From Narratology to Computational Story Composition and Back Leonid Berov, 2023-03-15 Although both deal with narratives the two disciplines of Narrative Theory NT and Computational Story Composition CSC rarely exchange insights and ideas or engage in collaborative research The former has its roots in the humanities and attempts to analyze literary texts to derive an understanding of the concept of narrative The latter is in the domain of Artificial Intelligence and investigates the autonomous composition of fictional narratives in a way that could be deemed creative The two disciplines employ different research methodologies at contradistinct levels of abstraction making simultaneous research difficult while a close exchange between the two disciplines would undoubtedly be desirable not least because of the complementary approach to their object

of study This book From Narratology to Computational Story Composition and Back describes an exploratory study in generative modeling a research methodology proposed to address the methodological differences between the two disciplines and allow for simultaneous NT and CSC research It demonstrates how implementing narratological theories as computational generative models can lead to insights for NT and how grounding computational representations of narrative in NT can help CSC systems to take over creative responsibilities It is the interplay of these two strands that underscores the feasibility and utility of generative modeling The book is divided into 6 chapters an introduction followed by chapters on plot fictional characters plot quality estimation and computational creativity wrapped up by a conclusion The book will be of interest to all those working in the fields of narrative theory and computational creativity

A Good Year On Belle Ile en Mer Byron Lehman, Belle le en Mer is a placid jewel off the French coast in the Bay of Biscay Its rocky shores are said to be at times brutal yet surrounded by a brushed blue sea and a clear blue celestial canopy overhead The sandy beaches adorn it like sequins dashed along the fringes of a majestic robe It is neither costumed in opulence nor shrouded in poverty It is gentle and inviting It is a secret place and a place for privacy It is an island that listens and never speaks Its secrets are carried far by the winds and scattered among the swells beyond It is more than the common humble farms modest homes tranquil green pastures gentle sloops and rounded hilltops It is not the small clusters of houses huddled into bergs and villages quietly existing for the sake of trust fidelity and friendship It is all things in concert Like the face of beauty grace and elegance It is a confident smile amid the sea Some say the best things in life are the things not planned and the randomly unexpected Rich Larsen never knew of Belle le en Mer s existence until a few months before his arrival It is there he resides for the next year of his life That year will be like no year he will ever experience again It is far beyond the adventures of the past or the unseen ahead His heart will remain there forever

Atlantic Afterlives in Contemporary Fiction S. Ahlberg, 2016-04-08 Atlantic Afterlives in Contemporary Fiction offers fresh readings of what has been called transatlantic literature In selected twentieth and twenty first century texts it discovers a shift from oceanic place based knowledge to an atmospheric placeless circulation of information Consonant with the displacements of the Information Age this book reads contemporary narrative as it imagines and navigates today s virtual spaces An important conclusion of the book is that intellectual resources are finite and should be used sustainably Thus arguing against a conventional comparative approach this book proposes reading practices that resist the tendency toward an oversupply of reworked literary contexts that seems bent on matching the reach of the World Wide Web Instead the book reimagines place as a practice in the way it is communicated and narrated Ultimately this book empowers the reader to reimagine a future for narrative in the Information Age

Latitudes of Longing Shubhangi Swarup, 2021 The phenomenal Indian bestseller Winner of the Tata Lit Live Best First Book of the Year Award Intense lyrical and powerful This is a remarkable debut Jeet Thayil author of Narcopolis and The Book of Chocolate Saints Latitudes of Longing is a book to be savoured The Hindu Bold and imaginative India Today A prizewinning literary epic of the

subcontinent for readers of Yaa Gyasi's *HOMEGOING* and Chimamanda Ngozi Adichie's *HALF OF A YELLOW SUN*. In the feverish tropics of the Andaman Islands a young botanist tends to a fragile rose he has imported to welcome his bride. Hoping their marriage will bloom in this strange life hundreds of miles from the east coast of India he is entranced by Chanda Devi's fierce nature and unusual gifts speaking to trees and the ghosts of former colonialists. These islands she tells her adoring husband rest on a faultline cracked so deep into the earth that spirits cross the boundary freely. But it is not this fracture that takes a tragic bite out of their happiness. With the family riven by heartbreak their maid takes the chance to resolve her own past mistakes. Having abandoned her son many years before she now traces him to Myanmar only to find him in prison the enemy of a brutal regime. The faultline she followed over the Indian Ocean now cuts north into Nepal where the prisoner's ally an itinerant drug dealer tries to rescue a young woman from the dancing bars of Kathmandu. It shadows his footsteps into the Karakoram mountains where a scientist looks deep into the abyss between India and Pakistan. It rises all the way to the snow deserts beyond the reach of nation or war where an elder of the village waits for the return of his true love bringing all their journeys full circle. A breathtaking epic *Latitudes of Longing* possesses the reader with a blazing sense of wonder. Shubhangi Swarup's vision goes deeper than the human stories of the subcontinent to reveal the conscious history of the earth itself. Tender in every detail touched with humour and profound humanity this is a novel brimming with life an original masterpiece.

Kinship Novels of Early Modern Korea Ksenia Chizhova, 2021-01-12 The lineage novel flourished in Korea from the late seventeenth to the early twentieth century. These vast works unfold genealogically tracing the lives of several generations. New storylines often written by different authors follow the lives of the descendants of the original protagonists offering encyclopedic accounts of domestic life cycles and relationships. Elite women transcribed these texts which span tens and even hundreds of volumes in exquisite vernacular calligraphy and transmitted them through generations in their families. In *Kinship Novels of Early Modern Korea* Ksenia Chizhova foregrounds lineage novels and the domestic world in which they were read to recast the social transformations of Chosŏn Korea and the development of early modern Korean literature. She demonstrates women's centrality to the creation of elite vernacular Korean practices and argues that domestic focused genres such as lineage novels commemorative texts and family tales shed light on the emergence and perpetuation of patrilineal kinship structures. The proliferation of kinship narratives in the Chosŏn period illuminates the changing affective contours of familial bonds and how the domestic space functioned as a site of their everyday experience. Drawing on an archive of women centered elite vernacular texts Chizhova uncovers the structures of feelings and conceptions of selfhood beneath official genealogies and legal statutes revealing that kinship is as much a textual as a social practice. Shedding new light on Korean literary history and questions of Korea's modernity this book also offers a broader lens on the global rise of the novel.

Yehuda Amichai Nili Scharf Gold, 2019-04-15 Yehuda Amichai is one of the twentieth century's and Israel's leading poets. In this remarkable book Nili Scharf Gold offers a profound reinterpretation of Amichai's

early works and reconstructs his poetic biography Her close reading of his oeuvre untapped notebooks and a cache of unpublished letters to a woman identified as Ruth Z that Gold discovered convincingly demonstrates how the poet's German past infused his work despite his attempts to conceal it as he adopted an Israeli identity
