Materialist Approaches To The Bible:

Materialist Approaches to the Bible Michel Clévenot, 1985 *Materialist Approaches to the Bible* Michel Clévenot, 1985-01-01 **Hebrew Bible / Old Testament. III: From Modernism to Post-Modernism** Magne Sæbø, Jean Louis Ska, Peter Machinist, 2014-12-10 The long and complex history of reception and interpretation of the Hebrew Bible Old Testament through the ages described in the HBOT Project focuses in this concluding volume III Part 2 on the multifarious research and the different methods used in the last century Even this volume is written by Christian and Jewish scholars and takes its wider cultural and philosophical context into consideration The perspective is worldwide and ecumenical Its references to modern biblical scholarship on which it is based are extensive and updated The indexes names topics references to biblical sources and a broad body of literature beyond are the key to the wealth of information provided Contributors are J Barton H L Bosman A F Campbell SJ D M Carr D J A Clines W Dietrich St E Fassberg D F Ilesdal A C Hagedorn K M Heim J H genhaven B Janowski D A Knight C K rting A Laato P Machinist M A O'Brien M Oeming D Olson E Otto M S b J Schaper S Sekine J L Ska SJ M A Sweeney and J de Waard **Mark and Literary Materialism** Niall McKay, 2022-07-26 The interpretation of the Bible is intricately interwoven with the history of and rhetoric of European colonization During the modern era the traditions of biblical interpretation played a crucial framing role in the emergence of industrialized nation states the capitalist mode of production and the colonial enterprises of European powers While the Bible has been used to justify the power of ruling classes and dominating nations it has also been a source of liberative and resistant political discourse In this book Niall McKay uses the tools of literary materialism to read the gospel of Mark and build upon the representational epistemology and patterns of interpretation of the rich Marxism of the Frankfurt school This reading is framed against and around the liberative biblical movements of late colonial and post colonial South Africa in order to develop ways of reading which are generative of liberation As a consequence the author makes a valuable contribution to an ongoing politics and practice of resistance that is attentive to issues of religious collaboration liberation colonialism and the ends of late capitalism *The Oxford Handbook of the Bible in Korea* Won W. Lee, 2022 Provides the first in depth Handbook about the Bible in Korea Explores how faith communities in Korea and Korean diaspora use the Bible in their religio cultural socio political and immigrant contexts Includes chapters from 24 theologically and culturally diverse Korean scholars Book jacket **A Clash of Ideologies** Randall Reed, 2010-04-01 Marxism is one of the revolutionary social scientific theories that has come to have a prominent place in New Testament studies in the United States It is often combined with liberation theology and applied to apocalyptic texts This book argues that the basic presuppositions of these three ideological systems are ultimately at odds with one another The study then traces the kinds of moves scholars in New Testament studies have made to overcome this problem Apostle to the Conquered, paperback edition Davina C. Lopez, 2010-10-01 *Apostle to the Conquered* reveals the subversive heart of Paul's theology reframing his conversion in terms

