Oath A Surgeon Under Fire

Egil Aspren, Kennet Granholm

Oath A Surgeon Under Fire:

The Oath Khassan Baiev, Ruth Daniloff, Nicholas Daniloff, 2003-01-01 A physician who grew up in war ravaged Chechnya describes his experiences under fire as a surgeon caught up in the conflict detailing his difficult work without gas electricity running water or medical supplies

Oath Khassan Baiev, Ruth Daniloff, Nicholas Daniloff, 2004-08 As the Russian Chechen conflict moved into its bloodiest phase Khassan Baiev was practising as a cosmetic surgeon moulding Moscow's super rich But shocked by news from his homeland his conscience forced him back to Chechnya Once there despite accusations of treachery from Chechen terrorists and Russian oppressors alike his allegiance to the Hippocratic Oath drove him to treat patients from both sides He was shot at imprisoned bombed tortured and beaten Yet through it all he continued working often under candlelight without basic medical supplies without anaesthesia and under fire THE OATH is the haunting story of the courage one man found to value his principles above his own life

The Oath Khassan Baiev, Nicholas Daniloff, Ruth Daniloff, 2009-09-29 Told with immediacy and heart The Oath is the story of a brave physician's dedication to saving lives in the Russia Chechnya conflict In 1991 when the political conflict between Chechen insurgents and the Russian army began Khassan Baiev was a wealthy plastic surgeon But when Russia began to bomb his country Baiev gave up safety and security and opened a small hospital in his hometown of Alkhan Kala At times the one storey cement building was staffed by just six nurses and a handful of volunteers Baiev was the sole physician Over the next six years Baiev treated thousands of people under the most brutal conditions using outdated tools and dwindling medical supplies and with a constant threat of missiles overhead A witness to the unspeakable horrors of war Baiev treated anyone Chechen or Russian soldier or civilian He became a marked man hated by both sides in one of the world's ugliest and least understood conflicts After he treated a widely feared Chechen rebel leader his home was looted and burned A Chechen warlord stood him up against a wall and threatened to execute him for saving Russian soldiers Under threat from both sides Baiev finally fled Chechnya early in 2000 Still tortured by the memories of his past he has taken refuge in the USA Throughout his whole ordeal Khassan has maintained his commitment to medicine and medical ethics When asked why he didn't flee his country like so many others had done he said I could have left before the war But where would I have gone Where was I more needed than Chechnya

From the Hardcover edition *Journal of Special Operations Medicine*, 2009

Ethnic Groups of Europe Jeffrey E. Cole, 2011-05-25 This comprehensive survey of ethnic groups of Europe reveals the dynamic process of ethnic identity and the relationship of ethnic groups to modern states Part of a five volume series on ethnic groups around the world *Ethnic Groups of Europe* An Encyclopedia provides detailed descriptions of more than 100 European ethnic and national groups Each entry provides an overview of the group as well as in depth information on the group's origins and early history cultural life and recent developments Among the information presented for each group are global and national population figures and accounts of geographical distribution diaspora populations the group's historic homeland predominant religions and

