the ways in which Lincoln's political friends in the Western Territories influenced his western policies. Other essays look at Lincoln's dealings with the Mormons of Utah who supported the president in exchange for his tolerance and American Indians whose relations with the government suffered as the president's attention was consumed by the crisis of the Civil War. New Women in the Old West Winifred Gallagher, 2022-07-19. A riveting and previously untold history of the American West as seen by the pioneering women who advocated for their rights amidst challenges of migration and settlement and transformed the country in the process. Between 1840 and 1910, hundreds of thousands of men and women traveled deep into the underdeveloped American West, lured by adventure, opportunity, and the spirit of Manifest Destiny. These settlers soon realized that survival in a new society required women to compromise eastern sensibilities and take on some of their husbands' responsibilities. At a time when women had very few legal or economic, much less political, rights, these women soon proved just as essential as men to westward expansion. During the mid-nineteenth century, the traditional domestic model of womanhood shifted to include public service, with the women of the West becoming town mothers who established schools, churches, and philanthropies while also coproviding for their families. They claimed their own homesteads and graduated from new free coeducational colleges that provided career alternatives to marriage. In 1869, the men of the Wyoming Territory gave women the right to vote, partly to persuade more of them to move west, but with this victory in hand, western suffragists fought relentlessly until the rest of the region followed suit. By 1914, western women became the first American women to vote, a right still denied to women in every eastern state. In *New Women in the Old West*, Winifred Gallagher brings to life the riveting history of the little-known women, the White, Black, and Asian settlers, and the Native Americans and Hispanics they displaced, who played monumental roles in one of America's most transformative periods. Drawing on an extraordinary collection of research, Gallagher weaves together the striking legacy of the persistent individuals who not only created homes on weather-wracked prairies but also played a vital, unrecognized role in the women's rights movement and forever redefined the American woman.

Branding the American West Marian Wardle, Sarah E. Boehme, 2016-02-17. Artists and filmmakers in the early twentieth century reshaped our vision of the American West. In particular, the Taos Society of Artists and the California-based artist Maynard Dixon departed from the legendary depiction of the Wild West and fostered new images or brands for western art. This volume, illustrated with more than 150 images, examines select paintings and films to demonstrate how these artists

both enhanced and contradicted earlier representations of the West Prior to this period American art tended to portray the West as a wild frontier with untamed lands and peoples Renowned artists such as Henry Farny and Frederic Remington set their work in the past invoking an environment immersed in conflict and violence This trademark perspective began to change however when artists enamored with the Southwest stamped a new imprint on their paintings The contributors to this volume illuminate the complex ways in which early twentieth century artists as well as filmmakers evoked a southwestern environment not just suspended in time but also permanent rather than transient Yet as the authors also reveal these artists were not entirely immune to the siren call of the vanishing West and their portrayal of peaceful yet exotic Native Americans was an expansion rather than a dismissal of earlier tropes Both brands cast a romantic spell on the West and both have been seared into public consciousness Branding the American West is published in association with the Brigham Young University Museum of Art Provo Utah and the Stark Museum of Art Orange Texas *American Cowboy*, 2002-05 Published for devotees of the cowboy and the West American Cowboy covers all aspects of the Western lifestyle delivering the best in entertainment personalities travel rodeo action human interest art poetry fashion food horsemanship history and every other facet of Western culture With stunning photography and you are there reportage American Cowboy immerses readers in the cowboy life and the magic that is the great American West *Gold Rushes and Mining Camps of the Early American West* Vardis Fisher, Opal Laurel Holmes, Opal Laurel Fisher, 1968 Distributed by the University of Nebraska Press for Caxton Press Vardis Fisher and Opal Laurel Holmes bring together the stories of all of the remarkable men and women and all of the violent contrasts that made up one of the most enthralling chapters in American history Fisher a respected scholar and versatile creative writer devoted three years to the writing of this book *The American West*, 1990 *You Don't Need a Passport to Move to New Mexico* Debora L. Carr, 2009-05 You Don't Need a Passport to Move to New Mexico By Debora L. Carr When an east coast Jersey girl moves west to her new home on the range in Albuquerque it does not take long to figure out that they do things differently in New Mexico She finds she has moved from a state that has perpetually been the butt of comedian's jokes to a state that is generally not even recognized as such by a large portion of the US population A compilation of firmly tongue in cheek vignettes regarding life in New Mexico as viewed through the eyes of an oftentimes bewildered transplanted Easterner the reader is invited on a rollicking ride through a state filled with weird wonders from moss rocks to the mummy truck and populated with a cast of colorful characters such as Tat2 Tammy the Masked Man of Central Avenue and Jesus on a Harley to name but a few Born out of the humorous newsletters Debora wrote and sent to friends and family members back east the book relates tales of crazy drivers odd customs and strange roadway sights amid a landscape straight out of a Roadrunner cartoon All are part of the Land of Enchantment that is known as New Mexico About the Author Debora Carr was born and raised in the central New Jersey area graduating from Rutgers University with a BA in Art Education in 1980 and became a successful professional graphic artist and packaging designer She chose to accompany

her parents when they decided to relocate to and retire in Albuquerque New Mexico in 2003 where she continued her chosen profession of graphic artist working as a one person art department for a small print shop She continued to keep in touch with friends and family members back east by means of periodic humorous newsletters which she called her Albu Quirky Journals in which she detailed her perspective on life in New Mexico These collected essays were developed from those early newsletters and are written in a tongue in cheek style emulating those written by two of her favorite authors James Thurber and Mark Twain She has a penchant for collecting stories and photos of all things weird odd and unusual and is delighted to find that her new home state of New Mexico is overflowing with them
