Silent Thief:

What's in My Heart? Esther B. Jimenez, 2011-09-29 French philosopher and writer Voltaire once said Poetry is the music of the soul and above all of great and feeling souls Poetry has the unique ability to grasp the inner reaches of our soul through the unique life experiences of the author *Whats In My Heart Volume II* has beautifully and authentically done just like that searched the recesses of our soul If you are in search of an anthology of well crafted and thought provoking vignettes about real life struggles with GOD always by your side this book is a must have Dr Marc Alan Brunelle Minister of Liturgy Music St Marcelline Catholic Church Schaumburg Illinois **WHAT MATTERS MOST** What matters most is how we treat people What matters most is how we live our lives What matters most is how we say things What matters most is to have peace in our hearts We are blessed people of GOD We are indeed created in GODs Image We have our Blessed Mother to intercede We have our LORD JESUS who redeems our sins We have the holy angels who sing for us We have the holy saints whom we invoked We have the Holy Spirit at our side How amazing this life is And thats what matters most How about you what matters in your life most

Deep Inner Thoughts Esther B. Jimenez, 2015-11-09 This book is not about how to cope with grief nor about dwelling on it It is about my own facing of the uncertainty of death The uniqueness of this book is that it is a confession of an ordinary woman like me actually this is my own confession about pondering on how to face death gracefully and focusing on doing so without valid reason such as suffering from terminal illness of any sort It is indeed just plain boldness on my part It is a challenge not to fear death but a challenge to love death as a friend and to treat it as a blessing My goals in this book are to express my inner thoughts and feelings to share my concept of death to the readers to let the world know that there is a healthy way a healthy approach to death and utmost ly to spend the time given to live a quality life

The Shimmering Blond Sister David Handler, 2010-10-12 In this delightful adventure featuring the mismatched crime fighting duo of film critic Mitch Berger and Connecticut state trooper Des Mitry Mitch s New York City past and his Dorset present collide head on Back when Mitch was a chubby thirteen year old living in Stuyvesant Town Beth Breslauer a lovely blond single mother lived across the hall with her son Kenny These days she s a wealthy widow who owns a condominium in the Captain Chadwick House the Dorset Historic District s most exclusive condo complex Kenny is engaged to marry Mitch s yoga teacher Kimberly Farrell Kimberly s parents are Beth s neighbors They are also social pariahs Her father was one of the Wall Street power brokers responsible for the sub prime home loan meltdown and her mother is praying that Kimberly s elaborate engagement party will endear them to their lost friends Meanwhile Augie Donatelli a retired police detective who manages the Captain Chadwick House is positive he s figured out the identity of the infamous Dorset Flasher an elusive ski masked figure who has been terrorizing wealthy widows after dark He also believes that Beth is the proud descendent of a long line of professional thieves He demands that Des do something about it but Des dismisses his charges as the wild rants of a lonely bitter drunkard which is rather unfortunate because when Augie turns up dead Des is

included in the round up of suspects That leaves it up to Mitch to find out what really happened even though it means he ll have to find out more about the people in his life than he ever wanted to The Shimmering Blond Sister is David Handler s most emotionally gripping book in the series yet

Lost Lighthouses Oliver Scott, AI, 2025-02-20 Lost Lighthouses explores the captivating yet often overlooked history of lighthouses that have disappeared from coastlines around the world It delves into why these vital maritime structures once beacons of safety and engineering marvels have been lost to time and the elements The book examines the primary causes for their disappearance including coastal erosion destructive storms and technological advancements that rendered some obsolete For instance many early lighthouses were simply built in poor locations or with inadequate construction leading to their early demise others fell victim to governmental neglect or shifting economic priorities The book progresses chronologically starting with early lighthouse designs and moving through case studies of specific lost lighthouses highlighting the interplay of environmental factors technological changes and human decisions What makes this book unique is its blend of historical narrative with scientific analysis creating a comprehensive understanding of these vanished landmarks and their impact on coastal communities and maritime heritage It emphasizes that the disappearance of these structures represents not only a loss of physical landmarks but also a fading connection to our nautical history reminding us of the constant battle between human endeavor and the natural world Structured in three parts Lost Lighthouses outlines the general history and reasons for disappearance presents detailed case studies and explores the implications of these losses including lighthouse preservation efforts By drawing on historical documents nautical charts and archaeological surveys the book offers a distinctive perspective suitable for history enthusiasts and travelers alike providing valuable insights into a little known aspect of maritime history