languages and related groups The entries also highlight places people and events of particular importance to each group and sidebars introduce related topics of interest Throughout the text special attention is focused on the relationship between ethnicity and nationalism An explanation of the methodology used for selecting the ethnic groups in the encyclopedia is also provided as is an introductory essay on the topic of ethnicity in Europe *Contemporary Esotericism* Egil Asprem, Kennet Granholm, 2014-09-11 The study of contemporary esoteric discourse has hitherto been a largely neglected part of the new academic field of Western esotericism Contemporary Esotericism provides a broad overview and assessment of the complex world of Western esoteric thought today Combining historiographical analysis with theories and methodologies from the social sciences the volume explores new problems and offers new possibilities for the study of esoterica Contemporary Esotericism studies the period since the 1950s but focuses on the last two decades The wide range of essays are divided into four thematic sections the intricacies of esoteric appeals to tradition the role of popular culture modern communication technologies and new media in contemporary esotericism the impact and influence of esotericism on both religious and secular arenas and the recent de marginalization of the esoteric in both scholarship and society *Global Healing* Karen Laura Thornber, 2020-03-02 Read an interview with Karen Thornber In Global Healing Literature Advocacy Care Karen Laura Thornber analyzes how narratives from diverse communities globally engage with a broad variety of diseases and other serious health conditions and advocate for empathic compassionate and respectful care that facilitates healing and enables wellbeing The three parts of this book discuss writings from Africa the Americas Asia Europe the Middle East and Oceania that implore societies to shatter the devastating social stigmas which prevent billions from accessing effective care to increase the availability of quality person focused healthcare and to prioritize partnerships that facilitate healing and enable wellbeing for both patients and loved ones Thornber s *Global Healing* remaps the contours of comparative literature world literature the medical humanities and the health humanities Watch a video interview with Thornber by the Mahindra Humanities Center part of their conversations on Covid 19 Read an interview with Thornber on Brill s Humanities Matter blog **Ethno-Nationalism, Islam and the State in the Caucasus** Moshe Gammer, 2007-10-22 With the region of the Caucasus with its ongoing and even deteriorating crisis and instability and its strategic and economic importance increasingly at the front of the world s attention this volume presents and discusses some of the complexities and problems arising in the region such as Islamic terrorists and al Qaida Scholars from different disciplines who specialise in the Caucasus analyze key topics such as discussions of grass root perceptions the influence of informal power structures on ethnic conflicts in the Caucasus Russian policies towards Islam and their destabilising influence the influence of Islamic revival on the legal and social situations nationalism and the revival of pre and sub national identities shifts in identity as reflected in demography reasons for the Chechen victory in the first Chechen war the involvement of Islamic volunteers in Chechnya With the situation in Chechnia likely to spread across the entire North Caucasus this cutting edge work will be of

great value in the near future and will interest political scientists and regional experts of Russia Central Asia Caucasus Middle East and Turkey as well as NGOs government agencies and think tanks Religion and Politics in Russia: A Reader Marjorie Mandelstam Balzer,2015-01-28 Russia is not only vast it is also culturally diverse the core of an empire that spanned Eurasia In addition to the majority Russian Orthodox and various other Christian groups the Russian Federation includes large communities of Muslims Jews Buddhists and members of other religious groups some with ancient historical roots All are in a state of ferment and securing formal state recognition for specific communities is often daunting This collection provides entry into the diversity of Russia s religious communities Marjorie Mandelstam Balzer s introduction to the volume illuminates major political social and cultural anthropological trends The book is organized by religious tradition or identity with further thematic perspectives on each set of readings The authors include ethnologists sociologists political analysts and religious leaders from many regions of the Federation They analyze the changing dynamics of religion and politics within each community and in the context of the current drive to recentralize both political and religious authority in Moscow Topical coverage extends from reassertions of Russian Orthodoxy to activities of Christian and Muslim missionaries to the revival of many other religions including indigenous shamanic ones *Blind Side* Jennie Ensor,2016-07-22 Can you ever truly know someone And what if you suspect the unthinkable London 2005 Despite her friends warnings a young Englishwoman can t resist her attraction to a charismatic Russian ex soldier recently arrived in London But realising how deeply war time incidents have affected him she starts to suspect that he s hiding a horrifying secret Set in the year of London s 7 7 terrorism attacks *Blind Side* is a powerful tale of love and friendship trauma and betrayal secrets and obsession A gripping multi faceted psychological mystery thriller that will stay with you long after you ve reached the end appealing especially to fans of Rosamund Lupton Claire Mackintosh Louise Doughty Stella Rimington and Sadie Jones builds suspense brilliantly Gail Cleare USA Today bestselling author of *The Taste of Air* An absolutely stunning debut from Jennie Ensor so thought provoking and profound that every reader will get something different out of reading it *The Book Magnet* I read this book over the course of the day without putting it down once It s a powerful and engaging novel thought provoking and difficult to forget once you ve reached the end Reviewed *The Book* a storyline that doesn t let you go until the very last page *Keeper of Pages* a thrilling psychological story that I really enjoyed and raced through *The Last Word* Book Review *Blind Side* is a story that will keep you up until the early hours totally gripping and full of suspense A fantastic debut by Jennie Ensor and one I will highly recommend It s All About the Books *Embodying Militarism* Synne L. Dyvik,Lauren Greenwood,2018-02-02 How are militarism and militarisation embodied and why is it important to study these concepts together This volume highlights a lack of research into people s emotions bodies and experiences in global politics and brings these important dimensions to bear on how we study militarism and process of militarisation This collection showcases innovative research that examines people s everyday lived experience and the multiple ways militarism is enshrined in our

