Longman Dictionary Of English Idioms:

Longman Dictionary of English Idioms Thomas Hill Long, 1979 This dictionary contains an analysis of over 4500 idioms plus over 6000 example sentences many taken from authentic written and spoken sources There is grammatical information on how to use idioms correctly plus explanations of the origins of idioms and cross references *Longman Dictionary of English Idioms* Thomas Hill Long, 1979-01 A complete and easy to use guide to English idioms With its detailed analysis of over 4500 idioms the Longman Dictionary of English Idioms provides the advanced learner with an indispensable reference tool *Longman Dictionary of English Idioms* , 1989 **The Longman Dictionary of English Idioms** Thomas Hill Long, 1979 **Longman Idioms Dictionary** Karen Stern, Della Summers, 1998 Tearing your hair out over idioms Feel like you're always in the dark Don't worry you can't go wrong with the Longman Idioms Dictionary **Longman American Idioms Dictionary** , 1999 The clear definitions and examples of written and spoken idioms make this dictionary really easy to use *English Dictionaries for Foreign Learners* Anthony Paul Cowie, 2002 This is the first history of dictionaries of English for foreign learners from their origins in Japan and East Asia in the 1920s to the computerized compilations of the present Monolingual dictionaries for foreign speakers were a revolutionary development at their outset and now represent a coming together of intellectual technological and commercial forces almost unequalled in book publishing As the author shows the early history of EFL dictionaries was research driven arising directly from research in linguistic theory and language pedagogy now it is user driven determined by what users require or are thought to require The pioneering dictionaries were the work of individuals Current dictionaries are the products of huge databases manipulated by sophisticated processing as publishers strive to share an immense and ever growing global market The book has both a thematic and a chronological structure Three chapters describe the historical sequence over a period of some sixty years These alternate with chapters dealing with phraseology computers and corpus linguistics and research into dictionary users and uses three subjects central to the development of ELT dictionaries over the last thirty years Anthony Cowie examines the way in which availability of massive computing power has transformed the recording and analysis of current speech and shows how the growth of research into the users and uses of dictionaries has led to developments both in ELT lexicography and method This readable and non technical account is directed at professionals in applied linguistics and English language teaching and at lexicographers but it will fascinate everyone concerned with the analysis of English and faced with the challenge of recording the subtleties of its grammar and meaning **Idioms in English** Jürg Strässler, 1982 [Dictionary of Americanisms, Britishisms, Canadianisms and Australianisms](#) V.S. Matyushenkov, 2010-01-30 The Dictionary Of Americanisms Canadianisms Britishisms and Australianisms is a complete modern and comprehensive dictionary featuring a large word list of more than 20000 entries The purpose of this book is to provide a generous sampling of words and expressions of the various spheres of life in the USA Great Britain Australia and Canada during the last centuries The dictionary also features a collection of slang

and colloquial expressions in these four countries in the twentieth century It has a clear easy to use format and is ideal for students schools libraries tourists and anyone who is interested in varieties of English spoken in major English speaking countries

Bilingual Lexicography from a Communicative Perspective Heming Yong,Jing Peng,2007 This stimulating new book as the premier work introducing bilingual lexicography from a communicative perspective is launched to represent original thinking and innovative theorization in the field of bilingual lexicography It treats the bilingual dictionary as a system of intercultural communication and bilingual dictionary making as a dynamic process realized by sets of choices characterizing the overall nature of the dictionary It examines the dictionary and dictionary making by using a model of lexicography which stresses the three way relationship of compiler dictionary context and user and incorporates them into a unified coherent framework Throughout the study special focus is on English and Chinese bilingual lexicography It will serve not only as a valuable guide to those interested in dictionary compilation and theoretical inquiries but also as a textbook for undergraduate and postgraduate courses in bilingual lexicography

A Syntactic Study of Idioms Anna Dąbrowska,2018-09-30 Since the general tendencies of present day English focus more on idiomatic usage it seems to be worth paying attention to the role phraseological units play in a language In the field of English phraseology linguists have shown a constant interest in idioms Undoubtedly not only are idioms an important part of the language and culture of the society but they also carry more impact than non idiomatic expressions because of their close identification with a particular language and culture It is difficult to speak or write English without using idioms especially while describing one s emotional or mental condition Therefore it is interesting and worthwhile to to analyse both the language of phraseological units and emotions In other words this book focuses not only on idioms but also on one s psychological condition However its purpose is neither to discuss the issues of idioms and emotions from the psychological point of view nor provide a conceptual analysis of emotional metaphors Instead the book analyses idioms referring to psychological states in English from the perspective of syntax focusing particularly both on the syntactic structure of this specific set of verbal psych idioms and on the constraints on the way they are built Therefore the most current studies performed within the scope of the Phase Theory and the Idioms as Phases Hypothesis are chosen to address certain syntactic problems that idioms pose

A Dictionary of Confusable Phrases Yuri Dolgoplov,2016-02-01 Covering over 10 000 idioms and collocations characterized by similarity in their wording or metaphorical idea which do not show corresponding similarity in their meanings this dictionary presents a unique cross section of the English language Though it is designed specifically to assist readers in avoiding the use of inappropriate or erroneous phrases the book can also be used as a regular phraseological dictionary providing definitions to individual idioms cliches and set expressions Most phrases included in the dictionary are in active current use making information about their meanings and usage essential to language learners at all levels of proficiency
