Nikulin, 2021-05-11 What does it mean to be human in modernity This book examines being human in its theoretical practical and productive aspects not in abstraction from historical social and political settings but rather as set in concrete historical and material circumstances Through the analysis and close reading of a number of texts of the modern thinkers which include those of Nietzsche Dostoevsky Tolstoy Kracauer Heidegger Benjamin Hans Jonas and Agnes Heller it demonstrates that the complexity and variety of the human experience is grounded in the modern subjectivity which establishes itself as universal rational autonomous and necessary Such a subjectivity is characterised as self legislating or establishing the universal moral law and is further defined by historicity or the interpretation of its actions as conditioned by the previous and current social and political circumstances The book then shows that the multiple facets of modernity make the experience of being human fascinating complicated and ultimately unique     Lucretian Receptions in Prose George

Kazantzidis, 2024-09-02 The examination of Lucretian reception in Latin poetry has been served well by scholars Lucretius' presence in later prose writers on the other hand is a topic that warrants more investigation Susanne Gatzemeier's 2013 monograph *Ut ait Lucretius Die Lukrezrezeption in der lateinischen Prosa bis Laktanz* is an invaluable contribution to the topic but by no means exhaustive either in terms of the potential intertextualities it traces or in terms of its interpretive methods and insights At the same time recent studies implicate Lucretius' name in discussions of prose writers who were not that often thought in the past to have engaged with the *De Rerum Natura* in an active way Caesar and Livy but also Vitruvius and Tacitus are some good examples The present volume taps into this discussion and broadens further our understanding of Lucretian reception in prose writers including Cicero Celsus Seneca the Younger Quintilian Pliny the Younger Plutarch and Lactantius Building on the vast scholarship on the significance of Lucretius as a model for later poets the volume sheds new light on the *De Rerum Natura*'s afterlife by looking at its presence in philosophical prose medical writing oratory epistolary writing and Christian theology     *Seneca* Lucius Annaeus Seneca, 1992 Plays and translators Octavia Kelly Cherry Hercules Oetaeus Stephen Sandy Oedipus Rachel Hadas The Phoenician Women David Slavitt Hercules Furens Dana Gioia Are there no limits to human cruelty Is there any divine justice Do the gods even matter if they do not occupy themselves with rewarding virtue and punishing wickedness Seneca's plays might be dismissed as bombastic and extravagant answers to

such questions if so much of human history were not Senecan in its absurdity melodrama and terror Here is an honest artist confronting the irrationality and cruelty of his world the Rome of Caligula Claudius and Nero and his art reflects the stress of the encounter The surprise perhaps is that Seneca s world is so like our own      **The Stalwarts, Or, Who Were to Blame?** Frances Marie Norton, 1889      **John of Hapsburg. A tragedy. [Attributed in a manuscript note on the titlepage to Richard Lewis Browne.]** , 1843      **Beyond Babel** Larissa Brewer-García, 2020-08-06 In seventeenth century Spanish America black linguistic interpreters and spiritual intermediaries played key roles in the production of writings about black men and women Focusing on the African diaspora in Peru and the southern continental Caribbean Larissa Brewer García uncovers long ignored or lost archival materials describing the experiences of black Christians in the transatlantic slave trade and the colonial societies where they arrived Brewer García s analysis of these materials shows that black intermediaries bridged divisions among the populations implicated in the slave trade exerting influence over colonial Spanish American writings and emerging racial hierarchies in the Atlantic world The translated portrayals of blackness composed by these intermediaries stood in stark contrast to the pejorative stereotypes common in literary and legal texts of the period Brewer García reconstructs the context of those translations and traces the contours and consequences of their notions of blackness which were characterized by physical beauty and spiritual virtue      **Journal of the Asiatic Society of Bengal** , 1898      **The Complete Works of C.
