Revisionism And Empire Socialist Imperialism In Germany 1897 1914:

Revisionism and Empire Roger Fletcher, 2018 First published in 1984 Revisionism or reformism has long been recognised as one of the main intellectual ancestors of democratic socialism the last survivor of the tradition of Enlightenment progressivism and the only viable alternative to conservatism on the one hand and Marxist Leninism on the other Both as a movement and as an ideology revisionism like Marxism had its origins in Germany but has not received anything like the same attention This study is concerned with two relatively neglected aspects of German revisionism its diversity and its international relations theorising while focusing on those revisionists who were associated with Joseph Bloch's journal the Sozialistische Monatshefte Roger Fletcher demonstrates that the revisionist movement consisted of neo Kantians pragmatists and reformists of several kinds as well as theoretical revisionists like Edward Bernstein the alleged father of revisionism and that the political importance of Bernstein who was primarily a transplanted British Radical has been widely misunderstood and exaggerated He shows that the most influential figure in pre 1914 German revisionism was not Bernstein but Bloch the leader of a small band of socialist imperialists who hoped to use nationalist ideology as a means of integrating the German working class into the Wilhelmine state and society He argues that despite the limited success enjoyed by this grey eminence of Wilhelmine Social Democracy Bloch and Bernstein both came to grief on the masses rock like indifference to all theory This is the first serious study of revisionism as a movement and one of the only studies of right wing German socialist foreign policy views in the Wilhelmine era While revealing the central importance of the previously neglected Bloch and his journal in Wilhelmine Social Democracy it also sheds fresh light on the thought of Bernstein and his role in classical German Social Democracy The result of extensive research in Germany and Austria it is based on a solid grasp of the secondary literature as well as thorough mastery of all the relevant primary sources Provided by publisher The Ashgate Research Companion to Imperial Germany Matthew Jefferies, 2016-03-03 Germany's imperial era 1871 1918 continues to attract both scholars and the general public alike The American historian Roger Chickering has referred to the historiography on the Kaiserreich as an extraordinary body of historical scholarship whose quality and diversity stands comparison with that of any other episode in European history This Companion is a significant addition to this body of scholarship with the emphasis very much on the present and future Questions of continuity remain a vital and necessary line of historical enquiry and while it may have been short lived the Kaiserreich remains central to modern German and European history The volume allows 25 experts from across the globe to write at length about the state of research in their own specialist fields offering original insights as well as historiographical reflections and rounded off with extensive suggestions for further reading The chapters are grouped into five thematic sections chosen to reflect the full range of research being undertaken on imperial German history today and together offer a comprehensive and authoritative reference resource Overall this collection will provide scholars and students with a lively take on this fascinating period of German history from the nation's unification in 1871 right up until the

end of World War I Marxist Intellectuals and the Working-class Mentality in Germany, 1887-1912 Stanley Pierson, 1993

How does one explain the presence of educated recruits in movements that were overwhelmingly working class in composition How did intellectuals function within the movements In the first in depth exploration of this question Stanley Pierson examines the rise development and ultimate failure of the German Social Democrats the largest of the European socialist parties from 1887 to 1912 Prominent figures such as Karl Kautsky August Bebel Rosa Luxemburg and Eduard Bernstein are discussed but the book focuses primarily on the younger generation These forgotten intellectuals Max Schippel Paul Kampffmeyer Conrad Schmidt Paul Ernst and others struggled most directly with the dilemmas arising out of the attempt to translate Marxist doctrines into practical and personal terms These young writers speakers and politicians set out to supplant old ways of thinking with a Marxist understanding of history and society Pierson weaves together over thirty intellectual biographies to explore the relationship between ideology and politics in Germany He examines the conflict within Social Democracy between the revisionist intellectuals who sought to adapt Marxist theory to changing economic and social realities and those orthodox and radical intellectuals who attempted to remain faithful to the Marxist vision By examining the struggles of the socialist intellectuals in Germany Pierson brings out the special features of German cultural social and political life before World War I His study of this critical time in the development of the German Social Democratic party also illuminates the wider development of Marxism in Europe during the twentieth century **Germany and the Modern World, 1880-1914** Mark Hewitson, 2018-07-05 Re assesses Germany's relationship with the wider world before 1914 by examining the connections between nationalism transnationalism imperialism and globalization Left Liberals, the State, and Popular Politics in Wilhelmine Germany Alastair Thompson, 2000-11-16 Although often viewed as ineffectual intellectuals or a spent political force Left Liberals had become the third largest party in German politics by 1914 and in the German Revolution of 1918-19 it was Left Liberals who effectively wrote the new Weimar constitution This study based on extensive original research investigates Left Liberals in the locality as well as at the national level with case studies ranging from Kiel to Kattowitz Overturning old notions of German liberalism as the helpless victim of mass mobilization and political polarization it is central to understanding both increasing left liberal influence and support on the eve of the First World War and why liberal values could not be consolidated after 1918 This study has powerful general implications for the history of imperial Germany reassessing the role of political parties public perceptions of politics and the impact and character of the state **To the Threshold of Power, 1922/33** MacGregor Knox, 2007-09-10 To the Threshold of Power is the first volume of a two part work that seeks to explain the origins and dynamics of the Fascist and National Socialist dictatorships It lays a foundation for understanding the Nazi and Fascist regimes through parallel investigations of Italian and German society institutions and national myths the supreme test of the First World War and the post 1918 struggles from which the Fascist and National Socialist movements emerged It emphasizes two principal sources of movement the nationalist mythology of the

