Offen, 2000 This ambitious book explores challenges to male hegemony throughout continental Europe over the past 250 years For general readers and those interested primarily in the historical record it provides a comprehensive comparative account of feminist developments in European societies as well as a rereading of European history from a feminist perspective By placing gender or relations between women and men at the center of European politics it aims to reconfigure our understanding of the European past and to make visible a long but neglected tradition of feminist thought and politics On another level the book seeks to disentangle some misperceptions and to demystify some confusing contemporary debates about the Enlightenment reason nature and public vs private equality vs difference In the process the author aims to show that gender is not merely a useful category of analysis but that sexual difference lies at the heart of human thought and politics Memoirs of an Artist Anna Elizabeth Klumpke, 1940 Good Housekeeping Magazine , 1890 The World's Chronicle Eleanor Atkinson, Francis B. Atkinson, Lewis A. Convis, 1901 **Century Path** , 1906 *The Englishwoman's Review of Social and Industrial Questions* Janet Murray, Myra Stark, 2016-12-19 The Englishwoman s Review which published from 1866 to 1910 participated in and recorded a great change in the range of possibilities open to women The ideal of the magazine was the idea of the emerging emancipated middle class woman economic independence from men choice of occupation participation in the male enterprises of commerce and government access to higher education admittance to the male professions particularly medicine and of course the power of suffrage equal to that of men First published in 1979 this nineteenth volume contains issues from 1886 With an informative introduction by Janet Horowitz Murray and Myra Stark and an index compiled by Anna Clark this set is an invaluable resource to those studying nineteenth and early twentieth century feminism and the women s movement in Britain The Guerrilla Girls' Bedside Companion to the History of Western Art Guerrilla Girls, 1998 A tart funny lurid little bomb of a book It s all p c of course but not at all predictable and a lot of righteous information gets dispersed in record time BUST Magazine We were Guerillas before we were Gorillas From the beginning the press wanted publicity photos We needed a disguise No one remembers for sure how we got our fur but one story is that at an early meeting an original Girl a bad speller wrote Gorilla instead of Guerilla It was an enlightening mistake It gave us our mask ulinity Ever wonder about the abundance of naked male statues in the Classical section of your favorite museum Did you know medieval convents were hotbeds of female artistic expression And how did those bad boy artists of the twentieth century make it even harder for a girl to get a break Thanks to the Guerrilla Girls those masked feminists whose mission it is to break the white male stronghold over the art

world art history as we know it is history Taking you back through the ages the Guerrilla Girls demonstrate how males particularly white males have dominated the art scene and discouraged belittled or obscured women s involvement Their skeptical and hilarious interpretations of popular theory are augmented by the newest research and the expertise of prominent feminist art historians Believe it or not quotations from some of the experts are sprinkled throughout as are the Guerrilla Girls signature masterpieces reproductions of famous art works slightly altered for historic accuracy and vindication This colorful reinterpretation of classic and modern art as outrageous as it is visually arresting is a much needed corrective to traditional art history and an unabashed celebration of female artists **The New International**
