rowley brings the Old Testament back to the forefront of Scholarship and finds rich meaning in much of what has previously been buried Increasingly men are turning their thoughts to the deeper message of the Old Testament and finding richer meaning in the light of all work that has been done The Old Testament need not to be buried beneath the weight of scholarship but may rather stand on the foundation of scholarship sustained by it and firmly upheld before men from the Preface

The Re-discovery of the Old Testament Harold Henry Rowley, 1956 *Old Testament Survey* William Sanford LaSor, David Allan Hubbard, Frederic William Bush, 1996-09-03 McKenna and William B Nelson Jr

Re-Discovery of the Old Testament (Classic Reprint) Harold Henry Rowley, 2015-07-08 Excerpt from Re Discovery of the Old Testament Such a task is attempted here Into the minutiae of scholarship I do not enter not because I regard them as meaningless but because their study lies behind rather than in this book Elaborate documentation which is rightly found in work intended for scholars is here dispensed with and the focus of interest is in the edifice of Old Testament thought rather than in the foundations of its study Yet it is my hope that the edifice stands squarely on the foundations For only so is it secure If these pages can help any reader to a fuller apprehension of the religious meaning of this most wonderful Book they will have fulfilled their purpose For Biblical quotations I have kept largely to familiar words though I have frequently modified the translation to some extent for reasons which are not stated since they would distract the general reader In no case has a change been introduced for a priori or dogmatic reasons but only where philological or textual support could be provided to justify the change It is a deep grief to me that while this book has been in the press Principal H Wheeler Robinson has passed from our midst I have left the Dedication unchanged I have to thank Professor A R Johnson for his help in reading the proofs and for his stimulating friendship which has yielded many suggestions embodied in this book I have also to thank Professor T W Manson for reading my work in proof and for many other kindnesses About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books Find more at www.forgottenbooks.com This book is a reproduction of an important historical work Forgotten Books uses state of the art technology to digitally reconstruct the work preserving the original format whilst repairing imperfections present in the aged copy In rare cases an imperfection in the original such as a blemish or missing page may be replicated in our edition We do however repair the vast majority of imperfections successfully any imperfections that remain are intentionally left to preserve the state of such historical works

Baptist Theology James Leo Garrett, 2009 This title offers a comprehensive analysis of Baptist theology Embracing in one common trajectory the major Baptist confessions of faith the major Baptist theologians and the principal Baptist theological movements and controversies this book spans four centuries of Baptist doctrinal history Acknowledging first the pre 1609 roots patristic medieval and Reformational of Baptist theology it examines the Arminian versus Calvinist issues that

were first expressed by the General Baptists and the Particular Baptists that dominated English and American Baptist theology during the seventeenth and eighteenth centuries from Helwys and Smyth and from Bunyan and Kiffin to Gill Fuller Backus and Boyce and that were quickened by the awakenings and the missionary movement Concurrently there were the Baptist defense of the Baptist distinctives vis a vis the pedobaptist world and the unfolding of a strong Baptist confessional tradition Then during the nineteenth and twentieth centuries the liberal versus evangelical issues became dominant with Hovey Strong Rauschenbusch and Henry in the North and Mullins Conner Hobbs and Criswell in the South even as a distinctive Baptist Landmarkism developed the discipline of biblical theology was practiced and a structured ecumenism was pursued Missiology both impacted Baptist theology and took it to all the continents where it became increasingly indigenous Conscious that Baptists belong to the free churches and to the believers churches a new generation of Baptist theologians at the advent of the twenty first century appears somewhat more Calvinist than Arminian and decidedly more evangelical than liberal *The Cambridge Companion to the Hebrew Bible/Old Testament* Stephen B. Chapman, Marvin A.

Sweeney, 2016-07-11 This Companion offers a concise and engaging introduction to the Hebrew Bible or Old Testament Providing an up to date snapshot of scholarship it includes essays specially commissioned for this volume by twenty three leading scholars The volume examines a range of topics including the historical and religious contexts for the contents of the biblical canon and critical approaches and methods as well as newer topics such as the Hebrew Bible in Islam Western art and literature and contemporary politics This Companion is an excellent resource for students at university and graduate level as well as for laypeople and scholars in other fields who would like to gain an understanding of the current state of the academic discussion The book does not presume prior knowledge nor does it engage in highly technical discussions but it does go into greater detail than a typical introductory textbook **Prophetic Drama in the Old Testament** David

Stacey, 2018-09-12 Most books on the prophets contain a page or two on what is usually called prophetic symbolism but full scale treatments are remarkably few and in English entirely lacking Dr Stacey examines all the evidence in detail considers the various explanations of the phenomenon that have been offered gives particular attention to the apparent link with magic and provides a model whereby these dramatic actions can be properly understood This book is significant for the study of Hebrew religion it also paves the way for further investigation of similar actions in the New Testament Biblical Theology:

Old Testament Chester Lehman, 2018-11-30 *Approaches to Old Testament Interpretation* John Goldingay, 2024-10-18 In this book John Goldingay examines five approaches to the interpretation of the Old Testament as a faith a way of life the story of salvation witness to Christ and Scripture Dr Goldingay has a detailed knowledge of an enormous range of scholarly literature His carefully considered evaluations of the works of other scholars are a helpful guide to the key issues which often tend to be submerged by the intricacies of scholarly debate *Theological Diversity and the Authority of the Old Testament* John Goldingay, 1987 In this book John Goldingay examines how the diverse viewpoints reflected in the Old Testament may be

acknowledged interrelated and allowed to function theologically In doing so he analyzes as well as synthesizes treating both the biblical text and scholarly interpretations of it Book jacket **C. Stacey Woods and the Evangelical Rediscovery of the University** A. Donald MacLeod, 2007-05-16 C Stacey Woods was a moving force in mid century American evangelicalism A Donald MacLeod tells the story of a man of great strengths and weaknesses whose most striking achievement was perhaps encouraging fundamentalism to actively engage the university *The Re-discovery of the Old Testament* H. H. Rowley, 1940

The Rediscovery of America Edward J. Erler, Ken Masugi, 2019-02-08 Harry V Jaffa 1918 2015 one of the profoundest political thinkers of his time is known most prominently for his pathbreaking work on Abraham Lincoln Jaffa who taught for 50 years at the Claremont Colleges and was a Distinguished Fellow of the Claremont Institute sought to produce a revolution in political philosophy by applying Strauss s controversial thinking about natural right Scripture and human greatness to American politics In these 10 essays beginning in the 1980s Jaffa rediscovered the moral and intellectual complexity of statesmanship in particular that of Lincoln and the American founders The essays reveal the profundity of the Declaration of Independence in observations both theoretical e g Aristotle and Aquinas and practical e g campus radicalism Jaffa takes aim at the interpretations of America made by some of Leo Strauss s students chastising their imputation of radically liberal theorizing to the Declaration and their ignorance of the meaning of all men are created equal The Declaration s radicalism lies rather in its synthesis of ancient political philosophy and Scriptural authority on the good human life Jaffa is particularly critical of Allan Bloom and in previously unpublished essays Irving Kristol and Harvey Mansfield for their errors about America Jaffa s essays recover political philosophy in its political and philosophic dimensions so that it can be a continuing guide for our politics today *Primal Religion and the Bible* Gillian M. Bodiako, 1997-08-01 This important study of the published and unpublished writings of Scotland s most brilliant and controversial nineteenth century theologian focuses on his concern to situate biblical religion within the context of the primal religions of Israel s neighbours The book explores the implications of the relationship between the Christian faith and primal religion Robertson Smith has still a contribution to make to contemporary discussion of the phenomenology of the Christian faith and Christian responses to religious pluralism

The Lloyd Geering Reader Lloyd Geering, 2007 Covering a period of more than 45 years this is the first collection of the writings of international figure Lloyd Geering a premier public intellectual who was once found guilty of heresy by the Presbyterian Church With never before seen material this compendium demonstrates the remarkable consistency in the thought of this increasingly influential thinker Provocative and heartfelt this compilation provides a fascinating coverage of the engagement of religion and the modern world **A Social and Religious History of the Jews** Salo Wittmayer Baron, 1952 This book explores the puzzling phenomenon of new veiling practices among lower middle class women in Cairo Egypt Although these women are part of a modernizing middle class they also voluntarily adopt a traditional symbol of female subordination How can this paradox be explained An explanation emerges which reconceptualizes what appears to be

reactionary behavior as a new style of political struggle as accommodating protest These women most of them clerical workers in the large government bureaucracy are ambivalent about working outside the home considering it a change which brings new burdens as well as some important benefits At the same time they realize that leaving home and family is creating an intolerable situation of the erosion of their social status and the loss of their traditional identity The new veiling expresses women s protest against this MacLeod argues that the symbolism of the new veiling emerges from this tense subcultural dilemma involving elements of both resistance and acquiescence **Jonathan Edwards's Bible** Stephen R. C.

Nichols,2013-08-21 New England colonial pastor and theologian Jonathan Edwards 1703 58 was well aware of the threat that Deist philosophy posed to the unity of the Bible as Christian Scriptures yet remarkably his own theology of the Bible has never before been examined In the context of his entire corpus this study pays particular attention to the detailed notes Edwards left for The Harmony of the Old and New Testament a great work hitherto largely ignored by scholars Following examination of his Harmony notes a case study of salvation in the Old Testament challenges the current dispositional account of Edwards s soteriology and argues instead that the colonial Reformed theologian held there to be one object of saving faith in Old and New Testaments namely Christ Where has the Body been for 2000 Years? David Pawson,2013-02-13 This is an intensely readable look at the the Christian Church down the ages providing powerful messages for our own times Many church members know little or nothing about the story of Christianity between the New Testament period and today They therefore may not realise how much they have been influenced by traditions developed during that time These can have both a negative and positive benefit Negative because those who forget history are condemned to relive it Most of the mistakes we make and errors we fall into have happened before and we can learn from our forefathers to avoid them Positive because we have such a rich heritage it would be folly to ignore We can draw inspiration and examples from the spiritual giants who went before us and after all we can look forward to meeting them personally in glory **The Bible as History** Werner Keller,1995 The Bible As History by Werner Keller will take you on a breathtaking journey to the heart of Holy Scripture as it pieces together one of the most stunning spiritual puzzles in the history of mankind **The Living Church** ,1946