societies Emphasising the benefits of interdisciplinary thinking its chapters interrogate a range of methodological ethical and theoretical questions related to embodiment and militarism from a range of empirical contexts Authors from a variety of disciplinary backgrounds reveal the myriad of ways in which militarism is experienced by gendered raced aged and sexed bodies The volume covers a wide range of topics including the impact of social media gender queer and feminist research on the military the challenges of writing about embodied experience and the commercialisation of military fitness in civilian life This book fills a gap in the study of militarism and militarisation and will be of interest to students and scholars of critical military studies security studies and war studies It was originally published as a special issue of the journal Critical Military Studies *Chechnya at War and Beyond* Anne Le Huérou,Aude Merlin,Amandine Regamey,Elisabeth

Sieca-Kozłowski,2014-09-15 The Russia Chechen wars have had an extraordinarily destructive impact on the communities and on the trajectories of personal lives in the North Caucasus Republic of Chechnya This book presents in depth analysis of the Chechen conflicts and their consequences on Chechen society It discusses the nature of the violence examines the dramatic changes which have taken place in society in the economy and in religion and surveys current developments including how the conflict is being remembered and how Chechnya is reconstructed and governed Fangs of the Lone Wolf Dodge Billingsley,2013-10-19 Stories of combat from a man who embedded with Chechen guerrilla forces His insights are second to none Thomas de Waal author of Black Garden Books on guerrilla war are seldom written from the tactical perspective and even less seldom from the guerrilla s perspective Fangs of the Lone Wolf Chechen Tactics in the Russian Chechen Wars 1994 2009 is an exception These are the stories of low level guerrilla combat as told by the survivors They cover fighting from the cities of Grozny and Argun to the villages of Bamut and Serzhen yurt and finally the hills river valleys and mountains that make up so much of Chechnya The author embedded with Chechen guerrilla forces and knows the conflict country and culture Yet as a Western outsider he is able to maintain perspective and objectivity He traveled extensively to interview Chechen former combatants now displaced some in hiding or on the run from Russian retribution and justice Crisp narration organization by type of combat accurate color maps and insightful analysis and commentary help to convey the complexity of simple guerrilla tactics and the demands on individual perseverance and endurance that guerrilla warfare exacts The book is organized into vignettes that provide insight on the nature of both Chechen and Russian tactics utilized during the two wars They show the chronic problem of guerrilla logistics the necessity of digging in fighting positions the value of the correct use of terrain and the price paid in individual discipline and unit cohesion when guerrillas are not bound by a military code and law Guerrilla warfare is probably as old as man but has been overshadowed by maneuver war by modern armies and recent developments in the technology of war As Iraq Afghanistan the Philippines and Chechnya demonstrate guerrilla war is not only still viable but increasingly common Fangs of the Lone Wolf provides a unique insight into what is becoming modern and future war Includes maps and photographs Transnational Dynamics of Civil War

