warrior monks of France In this unique collection of lectures and writings by Rudolf Steiner a new perspective emerges Based on his spiritual perceptions he speaks of the Templars connection to the esoteric tradition of St John and the Holy Grail and their spiritual dedication to Christ He describes a secret order within the Templars and their strange rituals He also sheds light on the Templars attitude toward the Roman Church and the spiritual forces that inspired their torture and confessions

Knights Templar Graeme Davis,2013-10-20 Born in the dark days of the great crusades the warrior monks of the Knights Templar vowed to defend pilgrims traveling to the Holy Land Yet strangely there are few historical records of the Templars ever fulfilling this task Instead their history is one of bloodshed and conquest wealth and power dark secrets and conspiracies Today the story of the Knights Templar is intimately linked with the story of the Holy Grail But what exactly is this ancient artifact and how has it been used to manipulate history for the last one thousand years This book based on the notes of the recently deceased historian Dr Emile Fouchet attempts to unlock the secrets of the Knights Templar It begins with an examination of their historical origins their growth in the early middle ages and their supposed destruction under the charges of heresy From there it uses the clues left by the Templars themselves to reconstruct their secret journeys as they moved the Holy Grail from Europe to the New World and back It also charts the secret three way war that is still being fought between the Templars the Freemasons and the Catholic Church Finally the book reveals the greatest of all Templar conspiracies the attempt to found a new world order under the auspices of the European Union

influential activities of the Knights Templar and Freemasonry is truly stunning It sheds considerable new light on how the practices symbols and rituals of these two brotherhoods took shape and affected the world around them *The Lost Treasure of the Knights Templar* Steven Sora,1999-02-01 A compelling argument that connects the lost treasure of the Knights Templar to the mysterious money pit on Oak Island Nova Scotia that has baffled treasure hunters for two centuries Fascinating occult detective work linking the Cathars the Scottish Masons and Renne le Chateau to the elusive treasure pit on Oak Island Draws on new evidence recently unearthed in Italy France and Scotland to provide a compelling solution to one of the world s most enduring mysteries When the Order of Knights Templar was ruthlessly dissolved in 1307 by King Philip the Fair of France it possessed immense wealth and political power yet none of the treasure the Templars amassed has ever been found Their treasure is rumored to contain artifacts of spiritual significance retrieved by the order during the Crusades including the genealogies of David and Jesus and documents that trace these bloodlines into the royal bloodlines of Merovingian France Placing a Scottish presence in the New World a century before Columbus Steven Sora paints a credible scenario that the Sinclair clan of Scotland transported the wealth of the Templars entrusted to them as the Masonic heirs of the order to a remote island off the shores of present day Nova Scotia The mysterious money pit there is commonly believed to have been built before 1497 and has guarded its secret contents tenaciously despite two centuries of determined efforts to unearth it All of these efforts one even financed by American president Franklin Delano Roosevelt have failed thanks to an elaborate system of booby traps false beaches hidden drains and other hazards of remarkable ingenuity and technological complexity **HAUNEBU: THE SECRET FILES** David Childress,2020-01-01 David Childress popular author and star of the History Channel show Ancient Aliens brings us the incredible tale of the German flying disk known as the Haunebu Although rumors of German flying disks have been around since the late years of WWII it was not until 1989 when a German researcher named Ralf Ettl living in London received an anonymous packet of photographs and documents concerning the planning and development of at least three types of unusual craft craft which we would classify today as UFOs or flying saucers Ettl went on to make several television documentaries based on the material in the packet and released most of the documents and photos to researchers in Austria and other parts of Europe What the Ralf Ettl document dump shows us is what many have suspected for a long time that WWII did not end in the manner in which we have been told and a remnant of the Nazi military particularly the SS continued to operate flying saucers and submarines around the world in the decades after the end of the war This activity involving a flying saucer known as the Haunebu was particularly notable in South America but it ultimately involved all the continents of the world including Antarctica Join Childress as he shows us the secret files involving the Haunebu the Vrill craft the Andromeda craft and others Includes a 16 page color section Over 120 photographs and diagrams
