Secret Wings of World War II Lance Cole, 2015-06-30 There are many myths and legends surrounding the advanced German aeronautical technology of the Second World War There are also facts and proven events Yet within these stories

and behind these facts lie conspiracy theories mistaken assumptions and denials that seem to contradict the evidence So what really happened How far ahead were the German scientists And of even greater interest why and how There have been other books about advanced German wartime aeronautics yet few authors have fully examined the detail of the designs and their relevance to the fighter and bomber legends of the 1950s and 60s let alone the current crop of military and civil all wing or blended wing aircraft This book charts the story from it origins through current day innovations and beyond into the all wing future of tomorrow

How Autocrats Attack Expertise Richard L. Abel, 2023-12-28 Chronicling and analyzing resistance to the threat that autocracy poses to American liberal democracy this book provides the definitive account of Trump s assault on truth and his populist attacks on expertise as well as scientific and legal opposition to them This book is about the threat of autocracy which antedated Donald Trump and will persist after he leaves the stage Pandering to populists autocrats attack professional expertise in an Orwellian world where ignorance is strength and where as Hannah Arendt wrote people believe everything and nothing Trump sought to inflame xenophobia by blaming China for the pandemic and closing U S borders then declaring victory and when that proved premature wrongly blaming the number of tests for escalating cases He sought to muzzle government scientists and denounced those who defied or evaded his directives as members of the deep state preferring to rely on inexperienced buddies He elevated obscure scientists who promoted quack cures and opposed effective preventive measures while sidelining the few reputable experts who nevertheless courageously resisted political interference In addition to these as this book documents independent scientists scientific journals and professional associations also outspoken often more so Even the pharmaceutical industry sought to preserve the integrity of a federal bureaucracy that assured the public the drugs they consumed were safe and efficacious Following Trump s numerous efforts to distort and undermine expertise this book describes and evaluates the resilience of scientific and legal defenses of truth This definitive account and analysis of the Trump s populist rejection of truth and expertise will appeal to scholars students and others with interests in politics populism and the rule of law and more specifically to those concerned with resisting the threat that autocracy poses to liberal democracy