Jeffrey T. Checkel,2013-01-24 Combining innovative theory with detailed case studies this book offers a novel account of the border crossing processes of civil war Chechnya Tony Wood,2020-05-05 The Case for Chechnya sharply criticizes the role of Western nations in their struggle and lays bare the weakness and shamefulness of the arguments used to deny the Chechens right to sovereignty Tony Wood considers Russo Chechen relations over the past century and a half as well as the fate of the region since the fall of the Soviet Union **Medical Writing** Robert B. Taylor,2011-08-17 The first edition of this book titled The Clinician s Guide to Medical Writing has become a standard in its field and remains an indispensable reference for any clinician academic physician or health professional who wishes to hone their writing skills However since its publication in 2004 significant changes have taken place in the way medical professionals communicate with each other and the world Medical Writing A Guide for Clinicians and Academicians 2e retains all of the fundamental writing advice of the first edition and has been expanded to include two brand new chapters How to Write a Research Protocol including why a research project needs a written protocol elements of the research protocol and common problems How to Write a Grant Proposal including sections on government and private grant funding sources what you need to know about grant writing and elements of a successful grant proposal New information is also included throughout the book on becoming a successful writer medical tables and figures conflict of interest and disclosures how to review a scientific article statistical analysis pay to publish journal publishing electronic submission of manuscripts issues in medical publishing and the future of medical writing and publication New appendices address commonly encountered research and statistical terms and memorable aphorisms regarding writing medical and otherwise **Chechnya** James Hughes,2013-03-01 The sheer scale and brutality of the hostilities between Russia and Chechnya stand out as an exception in the mostly peaceful breakup of the Soviet Union Chechnya From Nationalism to Jihad provides a fascinating analysis of the transformation of secular nationalist resistance in a nominally Islamic society into a struggle that is its antithesis jihad Hughes locates Chechen nationalism within the wider movement for national self determination that followed the collapse of the Soviet empire When negotiations failed in the early 1990s political violence was instrumentalized to consolidate opposing nationalist visions of state building in Russia and Chechnya The resistance in Chechnya also occurred in a regional context where Russian hegemony over the Caucasus especially the resources of the Caspian basin was in retreat and in an international context of rising Islamic radicalism Alongside Bosnia Kashmir and other conflicts Chechnya became embedded in Osama Bin Laden s repertoire of jihadist rhetoric against the West It was not simply Russia s destruction of a nationalist option for Chechnya or Wahabbist infiltration from without that created the political space for Islamism Rather we must look also at how the conflict was fought The lack of proportionality and discrimination in the use of violence particularly by Russia accelerated and intensified the Islamic radicalization and thereby transformed the nature of the conflict This nuanced and balanced study provides a much needed antidote to the mythologizing of Chechen resistance before and its demonization after 9 11 The conflict in Chechnya involves

one of the most contentious issues in contemporary international politics how do we differentiate between the legitimate use of violence to resist imperialism occupation and misgovernment and the use of terrorism against legitimate rule This book sets out indispensable lessons for understanding conflicts involving the volatile combination of nationalist insurgency jihad and terrorism most notably for the wars in Iraq and Afghanistan *Canadian Books in Print. Author and Title Index* ,1975

Inferno in Chechnya Brian Glyn Williams,2015-09-22 In 2013 the United States suffered its worst terrorist bombing since 9 11 at the annual running of the Boston Marathon When the culprits turned out to be U S residents of Chechen descent Americans were shocked and confused Why would members of an obscure Russian minority group consider America their enemy *Inferno in Chechnya* is the first book to answer this riddle by tracing the roots of the Boston attack to the Caucasus Mountains of southern Russia Brian Glyn Williams describes the tragic history of the bombers war devastated homeland including tsarist conquest and two bloody wars with post Soviet Russia that would lead to the rise of Vladimir Putin showing how the conflict there influenced the rise of Europe s deadliest homegrown terrorist network He provides a historical account of the Chechens terror campaign in Russia documents their growing links to Al Qaeda and radical Islam and describes the plight of the Chechen diaspora that ultimately sent two Chechens to Boston *Inferno in Chechnya* delivers a fascinating and deeply tragic story that has much to say about the historical and ethnic roots of modern terrorism

Chechnya's Secret Wartime Diplomacy I. Akhmadov,N. Daniloff,2013-12-18 This volume makes available transcripts and commentary from the secret correspondence between former Chechen foreign minister Ilyas Akhmatov and Chechen President Aslan Maskhadov This correspondence provides revelatory insights into both men s attempts to secure Western support for a peaceful transition to an independent Chechnya
