Looking Backward And Looking Forward Perspectives On Social Science History Paperback:

Looking Backward and Looking Forward Harvey J. Graff, 2005 Asserting the need for social science historians to examine their own field this wide ranging volume offers an intellectual history and critical evaluation of interdisciplinary social science and social science historiography The editors present a creative experimental mix of topics and genres spanning a range of contemporary thought in the field exploring the past present and future of social science history This book comes at a time when there is great academic interest in the future of the disciplines and in their place within the organization of university education Based on the 25th anniversary conference of the Social Science History Association 2000 *Literacy Myths, Legacies, and Lessons* Harvey J. Graff, 2017-07-05 In his latest writings on the history of literacy and its importance for present understanding and future rethinking historian Harvey J Graff continues his critical revisions of many commonly held ideas about literacy The book speaks to central concerns about the place of literacy in modern and late modern culture and society and its complicated historical foundations Drawing on other aspects of his research Graff places the chapters that follow in the context of current thinking and major concerns about literacy and the development of both historical and interdisciplinary studies Special emphasis falls upon the usefulness of the literacy myth as an important subject for interdisciplinary study and understanding Critical stock taking of the field includes reflections on Graff's own research and writings of the last three decades and the relationships that connect interdisciplinary rethinking and the literacy myth The collection is noteworthy for its attention to Graff's reflections on his identification of the literacy myth and in developing LiteracyStudies OSU Ohio State University as a model for university wide interdisciplinary programs It also deals with ordinary concerns about literacy or illiteracy that are shared by academics and concerned citizens These nontechnical essays will speak to both academic and nonacademic audiences across disciplines and cultural orientations *Understanding Literacy in Its Historical Contexts* Harvey J. Graff, Alison Mackinnon, Bengt Sandin, Ian Winchester, 2009-01-01 For nearly 30 years the work of the Swedish Lutheran pastor and pioneering social historian Egil Johansson astonished the international scholarly world Working initially with parish registers especially examination registers from northern Sweden Johansson discovered the extraordinary usefulness of these documents to detail the history of universal literacy in Sweden In this book a group of renowned scholars review and explore the possibilities for the wider circulation and broader application of central dimensions of the early literacy studies The active thrust and exceptional growth in historical literacy studies over the past two decades has propelled the subject into a new prominence that has come to be the legacy of Egil Johansson's path breaking discoveries Literacy in Sweden occurred well before any other European nation despite the fact that Sweden was industrialised about 100 years later than the European norm Egil Johansson also developed imaginative data analysis techniques that help historians around the world to better picture the complete human cast of the past With the help of numerous contributors Johansson founded a giant data base of church records and other information which now can help the

understanding of pre industrial society Johansson s work spans over many aspects of literacy and social history and their respective relation to religion and gender The contributors to this volume are influential academics in disciplines such as social history history of literacy and gender research and they work in all parts of the world Australia Great Britain Scandinavia as well North America

Development and Social Change Philip McMichael,2016-01-25 In this new Sixth Edition of Development and Social Change A Global Perspective author Philip McMichael describes a world undergoing profound social political and economic transformations from the post World War II era through the present He tells a story of development in four parts colonialism developmentalism globalization and sustainability that shows how the global development project has taken different forms from one historical period to the next Throughout the text the underlying conceptual framework is that development is a political construct created by dominant actors states multilateral institutions corporations and economic coalitions and based on unequal power arrangements While rooted in ideas about progress and prosperity development also produces crises that threaten the health and well being of millions of people and sparks organized resistance to its goals and policies Frequent case studies make the intricacies of globalization concrete meaningful and clear Development and Social Change A Global Perspective challenges us to see ourselves as global citizens even as we are global consumers

How Was Life? Global Well-being since 1820 OECD,2014-10-02 This book presents the first systematic evidence on long term trends in global well being since 1820 for 25 major countries and 8 regions in the world covering more than 80% of the world s population

