Provoking Religion Anthony Michael Petro, Petro, 2025 In the late twentieth century artists were on the front lines of the culture wars Leaders of the Christian Right in the U S made a national spectacle out of feminist and queer art blasting it as sacrilegious or pornographic and sometimes both On the bully pulpits of television and talk radio as well as in the halls of Congress conservatives denounced artists ranging from Robert Mapplethorpe and Judy Chicago to Marlon Riggs and David Wojnarowicz Conservatives alarmed by shifting sex and gender norms collided with progressive artists who were confronting sexism homophobia and racism In *Provoking Religion* Anthony Petro offers a compelling new history of the culture wars that places competing moralities of gender and sexuality alongside competing visions of the sacred The modern culture wars he shows are best understood not as contests pitting religious conservatives against secular activists but as a series of ongoing historical struggles to define the relationship between the sacred and the political Through captivating case studies of subversive artists *Provoking Religion* illuminates the underside of the culture wars revealing how progressive artists and activists rendered from those most apparently profane aspects of human life the stuff of conservatives worst nightmares their own haunting visions of the sacred

Media, Performative Identity, and the New American Freak Show Jessica L. Williams, 2017-10-04 This book traces how the American freak show has re-emerged in new visual forms in the 21st century. It explores the ways in which moving image media transmits and contextualizes, reinterprets and appropriates the freak show model into a new American freak show. It investigates how new freak representations introduce narratives about sex, gender and cultural perceptions of people with disabilities. The chapters examine such representations found in horror films including a prolonged look at *Freaks* 1932 and *The Texas Chainsaw Massacre* 1974, documentaries such as *Murderball* 2005 and TLC's *Push Girls* 2012, 2013 disability pornography including the pornographic documentary *Sick: The Life and Death of Bob Flanagan Supermasochist* 1997 and the music icons Marilyn Manson and Lady Gaga in their portrayals of disability and freakishness. Through this book we learn that the visual culture that has emerged takes the place of the traditional freak show but opens new channels of interpretation and identification through its use of mediated images as well as the altered freak norm relationship that it has fostered. In its illumination of the relationship between normal and freakish bodies through different media, this book will appeal to students and academics interested in disability studies, gender studies, film theory, critical race theory and cultural studies. Reading Autobiography Now Sidonie Smith, Julia Watson, 2024-07-09 A user-friendly guide to reading, writing and theorizing autobiographical texts and practices for students, scholars and practitioners of life narrative. The boom in autobiographical narratives continues apace. It now encompasses a global spectrum of texts and practices in such media as graphic memoir, auto photography, performance and plastic arts, film and video and online platforms. *Reading Autobiography Now* offers both a critical engagement with life narrative in historical perspective and a theoretical framework for interpreting texts and practices in this wide-ranging field. Hailed upon its initial publication as the Whole Earth Catalog of autobiography studies, this essential book has been updated, reorganized and expanded in scope to serve as an accessible and contemporary guide for scholars, students and practitioners. Sidonie Smith and Julia Watson explore definitions of life narrative, probe issues of subjectivity and outline salient features of autobiographical acts and practices. In this updated edition, they address emergent topics such as autotheory, autofiction and autoethnography, expand the discussions of identity, relationality and agency and introduce new material on autobiographical archives and the profusion of I's in contemporary works. Smith and Watson also provide a helpful toolkit of strategies for reading life narrative and an extensive glossary of mini-essays analyzing key theoretical concepts and dozens of autobiographical genres. An indispensable exploration of this expansive transnational multimedia field, *Reading Autobiography Now* meticulously unpacks the heterogeneous modes of life narratives through which people tell their stories, from traditional memoirs and trauma narratives to collaborative life narrative and autobiographical comics. **Mutilating the Body** Kim Hewitt, 1997 This title concerns the different ways in which people use their bodies for self-expression, tattooing, piercing, self-mutilation, which serve both individual and cultural