of consciousness and his exhortations as a politics of the new creation The Bible in Ethics John W. Rogerson, Mark Daniel Carroll R., Margaret Davies, 1995-12-01 The Bible has influenced contemporary culture both positively and negatively The present volume is a collection of papers that were discussed at an international colloquium on the use of the Bible in Ethics in the Department of Biblical Studies at the University of Sheffield in April 1995 Participants came from many parts of the world and from different backgrounds and the papers reflect their varied interests and the contexts in which they work The contributors in addition to the three editors are John Barton Bruce Birch Mark Brett Mark Chapman David Clines Philip Davies Cheryl Exum Stephen Fowl Norman Gottwald John Haldane Walter Houston Sharon Ringe Christopher Rowland Lisa Sowle Cahill and Gerald West Text and Interpretation Hartin, Petzer, 2019-07-01 Text and Interpretation gives an insight into the many different approaches that more recent South African scholarship has adopted in the interpretation of the New Testament While the number of approaches in New Testament interpretation has proliferated over the past few years all the proposals still fall under one of the three traditional poles sender author text receptor reader Classified according to this division each chapter has a twofold aim Firstly the perspective is situated within a wider framework of interpretation to illustrate the context out of which this approach emerges Secondly each article has selected a particular New Testament text to demonstrate this approach in practice The authors of these chapters the majority of which are South African scholars were chosen because of their expertise in their specific fields By presenting these studies together in one collection the scholarship in these different areas will become more readily accessible to a wider group of scholars *Theory and Practice in Old Testament Ethics* John William Rogerson, M. Daniel Carroll R., 2004-01-01 In the last two decades there has been a resurgence of interest in the value of the Old Testament for modern ethical questions John Rogerson is a scholar who has dedicated much of his academic life to probing the possibility of the abiding significance of the Old Testament for moral issues today This volume brings together for the first time many of his contributions both published and unpublished to Old Testament social ethics This volume can serve both as a general reference work as well as a textbook for classes in Old Testament ethics at seminaries and theological colleges *Women and Early Christianity* Susanne Heine, 2011-12-22 This important work discusses the new insights that feminist scholarship has brought to the study of the Bible and of other early Christian literature Professor Heine comments on modern feminist interpretations of the life of Jesus the crucifixion Paul Gnosticism and other topics The author finds in the views of some other feminists and aversion toward traditional historical critical methods in favor of responding to the subjectivist impact of the texts She issues an appeal for a reappraisal a second stage in the feminist movement that would be open to analysis and correction What is needed is more rigorous application of scholarly methods to counter prejudices through criticism and negative experiences through active hope If indeed Gal 3 28 there is neither male nor female reflects the practice and teaching of Jesus then the church must conform to it and women are freed from the need to seek legitimation from history or elsewhere Dr Heine brings an important often sobering new

voice a balanced and reasoned assessment of the repression and oppression of women in early Christianity **Aluta Continua Biblical Hermeneutics for Liberation** Obvious Vengeyi, Joachim Kügler, 2013 This book was passed as a PhD thesis at Bayreuth University Germany The author challenges African Biblical scholars and Christian leaders to premise Biblical interpretation on the experiences of the often neglected underclasses The author argues that from a comparative historical cultural and material methodological point of view the experiences of the Zimbabwean underclasses whose collective ordeal is represented by the experiences of domestic workers are strikingly similar to those suffered by slaves among other underclasses in the biblical world In the same way religion was appropriated by the elite to validate oppression of the underclasses in the biblical world the author shows that since the colonial era Christianity in Africa through biblical interpretation among many other tactics has been an influential force on the side of the dominant class to advance their racial class and gender interests To date in Zimbabwe for example the Bible and religion in general is manipulated by the dominant minority to justify and entrench the exploitation of the majority underclasses On the other hand the author observes that the history of ancient Israel Roman colonial Palestine and colonial Zimbabwe evidences that when religion is appropriated and or the Bible is read and interpreted from the historical cultural and material conditions of the underclasses it can be a valuable resource not only for their mobilization to overthrow oppressive systems but also for justifying their resistance tactics Aluta Continua The Struggle goes on *Searching for Meaning* Paula Gooder, 2008-08-27 In this clear comprehensive student friendly textbook biblical scholar and teacher Paula Gooder describes and illustrates the range of approaches to interpreting the New Testament as taught in universities and seminaries throughout the English speaking world Top scholars give a short definition of a particular criticism and then Gooder gives a practical example to demonstrate how that criticism can be applied to a biblical text A very broad range of methods is introduced from traditional criticisms such as source criticism and historical criticism to more modern methods such as feminist criticism and liberation criticism Readers will understand how different meanings and emphases can be drawn from a text depending upon the method of interpretation chosen They will also be given the skills to start analyzing and examining texts for themselves in a meaningful and insightful way Writing on the Gospel of Mark W.R. Telford, 2019-05-21 This thorough manual for advanced students and their supervisors and anyone researching or writing on the Gospel of Mark is the opening volume in an important new series of Guides to Advanced Biblical Research Together with an essay on the current state of research and a discussion of the future of Markan study it provides a chrestomathy of samples of Markan research together with a review of recent dissertations and a full annotated bibliography **Rhetoric, Scripture and Theology** Stanley E. Porter, Thomas H. Olbricht, 1996-09-01 Rhetoric Scripture and Theology aptly describe the contents of this collection of essays from the 1994 Pretoria Rhetoric Conference The conference marked a significant dialogue among scholars gathered from many nations to consider how rhetoric engages with the study of scripture and theology South Africa provided a suitable context for such