The John A. Macdonald Retrospective 2-Book Bundle Ged Martin,2014-10-29 This special 2 book bundle contains a number of perspectives on a man who was arguably Canada s most famous political leader a figure of legendary proportions in the history of Canada s birth and development Ged Martin s biography tells Macdonald s story Shocked by Canada s 1837 rebellions Macdonald sought to build alliances and avoid future conflicts Thanks to financial worries and an alcohol problem he almost quit politics in 1864 The challenge of building Confederation harnessed his skills and in 1867 he became the country s first prime minister He drove the Dominion s westward expansion rapidly incorporating the Prairies and British Columbia before a railway contract scandal unseated him in 1873 He conquered his drinking problem and rebuilt the Conservative Party to regain power in 1878 The centrepiece of his protectionist National Policy was the transcontinental railway but a western uprising in 1885 was followed by the controversial execution of rebel leader Louis Riel Although dominant nationally this popular hero had many flaws Macdonald at 200 presents fifteen fresh interpretations of Canada s founding prime minister published for the occasion of the bicentennial of his birth in 1815 Crisply written by recognized scholars and specialists the collection throws new light on Macdonald s formative role in shaping government promoting women s rights managing the nascent economy supervising westward expansion overseeing relations with Native peoples and dealing with Fenian terrorism A special section deals with how Macdonald has or has not been remembered by historians as well as the general public The book concludes with an

afterword by prominent Macdonald biographer Richard Gwyn Macdonald emerges as a man of full dimensions an historical figure that is surprisingly relevant to our own times Includes John A Macdonald Macdonald at 200 *Critical Perspectives on Diversity in Organizations* Thomas Calvard,2020-12-29 Decades of investigations into diversity in the workplace have created mixed answers about what kinds of effects it has on employees and teams and whether or not it can be managed effectively to generate positive outcomes for organizations In contrast to mainstream work from management and psychology critical views on workplace diversity have emerged that seek to grasp more fully the messy social and political realities of workplace diversity as they operate in context *Critical Perspectives on Diversity in Organizations* therefore seeks to review integrate and build upon emerging critical perspectives on workplace diversity to help give a fuller understanding of how employee differences affect workplace interactions relationships employment inequality culture and society Critical perspectives help to fill in and openly recognize many of the more far reaching issues that pure management and psychology approaches can leave out issues of power inequality politics history culture and lived experiences If organizations do not try to take these issues into account and critically reflect on them then diversity management is likely to remain a relatively blunt instrument or worse a hollow piece of rhetoric This book will be of interest to international graduate students and researchers working on topics associated with equality diversity and inclusion in organizations as well as various organizational practitioners and activists engaged with these issues **Looking Forward, Looking Back: Interactive Digital Storytelling and Hybrid Art Approaches** Rebecca Rouse,Mara Dionisio,2018-11-30 This volume collects documentation of the 2017 International Conference on Interactive Digital Storytelling Art Exhibition and new scholarly texts from the artists involved The work traces themes of Time Tempo across Digital Poetics and Literature Digital Heritage and Urban Space and Politics **Thematic Teaching of Women's Rights Issues with Social Studies Trade Books** Jeremiah Clabough,Natalie Keefer,2023-09-29 This edited volume presents a distinctive approach for exploring pedagogical frameworks methods and strategies for teaching thematically about women s rights using social studies trade books After an introductory chapter by Jeremiah Clabough that provides a compelling rationale for thematic teaching of women s rights issues and controversial topics Natalie Keefer and Tori Flint situate the remaining chapters within the context of theory and research on women s rights issues and include a discussion of implications and considerations for the role multiple literacies have in advancing women s rights in North America and beyond In subsequent chapters a diverse assemblage of respected scholars within the field of social studies education introduce important women who advanced women s human rights in the United States paired with a notable trade book about their life challenges and achievements Then chapter authors describe student centered pedagogies with inquiry based pedagogies aligned with the NCSS C3 Framework that teachers can implement with upper elementary and middle school students to seamlessly integrate literacy and social studies for the purpose of thematically teaching about women s rights **Post-Communist Transformations in Baltic Countries**

Zenonas Norkus,2023-11-21 This Open access book provides a survey of the economic health and somatic progress of Baltic countries during the period 1918 2018 framed by the outline of the historical sociological theory of modern social restorations as originally conceived by the Austrian American comparative historian Robert A Kann The author reworks Kann s theory to analyse post communist transformations in the Baltic region The book argues that the purpose of modern social restorations is to make restoration societies safe against a recurrence of revolution There were two waves of modern social restorations post Napoleonic and post communist Most post Napoleonic restorations were brief because they failed to economically and socially outperform the pre revolutionary and post revolutionary systems It considers Baltic restorations as laboratory cases of second wave modern social restorations because they encompass a triple restoration of the nation state capitalism and democracy The bookassesses the performance success of Baltic restorations by comparing economic and social progress of Baltic countries during the periods of original independence 1918 1940 foreign imposed state socialism 1940 1990 and restored independence since 1990 It then elaborates the criteria to assess the ultimate performance success of these restorations by 2040 when restored Baltic states may endure longer than their ancestors in 1918 1940 and the complete foreign occupations era 1940 1990 The author an expert in historical sociology uses extensive historical statistical data in cross time comparisons to develop his analysis and create future projections This book is of wide interest to sociologists social demographers political scientists and economists studying the Baltic region This is an open access book

