Masterpieces of Fantasy and Enchantment David G. Hartwell, 1996-03 **The A to Z of Fantasy Literature** Brian Stableford, 2009-08-13 Once upon a time all literature was fantasy set in a mythical past when magic existed animals talked and the gods took an active hand in earthly affairs As the mythical past was displaced in Western estimation by the historical past and novelists became increasingly preoccupied with the present fantasy was temporarily marginalized until the late 20th century when it enjoyed a spectacular resurgence in every stratum of the literary marketplace Stableford provides an invaluable guide to this sequence of events and to the current state of the field The chronology tracks the evolution of fantasy from the origins of literature to the 21st century The introduction explains the nature of the impulses creating and shaping fantasy literature the problems of its definition and the reasons for its changing historical fortunes The dictionary includes cross referenced entries on more than 700 authors ranging across the entire historical spectrum while more than 200 other entries describe the fantasy subgenres key images in fantasy literature technical terms used in fantasy criticism and the intimately convoluted relationship between literary fantasies scholarly fantasies and lifestyle fantasies The book concludes with an extensive bibliography that ranges from general textbooks and specialized accounts of the history and scholarship of fantasy literature through bibliographies and accounts of the fantasy literature of different nations to individual author studies and useful websites **Modern Classics of Fantasy** Gardner Dozois, 2014-10-28 While humanity has been telling fantastic stories for millennia fantasy fiction has only come into its own as a genre in the latter half of the twentieth century as the works of such writers as J R R Tolkien and Robert E Howard have found a wide audience This wonderful collection celebrates fantasy s heyday with 33 masterpieces of short fiction ranging from 1940s stories by L Sprague de Camp H L Gold Fritz Leiber and Manly Wade Wellman to more recent tales by such towering modern talents as Peter S Beagle Terry Bisson James P Blaylock Suzy McKee Charnas John Crowley Tanith Lee Michael Swanwick Judith Tarr Howard Waldrop Jane Yolen and Roger Zelazny Just as Gardner Dozois s Modern Classics of Science Fiction has helped longtime fans and new readers alike discover the genre s finest short stories so too shall this anthology allow readers to find in one volume more than two dozen masterworks of fantasy **The Encyclopedia of Fantasy** John Clute, John Grant, 1999-03-15 Like its companion volume The Encyclopedia of Science Fiction this massive reference of 4 000 entries covers all aspects of fantasy from literature to art
