Middlebrow Modernism Melinda J. Cooper, 2022-10-01 Eleanor Dark 1901-85 is one of Australia s most innovative 20th century writers Her extensive oeuvre includes ten novels published from the early 1930s to the late 1950s and represents a significant engagement with global modernity from a unique position within settler culture Yet Dark s contribution to 20th century literature has been undervalued in the fields of both Australian literary studies and world literature Although two biographies have been written about her life there has been no book length critical study of her writing published since 1976 Middlebrow Modernism counters this neglect by providing the first full length critical survey of Eleanor Dark s writing to be published in over four decades Focusing on the fiction that Dark produced during the interwar years and reading this in the context of her larger body of work this book positions Dark s writing as important to the study of Australian literature and global modernism Melinda Cooper argues that Dark s fiction exhibits a distinctive aesthetic of middlebrow modernism which blends attributes of literary modernism with popular fiction It seeks to mediate and reconcile apparent binaries modernism and mass culture liberal humanism and experimental aesthetics settler society and international modernity The term middlebrow modernism also captures the way Dark negotiated cosmopolitan commitments with more place based attachments to nation and local community within the mid 20th century Middlebrow Modernism posits that Dark s fiction and the broader phenomenon of Australian modernism offer essential case studies for larger debates operating within global modernist and world literature studies providing perspectives these fields might otherwise miss

Spiritual Transformational Yoga Sally Bassett Ph.D.,2017-02-10 Spiritual transformational yoga takes a step by step approach through the eight limbs of yoga Most people initially come to the mat because of the physical practice and all the benefits that yoga offers for strengthening the body and increasing flexibility The actual point of yoga is to unite oneself with God Yoga is not a religion but is open to all religions It is a spiritual discipline that can provide helpful tools to strengthen one s faith The eight limbs of yoga provides a path to oneness with God The first two limbs concentrate on external and internal values Next comes the postures to prepare the body physically to sit in prayer and

meditation for periods of time Breath work is incorporated after the physical practice to calm the mind even further for meditation It is then that the individual begins withdrawing from the senses going inward to focus and being then eventually meditating and being one with God Dr Sally Bassett has written this book based on her experience of traveling and leading groups to over 120 countries Sally has practiced yoga prayed and or meditated on the banks of the Ganga River in India an abbey with Trappist monks a convent with the Sister of Saint Benedict in Muslim prayer rooms throughout the world and a French ashram in the Loire Valley sung gospel songs around campfires with rural women in Uganda sat with monks in silence across Asia listened to the beliefs from Native American Indians in Western United States prayed in cathedrals across the globe lighting candles too numerous to count and hiked hundreds of miles of the Camino de Santiago pilgrimage in Spain Sally is a humanitarian world traveler seeker and founder of Peace through Yoga Foundation Sally s enthusiasm toward life as well as her creative and spiritual approach to yoga have been keys to her success Her yoga journey has included a twelve year ownership of two yoga studios teaching yoga and philosophy as an adjunct professor at Butler University and cofounding the Yoga and Spirituality program at Christian Theological Center in Indianapolis Indiana Sally lives and teaches yoga in the village of Zionsville Indiana when she is not traveling the world All proceeds go to Peace through Yoga

Lederach,2011-10-21 Around the world communities that have suffered the trauma of unspeakable violence in Liberia Somalia West Africa Columbia and elsewhere are struggling to recover and reconcile searching for ways not just to survive but to heal In *When Blood and Bones Cry Out* John Paul Lederach a pioneer of peace building and his daughter Angela Jill Lederach show how communities can recover and reconnect through the power of making music creating metaphors and telling their extraordinary stories of suffering and survival Instead of relying on more common linear explanations of healing and reconciliation the Lederachs demonstrate how healing is circular dynamic and continuing even in the midst of ongoing violence They explore the concept of social healing a profoundly important intermediary step between active warfare and reconciliation Social healing focuses on the lived experience of those who have suffered protracted violence and their need to give voice to that experience both individually and collectively Giving voice speaking the unspeakable in words and sounds that echo throughout traumatized communities can have enormous healing power Indeed the Lederachs stress the

remarkable effects of sound and vibration through tales of Tibetan singing bowls Van Morrison s transcendent lyrics the voices of mothers in West Africa and their own personal journeys And they include inspiring stories of transformation a mass women s protest movement in Liberia that forces leaders to keep negotiating until a peace agreement is signed elders in Somalia who walk between warring clans year after year to encourage dialogue former child soldiers who run drum workshops and grow gardens in refugee camps and rape victims in Sierra Leone who express their pain in poetry With equal measures of insight and compassion When Blood and Bones Cry Out offers a promising new approach to healing traumatized communities

Science and Religion in Neo-Victorian Novels John Glendening,2013-04-17 Criticism about the neo Victorian novel a genre of historical fiction that re imagines aspects of the Victorian world from present day perspectives has expanded rapidly in the last fifteen years but given little attention to the engagement between science and religion Of great interest to Victorians this subject often appears in neo Victorian novels including those by such well known authors as John Fowles A S Byatt Graham Swift and Mathew Kneale This book discusses novels in which nineteenth century science including geology paleontology and evolutionary theory interacts with religion through accommodations conflicts and crises of faith In general these texts abandon conventional religion but retain the ethical connectedness and celebration of life associated with spirituality at its best Registering the growth of nineteenth century secularism and drawing on aspects of the romantic tradition and ecological thinking they honor the natural world without imagining that it exists for humans or functions in reference to human values In particular they enact a form of wonderment the capacity of the mind to make sense of creatively adapt and enjoy the world out of which it has evolved in short to endow it with meaning Protagonists who come to experience reality in this expansive way release themselves from self anxiety and alienation In this book Glendening shows how by intermixing past and present fact and fiction neo Victorian narratives with a few instructive exceptions manifest this pattern

Becoming a Grand Champion Church Dale Heinold,2012-03-15 There are many ideas about how to increase the size of a church But what if our vision is upside down What if Gods desire is that we focus on being a quality church instead of simply a large church The Bible envisions the church as a spotless bride a vision of quality Todays church seems far from Gods vision of perfection but that does not change the goals God has for His flock Using Psalm 23 as a blueprint Becoming a Grand Champion Church explores how Christ is shepherding His church toward maturity A gap exists between this ages knowledge of sheep and shepherding that makes it difficult to grasp the fullness of Christs shepherding work in the church The author seeks to fill that gap with homespun remembrances of raising sheep to be shown at the county fair He then ties the shepherds duties with practical suggestions of how the whole body can work alongside the Good Shepherd toward Christs vision for His bride The result of following Gods plan is a Grand Champion Church that reflects the qualities of Christ to the world