intellectuals and the institutional culture and agendas of the two armies especially the Imperial German Army and its Reichswehr successor The book s climax is the cataclysm of 1914 18 and the rise and triumph of militarily organized radical nationalist movements Mussolini s Fasci di combattimento and Hitler s National Socialist German Workers Party dedicated to the perpetuation of the war and the overthrow of the post 1918 world order *National Identity and Political Thought in Germany* Mark Hewitson,2000 This original study examines the interrelationship between the construction of national identity and the transformation of political thought in Germany before the First World War During the decade or so before the war the German Empire was challenged openly by both left and right for the first time since the 1870s Paradoxically however this pre war crisis of Germanys system of government occurred during a period of increasing nationalism which created a solid cross party basis of support for the Empire as a nation state This pioneering study argues that Wilhelmine debates about the reform of the German Empire can only be understood in the context of a broader discussion and comparison of European and American political regimes which took place in Germany after the turn of the century In such contemporary debates about a German Sonderweg France remained a principal point of reference because French style parliamentarism had come to be viewed as the main alternative to German constitutionalism By analysing Wilhelmine depictions of the Third Republic Dr Hewitson revises accepted interpretations of German politics and nationalism **The Assassination of Europe, 1918-1942** Howard M. Sachar,2014-10-29 A look at how the political assassinations that occurred in Europe between 1918 and 1939 shaped the history and politics of the continent **Culture and Political Crisis in Vienna** John W. Boyer,1995-08-15 In this sequel to *Political Radicalism in Late Imperial Vienna* John Boyer picks up the history of the Christian Social movement after founder Karl Lueger s rise to power in Vienna in 1897 and traces its evolution from a group of disparate ward politicians through its maturation into the largest single party in the Austrian parliament by 1907 to its major role in Imperial politics during the First World War Boyer argues that understanding the unprecedented success that this dissident bourgeois political group had in transforming the basic tenets of political life is crucial to understanding the history of the Central European state and the ways in which it was slowly undermined by popular electoral politics The movement s efforts to save the Austrian Empire by trying to create an economically integrated but ethnically pluralistic state are particularly enlightening today in the shadow of ethnic violence in Sarajevo where began the end of the Austrian Empire in 1914 The most comprehensive account of any mass political movement in late nineteenth century Central Europe this two volume work is crucial reading for anyone interested in Hapsburg history German history or the history of social democracy *The Red Flag* David Priestland,2016-05-03 The best and the most accessible one volume history of communism now available A far reaching vividly written account Foreign Affairs In *The Red Flag* Oxford professor David Priestland tells the epic story of a movement that has taken root in dozens of countries across two hundred years from its birth after the French Revolution to its ideological maturity in nineteenth century Germany to its rise to dominance and

