The First Naipaul World Epics , 2021-07-31 The plethora of commentary from highly respected voices in a broad cross section of academic disciplines which V S Naipaul s death on 11 August 2018 elicited ranged so widely both cognitively and emotionally that if a student of literature unfamiliar with the Naipaulian era read it all they would have failed to make sense of the divergences Allegations included that he was a cruel man a scarred man the darkest dungeons of colonialism incarnate self punishing self loathing world loathing full of nastiness and fury a ventriloquist for the nastiest cliches European colonialism had devised to rule the world with arrogance and confidence and so on On the other hand writers referred to Naipaul as a brilliant writer s writer one who holds a mirror of imagination unto society to capture a certain view of reality and one who has turned the genre of the travelogue into an art form Debates aside many of us appreciate the value of Naipaul s writing to the deepest possible comprehension of the imperial impulse and the myriad reasons it manifested as colonialism The First Naipaul World Epics is the first in a series of critical collections that aim to demonstrate this value At the same time the series seeks to help the new student through the quagmire of divergent opinions his personality and writing have generated

Semiotics And Information Sciences Paul Perron, 2000-12 Very little has been done to show the explicit connection between the representation and the study of information despite the obvious relation that exists between them The purpose of the conference held at Victoria College at the University of Toronto in October 1998 titled Semiotics and the Information Sciences was precisely to focus attention on this pivotal nexus especially given that we now live in a so called information age where it is becoming increasingly more difficult to distinguish between information itself and its interpretation The invited papers appearing in this volume given by experts in semiotics and the

information sciences that were designed to investigate this relation by analysis explication and illustration contain significant implications for studying information in the future

Creating Value Laura R. Oswald, 2015 In global consumer culture brands structure an economy of symbolic exchange that gives value to the meanings consumers attach to the brand name logo and product category Brand meaning is not just a value added to the financial value of goods but has material impact on financial markets themselves Strong brands leverage consumer investments in the cultural myths social networks and ineffable experiences they associate with marketing signs and rituals Creating Value The Theory and Practice of Marketing Semiotic Research is a guide to managing these investments by managing the cultural codes that define value in a market or consumer segment The book extends the discussion beyond the basics of semiotics to post structural debates related to ethnographic performance multicultural consumer identity the digitalized consumer and heterotopic experiences of consumer space The book invites readers to challenge the current thinking on topics ranging from cultural branding and brand rhetoric to digital media

management and service site design It also emphasizes the role of product category codes and cultural trends in the production of perceived value Creating Value explains theory in language that is accessible to academics and students as well as research practitioners and marketers By applying semiotics to the everyday world of the marketplace the book makes sense of the semiotics discipline which is often mystified by technical jargon and hair splitting debate in the academic literature The book also provides practitioners and professors with a practical guide to the methods used in semiotic research across the marketing mix
