A Residence Eight Years in Persia, Among the Nestorian Christians Justin Perkins, 2017-07-18. Excerpt from *A Residence Eight Years in Persia Among the Nestorian Christians*. With Notices of the Muhammedans. I am happy to acknowledge my obligation to the Rev R Anderson D.D., one of the respected secretaries of the A.B.C.F.M. and to my esteemed friend and former instructor the Rev Prof N.W. Fiske of Amherst College for valuable advice in relation to the preparation of this work. But if it shall prove acceptable to the reader, it will be especially owing to the unwearied aid of another esteemed college teacher and friend the Rev Prof B.B. Edwards of the Theological Seminary at Andover who has kindly taken the trouble to revise my copy and assist me in correcting the proofs, and whose familiar acquaintance with oriental countries and subjects and experience as an author and an editor are of course a sufficient warrant that no work of the kind could pass under his supervision without material benefit. The Church of the East Christoph Baumer, 2016-09-05. The so-called Nestorian Church, officially known as the Apostolic Assyrian Church of the East with its See in Baghdad, was one of the most significant Christian communities to develop east of the Roman Empire. In its heyday, the Church had 8 million adherents and stretched from the Mediterranean to China. Christoph Baumer is one of the very few Westerners to have visited many of the most important Assyrian sites and has written the only comprehensive history of the Church, which now fights for survival in its country of origin, Iraq, and is almost forgotten in the West. He narrates its rich and colorful trajectory from its apostolic beginnings to the present day and discusses the Church's theology, christology, and uniquely vigorous spirituality. He analyzes the Church's turbulent relationship with other Christian churches and its dialogue with neighboring world religions such as Zoroastrianism.

Manichaeism Islam Buddhism and Taoism Richly illustrated with maps and over 150 full color photographs the book will be essential reading for those interested in a fascinating but neglected Christian community which has profoundly shaped the history of civilization in both East and West **The Merchants' Magazine and Commercial Review** ,1843

Transportation & Technology in Iran, 1800-1940: : Chapar, Carts, Carriages, Automobiles, Bicycles, Motor Cycles, Lodgings, Sewing Machines, Typewriters & Pianos Willem Floor,2023-08-21 Only 100 years ago the main means of transportation in Iran was by quadruped Transportation All these processes are detailed in the book Like cars bicycles and motorcycles also were increasingly used as of the 1920s thus increasing choice in people s mobility More road traffic also implied that travelers needed places to spend the night and eat The change from caravanserais to guest houses and hotels is discussed in part 3 These changes in transportation methods did not come alone for other modern tools of change such as the sewing machine and the typewriter also made their appearance and had a major impact on people s availability and use of time Finally the piano made its entry onto the Iranian musical scene and although not perfectly in tune with the traditional Iranian musical system it is now as much part of music making in Iran as the tar and santur part 4 of the book All these changes and new technologies did not happen overnight or without problems and slow adoption initially was limited to the upper class However with falling prices and changing needs and policies these new technologies eventually reached a larger public and the idea that they once were exotic and out of reach is now inconceivable to Iranians The studies in this book provide a new vantage point and understanding of the transfer of modern technology for scholars of the social economic and cultural history of the Middle East The Christian Examiner ,1843 Christian Examiner and Theological Review ,1843
