Communicating Across Cultures at Work Maureen Guirdham, Oliver Guirdham, 2017-09-16 This revised and updated fourth edition of this core textbook builds on the

text's established success. It provides the basis of knowledge, understanding and practice for developing skilled work communication in an intercultural world. Using many illustrations and international examples, the book analyses culture, cultural diversity and cultural similarities and differences in how we interact at work and in the psychological factors that influence our communication. It shows how to overcome impediments to intercultural communication and interact effectively with different others, whether face to face or by email, chat, text, phone or video. It describes cultural differences in negotiating, cooperation, coordination, knowledge sharing, working in groups and leadership and demonstrates how to perform these activities skilfully in an intercultural setting. This textbook is the ideal companion for students taking undergraduate modules in cross cultural management or managing diversity on international business or business administration degrees, in addition to MBA courses and specialist postgraduate modules on international and comparative management. New to this Edition: New and improved pedagogical features including end of Part exercises, activities and role plays. Topic by topic coverage of computer mediated communication explaining how it is affected by culture and in turn affects intercultural communication. Discussion of new developments in the field such as the increasing emphasis on language and discourses. Focus on new types of research such as country by country studies and reports of realities on the ground.

Handbook of Research on the Impact of Culture in Conflict Prevention and Peacebuilding Essien, Essien, 2020-03-20. The contemporary conflict scenarios are beyond the reach of standardized approaches to conflict resolution. Given the curious datum that culture is implicated in nearly every conflict in the world, culture can also be an important aspect of efforts to transform destructive conflicts into more constructive social processes. Yet what culture is and how culture matters in conflict scenarios is contested and regrettably unexplored. The Handbook of Research on the Impact of Culture in Conflict Prevention and Peacebuilding is a critical publication that examines cultural differences in conflict resolution based on various aspects of culture such as morals, traditions and laws. Highlighting a wide range of topics such as criminal justice, politics and technological development, this book is essential for educators, social scientists, sociologists, political leaders, government officials, academicians, conflict resolution practitioners, world peace organizations, researchers and students.