discussion Although the contributors are not only from South Africa the addressing of issues pertinent to a South African context shows through in many of the essays Those that do not address particularly South African issues raise equally important issues regarding the topic of rhetoric and its relation to contemporary theological discourse Divine Presence amid Violence Walter Brueggemann, 2009-02-11 To pursue the matter of revelation in context I will address an exceedingly difficult text in the Old Testament Joshua 11 The reason for taking up this text is to deal with the often asked and troublesome question What shall we do with all the violence and bloody war that is done in the Old Testament in the name of Yahweh The question reflects a sense that these texts of violence are at least an embarrassment are morally repulsive and are theologically problematic in the Bible not because they are violent but because this is violence either in the name of or at the hand of Yahweh from chapter 2 Forrester on Christian Ethics and Practical Theology Duncan B. Forrester, 2017-05-15 Bringing together articles and chapters from his considerable work in theological ethics India and the social order Duncan Forrester incorporates new writing and introductions to each thematic section to guide readers through this invaluable resource This book offers stimulating studies in three related areas Indian Christianity with particular attention to the caste system contemporary Christian theological ethics and the distinctive and challenging theological approach that Duncan Forrester has developed in relation to public issues such as prisons and punishment welfare provision social justice and poverty God in South Africa Albert Nolan, 2024-02-01 This is a reprint of the 1988 publication which is now out of print The book was written while Albert Nolan was in hiding during the State of Emergency in South Africa This volume includes reviews of the book used with permission from the South African Grace and Truth journal from 1990 The author believes that in South Africa the practice of the struggle is the practice of faith and to show this he reviews the central themes of the Christian faith as found in the Old Testament and the preaching of Jesus the nature of sin and salvation and of God's action in the world He also faces the dilemma of Christians who can no longer support the apartheid state but are uncertain where the liberation struggle will lead Like his best selling Jesus before Christianity God in South Africa is a contextual theology a theology rooted in the painful conversion of a church to the cause of liberation It can be regarded the author says as a conversation between South African Christians but out of that conversation comes a challenge to Christians everywhere to discover the meaning of the gospel to find God in their situation This profound book written in the 1980s to guide those seeking to deploy the gospel message against the repressive and abhorrent South African apartheid regime continues to speak powerfully to all peoples in all times and in all places It continues to show how the gospels respond to the signs of the times anywhere that people are in crisis providing the tools to build a contextualised and local theology that can preach the good news of God's liberating power against all forms of injustice Albert Nolan South Africa's Gustavo Gutierrez revealed hope that God cares for and finds the poor and oppressed wherever they are For my own community the potential to construct a contextualised and local Ukrainian theology offers hope that the good news always challenges those who oppress

and forever speaks liberation for those burdened by an unjust war and the despair found in its wake The Oxford Handbook of Biblical Studies J. W. Rogerson, Judith M. Lieu, 2006-03-16 Presents a survey of research in this technical and diverse field that is useful for scholars and students who need to command linguistic historical literary and philosophical skills This title includes forty five contributions that review and analyse thinking and work and examines the progress and direction of the debates The Word Militant, paperback edition Walter Brueggemann, 2010-10 Against the easy assurance of a too enculturated religion Walter Brueggemann refocuses the preaching task around the decentering destabilizing always risky Word that confronts us in Scripture if we have the courage to hear