Resources in Education ,1999-10 **Irrigation in Early States** Stephanie Rost,2022-06-30 Irrigation has long been of interest in the study of the past Many early civilizations were located in river valleys and irrigation was of great economic importance for many early states because of the key role it played in producing an agricultural surplus which was the main source of wealth and the basis of political power for the elites who controlled it Agricultural surplus was also necessary to maintain the very features of statehood such as urbanism full time labor specialization state institutions and status hierarchy Yet the presence of large scale or complex irrigation systems does not necessarily mean that they were under centralized control While some early states organized the construction operation and maintenance of irrigation works and resolved conflicts related to water distribution other early governments left most of the management to local farmers and controlled only the surplus The cross cultural studies in this volume reexamine the role of irrigation in early states Ranging geographically from South America and the southwestern United States to North Africa the Middle East and Asia they describe the physical attributes and environments of early irrigation systems various methods for empirical investigation of ancient irrigation and irrigation s economic sociopolitical and cosmological dimensions Through their interdisciplinary perspectives the authors all experts in the field of irrigation studies advance both methodological and theoretical approaches to understanding irrigation in early civilizations **Diasporic Chinese Ventures** GREGOR BENTON,Hong Liu,2004-07-31 This collection of essays by and about Wang Gungwu brings together some of Wang s most recent and representative writing

about the ethnic Chinese outside China giving the reader a deeper understanding of his views on migration identity nationalism and culture all key issues in modern Asia s transformation The book collects interviews speeches and essays that illustrate the development and direction of Wang s scholarship on ethnic and diasporic Chinese *The Health Care Setting As A Context for the Prevention and Treatment of Child Abuse* Keith L. Kaufman,2014-10-13 This special issue was designed to explore the role of health care professionals in the assessment treatment and prevention of child maltreatment The initial five articles were solicited to enhance our understanding of various forms of child maltreatment as well as approaches designed to effectively respond to this difficult problem The final manuscripts in this issue represent a theoretical and empirical perspective on child maltreatment Medical settings represent a fertile arena for prevention as well as intervention initiatives Future research should further support clinical strategies via program evaluation and outcome studies and be aimed at enhancing our knowledge of the field and developing more comprehensive models to guide our efforts It is hoped that this issue will stimulate research in this area and provide additional support for clinical interventions in the field

Evolving Psychological and Educational Perspectives on Cyber Behavior Zheng, Robert Z.,2012-07-31 This book identifies learners online behavior based on the theories in human psychology defines online education phenomena as explained by the social and cognitive learning theories and principles and interprets the complexity of cyber learning Provided by publisher *Social Sciences for Healthcare Professionals* Chris Allen,2025-11-10 A comprehensive guide to social sciences in person centred healthcare practice To deliver truly person centred care healthcare professionals must understand the complex social psychological and economic factors that influence health and wellbeing Social Sciences for Healthcare Professionals bridges the gap between theory and practice providing a thorough overview of essential social science concepts and their relevance in clinical settings Covering a wide range of core topics from understanding social determinants of health to promoting equitable care Dr Chris Allen and his team provide readers with evidence based insights to drive better outcomes for individuals and communities Social Sciences for Healthcare Professionals Combines insights from disciplines including psychology sociology and economics for a multidisciplinary approach to healthcare Features practical case studies to illustrate theory and its application in diverse clinical settings Promotes critical thinking and reflective practices for improved healthcare delivery Includes activities and recommendations to support learning in both academic and professional contexts Emphasises the importance of evidence based socially sensitive healthcare Written by experienced educators and experts in nursing education Social Sciences for Healthcare Professionals is essential reading for pre registration undergraduate and postgraduate healthcare students in nursing midwifery and allied health fields It is designed to support both coursework and professional practice aligning with degree programmes in healthcare and allied health sciences **A History of Public Health: From Past to Present** Jan Kirk Carney,2022-03-10 A History of Public Health From Past to Present uses a structured format to study public health from antiquity to the present time After a brief