subsequent fall in the twentieth century Beginning with the first modern Communists in the age of Robespierre Priestland examines the motives of thinkers and leaders including Marx Engels Lenin Stalin Castro Che Guevara Mao Ho Chi Minh Gorbachev and many others Priestland also shows how Communism in all its varieties appealed to different societies for different reasons in some as a response to inequalities and in others more out of a desire to catch up with the West But paradoxically while destroying one web of inequality Communist leaders were simultaneously weaving another It was this dynamic together with widespread economic failure and an escalating loss of faith in the system that ultimately destroyed Soviet Communism itself At a time when global capitalism is in crisis and powerful new political forces have arisen to confront Western democracy The Red Flag is essential reading if we are to apply the lessons of the past to navigating the future Detailed and scholarly but written in lively prose this is a rich satisfying account of the most successful utopian political movement in history Publishers Weekly starred review *The Price of Exclusion* Eric Kurlander,2006-08-01 The failure of Liberalism in Germany and its responsibility for the rise of Nazism has been widely discussed among scholars inside and outside Germany This author argues that German liberalism failed because of the irreconcilable conflict between two competing visions of German identity In following the German liberal parties from the Empire through the Third Reich Kurlander illustrates convincingly how an exclusionary racist Weltanschauung conditioned by profound transformations in German political culture at large gradually displaced the liberal universalist conception of a democratic Rechtsstaat Although there were some notable exceptions this widespread obsession with racial community Volksgemeinschaft caused the liberal parties to succumb to ideological lassitude and self contradiction paving the way for National Socialism From Kaiserreich to Third Reich Fritz Fischer,2019-06-26 Originally published in English in 1986 this book offers a concise summary of the contribution Fritz Fischer and his school made to German historiography in the 20th century and in particular draws attention to continuity in the development and power structures of the German Reich between 1871 and 1945 After 1866 the traditional elites wanted to avoid fundamental changes in society expecting a victorious war to secure their own position at home and to broaden the European base of the German Reich Even as the Blitzkrieg expectations foundered these ambitions persisted beyond 1918 In the face of working class hostility these elites were unable to mobilize mass support for their interests but Hitler fashioned a mass party The alliance between these unequal partners led to the Third Reich but with its collapse in 1945 the Prusso German Reich came to an end Only with the German Federal Republic did the liberal democratic traditions of German history again come into their own **Storia della storiografia** ,2003 The rise of the Nazis Conan Fischer,2024-07-30 How and why did the Nazis seize power in Germany Nearly seventy years on the question remains heated and important discoveries continue to challenge long standing assumptions Beginning with an overview of the historical context within which Nazism grew looking at the foreign relations politics and society of Weimar and in particular at the role of the elites in the rise of Nazism The book questions the anatomy of Nazism itself What lent Nazi ideology its coherence and

credibility What distinguished the Nazi s programme from their competitors and how did they project it so effectively How was Hitler able to put together and fund an organisation so quickly and effectively that it could launch a sustained assault on Weimar Who supported the Nazis and what were their motives Where precisely does Nazism belong in the history of Europe Since the publication of the first edition important new works have appeared and this new scholarship has been incorporated into the text

Wilhelm II and the Germans Thomas A. Kohut,1991-08-01 This book explores the personification inherent in the notion of Wilhelmian Germany by investigating the psychological dimension of Wilhelm II s leadership of the Germans Despite his historical reputation many Germans welcomed the Kaiser s leadership The years between 1890 and 1914 were known as the Wilhelmian era in Germany and even critics of Wilhelm II thought it somehow fitting that he should be the German emperor The author argues that Wilhelm II s personal needs and the needs of Germans in an age of intense nationalism made him the symbol of the nation

The Palgrave Encyclopedia of Imperialism and Anti-Imperialism Immanuel Ness,Zak Cope,2016-04-29 The Palgrave Encyclopedia Imperialism and Anti Imperialism objectively presents the prominent themes epochal events theoretical explanations and historical accounts of imperialism from 1776 to the present It is the most historically and academically comprehensive examination of the subject to date

[The Rise of National Socialism and the Working Classes in Weimar Germany](#) Conan Fischer,1996 Before seizing power the Nazi movement assembled an exceptionally broad social coalition of activists and supporters Many were working class but there remains considerable disagreement over the precise size and structure of this constituency and still more over its ideology and politics An indispensable work for scholars of interwar Germany and Nazism in general

Political Culture in Australian Perspective John A. Moses,2024-08-01

The Cambridge History of Socialism: Volume 2 Marcel van der Linden,2022-11-24 This volume describes the various movements and parties across all six continents that wanted social change through state transformation It begins with a reconstruction of social democracy s trajectories from the 1870s until the present The evolution of socialism on different continents is illustrated through a number of national case studies Experiments at a subnational level for example municipal socialism are also explored as are the varying experiences of international umbrella organizations The next part focuses on divergent socialist experiments and ideologies in several parts of the world including South Asia Africa the Arab world Brazil Venezuela and Israel Palestine followed by an overview of independent socialist movements including left socialist parties of the 1930s and the post war period and the global New Left since its beginnings in the 1950s The volume concludes with critical essays on socialism s long term and global development

