Records and Briefs California (State)., **Loren Miller** Amina Hassan, 2015-09-22 Loren Miller was one of the nation's most prominent civil rights attorneys from the 1940s through the early 1960s and successfully fought discrimination in housing and education Alongside Thurgood Marshall Miller argued two landmark civil rights cases before the U S Supreme Court whose decisions effectively abolished racially restrictive housing covenants One of these cases Shelley v Kraemer 1948 is taught in nearly every American law school today Later the two men played key roles in Brown v Board of Education which ended legal segregation in public schools Loren Miller Civil Rights Attorney and Journalist recovers this remarkable figure from the margins of history and for the first time fully reveals his life for what it was an extraordinary American story and a critical chapter in the annals of racial justice Born to a former slave and a white midwesterner in 1903 Loren Miller lived the quintessential American success story blazing his own path to rise from rural poverty to a position of power and influence Author Amina Hassan reveals Miller as a fearless critic of those in power and an ardent debater whose acid wit was known to burn holes in the toughest skin and eat right through double talk hypocrisy and posturing As a freshly minted member of the

bar who preferred political activism and writing to the law Miller set out for Los Angeles from Kansas in 1929 Hassan describes his early career as a fiery radical journalist as well as his ownership of the California Eagle one of the longest running African American newspapers in the West In his work with the California branch of the ACLU Miller sought to halt the internment of West Coast Japanese American citizens helped integrate the U S military and the Los Angeles Fire Department and defended Black Muslims arrested in a deadly street battle with the LAPD In 1964 Governor Edmund G Brown appointed Miller as a Municipal Court justice for Los Angeles County honoring his ceaseless commitment to improving the lives of Americans regardless of their race or ethnicity Either we shall have to make democracy work for every American Miller declared or we shall not be able to preserve it for any American The story told here is of an American original who defied societal limitations to reshape the racial and political landscape of twentieth century America **Everyman's Constitution** Howard Jay Graham,2013-05-31 In 1938 Howard Jay Graham a deaf law librarian successfully argued that the authors of the Fourteenth Amendment ratified after the American Civil War to establish equal protection under the law for all American citizens regardless of race were motivated by abolitionist fervor debunking the notion of a corporate conspiracy at the heart of the amendment's wording For over half a century the amendment had been used to endow corporations with rights as individuals and thus protect them from state legislation By 1968 when Everyman's Constitution was first published the Fourteenth Amendment had become a tool for the incorporation of the Bill of Rights to apply to all American citizens The essays in this reprinted edition are still relevant as the nation continues to interpret our framing legislation in light of the concerns of today and to balance citizens rights against those of corporations Howard Jay Graham was a law librarian brought in by the NAACP's legal team to write a brief on the Fourteenth Amendment for the Supreme Court case Brown v Board of Education Though the Supreme Court justices ruled in favor of the NAACP based on the sociological rather than historical evidence it provided Graham's work published in various law journals over several decades contributed greatly to the ongoing interpretation of the Fourteenth Amendment *The New American Studies* Philip Fisher,2023-11-15 In *The New American Studies* a new generation of Americanists reflects on a society of change and changing alliances American life is here valued for its capacity for compromise and negotiation its openness to new actors and fresh scripts In *The New American Studies* a new generation of Americanists reflects on a society of change and changing alliances American life is here valued for its capacity for compromise and negotiation its openness to new actors and fresh scripts New York Court of Appeals. Records and Briefs. New York (State)., Records and Briefs of the United States Supreme Court ,1832 The State of Black Progress Star Parker,2024-03-19 Black Americans have arguably arrived at the height of their cultural prominence In politics entertainment academia and nearly every sphere of influence black issues dominate the national discussion Yet many black Americans are suffering more than ever from the blight of poverty physical and mental health struggles lack of opportunity and failing schools How do these signs of success on the surface coexist with social stagnation

on the ground in the black community This edited volume sponsored by the Center for Urban Renewal and Education and featuring contributions from W B Allen Judge Janice Rogers Brown ret Ian Rowe Sally Pipes Stephen Moore and others addresses this question in light of American values and the history of constitutional jurisprudence In the 1860s black America was promised emancipation but continued to experience subjugation In the 1960s black America was promised equality but was frequently exploited Racial discrimination played a role but in the intervening decades misguided progressive policies and the normalization of victimhood rhetoric has proven even more disastrous By failing to live up to American ideals our nation denied many black Americans their chance at the American Dream The scholars and luminaries who contributed to this volume believe that what has been lost can be recovered If our nation recognizes the history of our current predicament embraces the founding principles that made America an economic powerhouse and commits to an agenda of empowering fiscal educational and faith and family affirming policies then black Americans can overcome the obstacles that most hamper progress in their communities
