Seoul Sketches:

Seoul's Historic Walks in Sketches Janghee Lee, 2018-08-16 Seoul is a rapidly changing city the epitome of the latest trends and technology But looking closely in between the skyscrapers there lie hints that reveal an alternate story a story of a 600 year old capital city Seoul's Historic Walks in Sketches discovers and brings to life these stories From the Joseon era's palaces and fortresses to modern skyscrapers of glass and steel built on historic sites the author's pencil sketches bring forth a new dimension of Seoul Accompanying the illustrations are his insightful witty commentaries on local history that go a long way in presenting readers with a captivating view of the unknown city a city almost exotic in its mystery A city its architecture and its history 15 must see attractions in old town Seoul Through the Joseon Dynasty 1392 1910 Japanese colonial rule the Korean War industrialization and democratization movements countless stories of the changing times have been engraved in the nooks and crannies of Seoul This book is a retrospect of the forgotten city of Hanyang old Seoul reviving the history once lived within the four ancient great gates Many of the places covered in this book are among Seoul's most famous landmarks and popular tourist attractions yet the sagas unraveled at each destination impart an unconventional perspective The author's remarkably discerning eye notices and depicts the minute details most would miss around the city For those unmoved by the textbook photographs and dry histories of existing guides to Seoul this book's intimate charm is sure to please The ever changing city of Seoul Sites and stories unfamiliar even to locals It would be an understatement to say that this book is only dedicated to tracking down the historical traces of Seoul As the author says Seoul isn't an antique it's an ever changing organism He discusses the recent changes that have proven significant to the city and introduces hidden attractions around the city from an ecological park on a skyscraper rooftop to evidence of historical figures cleverly hidden in amongst the buildings Seoul Historic Walks in Sketches contains extraordinary and unmatched insight into the city