Routledge Library Editions: World Empires Various,2021-07-09 The 16 volumes in this set originally published between 1919 and 1998 draw together research by leading academics in the area of World Empires and provide an examination of related key issues The books examine French Colonialism the German Empire and the Ottoman Empire as well as the effect European colonialism had in Africa and Asia This set will be of particular interest to students of world history

Revisionism And Empire Socialist Imperialism In Germany 1897 1914 Introduction

Free PDF Books and Manuals for Download: Unlocking Knowledge at Your Fingertips In today's fast-paced digital age, obtaining valuable knowledge has become easier than ever. Thanks to the internet, a vast array of books and manuals are now available for free download in PDF format. Whether you are a student, professional, or simply an avid reader, this treasure trove of downloadable resources offers a wealth of information, conveniently accessible anytime, anywhere. The advent of online libraries and platforms dedicated to sharing knowledge has revolutionized the way we consume information. No longer confined to physical libraries or bookstores, readers can now access an extensive collection of digital books and manuals with just a few clicks. These resources, available in PDF, Microsoft Word, and PowerPoint formats, cater to a wide range of interests, including literature, technology, science, history, and much more. One notable platform where you can explore and download free Revisionism And Empire Socialist Imperialism In Germany 1897 1914 PDF books and manuals is the internet's largest free library. Hosted online, this catalog compiles a vast assortment of documents, making it a veritable goldmine of knowledge. With its easy-to-use website interface and customizable PDF generator, this platform offers a user-friendly experience, allowing individuals to effortlessly navigate and access the information they seek. The availability of free PDF books and manuals on this platform demonstrates its commitment to democratizing education and empowering individuals with the tools needed to succeed in their chosen fields. It allows anyone, regardless of their background or financial limitations, to expand their horizons and gain insights from experts in various disciplines. One of the most significant advantages of downloading PDF books and manuals lies in their portability. Unlike physical copies, digital books can be stored and carried on a single device, such as a tablet or smartphone, saving valuable space and weight. This convenience makes it possible for readers to have their entire library at their fingertips, whether they are commuting, traveling, or simply enjoying a lazy afternoon at home. Additionally, digital files are easily searchable, enabling readers to locate specific information within seconds. With a few keystrokes, users can search for keywords, topics, or phrases, making research and finding relevant information a breeze. This efficiency saves time and effort, streamlining the learning process and allowing individuals to focus on extracting the information they need. Furthermore, the availability of free PDF books

and manuals fosters a culture of continuous learning. By removing financial barriers, more people can access educational resources and pursue lifelong learning, contributing to personal growth and professional development. This democratization of knowledge promotes intellectual curiosity and empowers individuals to become lifelong learners, promoting progress and innovation in various fields. It is worth noting that while accessing free Revisionism And Empire Socialist Imperialism In Germany 1897 1914 PDF books and manuals is convenient and cost-effective, it is vital to respect copyright laws and intellectual property rights. Platforms offering free downloads often operate within legal boundaries, ensuring that the materials they provide are either in the public domain or authorized for distribution. By adhering to copyright laws, users can enjoy the benefits of free access to knowledge while supporting the authors and publishers who make these resources available. In conclusion, the availability of Revisionism And Empire Socialist Imperialism In Germany 1897 1914 free PDF books and manuals for download has revolutionized the way we access and consume knowledge. With just a few clicks, individuals can explore a vast collection of resources across different disciplines, all free of charge. This accessibility empowers individuals to become lifelong learners, contributing to personal growth, professional development, and the advancement of society as a whole. So why not unlock a world of knowledge today? Start exploring the vast sea of free PDF books and manuals waiting to be discovered right at your fingertips.

FAQs About Revisionism And Empire Socialist Imperialism In Germany 1897 1914 Books

1. Where can I buy Revisionism And Empire Socialist Imperialism In Germany 1897 1914 books? Bookstores: Physical bookstores like Barnes & Noble, Waterstones, and independent local stores. Online Retailers: Amazon, Book Depository, and various online bookstores offer a wide range of books in physical and digital formats.
