The New Mormon Challenge Zondervan, 2010-12-21 Current facts about Mormonism Over 11 million members Over 60 000 full time missionaries more than any other single missionary sending organization in the world More than 310 000 converts annually As many as eighty percent of converts come from Protestant backgrounds In Mormon circles the saying is We baptize a Baptist church every week Within fifteen years the numbers of missionaries and converts will roughly double Within eighty years with adherents exceeding 267 million Mormonism could become the first world religion to arise since Islam You may know the statistics What you probably don't know are the advances the Church of Jesus Christ of Latter-day Saints LDS is making in apologetics and academic respectability With superb training Mormon scholars outclass many of their opponents Arguments against Mormon claims are increasingly refuted as outdated misinformed or poorly argued The New Mormon Challenge is a response to the burgeoning challenge of scholarly Mormon apologetics Written by a team of respected Christian scholars it is free of caricature sensationalism and diatribe The respectful tone and responsible rigorous yet readable scholarship set this book in a class of its own It offers freshly researched and well documented rebuttals of Mormon truth claims Most of the chapter topics have never been addressed and the criticisms and arguments are almost entirely new But The New Mormon Challenge does not merely challenge Mormon beliefs it offers the LDS Church and her members ways to move forward The New Mormon Challenge will help you understand the intellectual appeal of Mormonism and it will reveal many of the fundamental weaknesses of the Mormon worldview Whether you are sharing the gospel with Mormons or are investigating Mormonism for yourself this book will help you accurately understand Mormonism and see the superiority of the historic Christian faith Outstanding scholarship and sound methodology make this an ideal textbook The biblical historical scientific philosophical and theological discussions are fascinating and will appeal to Christians and Mormons alike Exemplifying Christian scholarship at its best The New Mormon Challenge pioneers a new genre of literature on Mormonism The Editors Francis J Beckwith Carl Mosser and Paul Owen are respected authorities on the Church of Jesus Christ of Latter-day Saints and the authors of various books and significant articles on Mormonism With contributors including such respected scholars as Craig L Blomberg William Lane Craig J P Moreland and others The New Mormon Challenge is as Richard Mouw states in his foreword an important event for both Protestant evangelicals and Mormons that models to the evangelical community what it is like to engage in respectful and meaningful exploration of a viewpoint with which we

disagree on key points *Gods of this World* Shandon L. Guthrie, 2018-10-30 Philosophers of religion have focused almost exclusively on the existence and nature of God and the nature and destiny of human beings But these philosophers have been remiss in engaging discussions about the possibility of there being adverse gods of this world demonic beings despite being a doctrine that comprises a significant part of the Christian confession This drought in the literature has left a number of questions unaddressed including Hasn't science buried the demonic Are there any successful philosophical arguments for the existence of Satan What kind of being is Satan Is he the fallen angel of lore Is it reasonable for Christians to say that demons are purely immaterial spirits Can demons causally interact with the physical world and its inhabitants Can demons perform diabolical miracles Shandon Guthrie broaches new territory beginning with a rigorous defense for the existence of Satan and his cohorts He then advances and defends a model for how to understand their nature in terms of their ontology and causal powers No other book has attempted a full fledged natural diabolology on behalf of Christian orthodoxy This is a must read for anyone interested in the dark side of Christian theology and metaphysics **Atheism?** Stephen E. Parrish, 2019-05-06 Does atheism have a monopoly on reason and science Many think so or simply assume so Atheism challenges the many hidden assumptions that have led to the popular belief that atheism is the default position for explaining reality Delving into the most basic and fundamental questions of existence this thought provoking book explains that atheism does not and cannot provide a secure foundation for thought and life Specifically it demonstrates that atheistic theories cannot explain the existence of an ordered universe the conundrums of consciousness and knowledge or why there is morality or beauty Rather than being the result of reason atheism is shown to be in effect a revolt against reason If you enjoy pondering the most basic issues that confront us in our world today then Atheism is the book for you **Doctrine Twisting** H. Wayne House, Gordon A. Carle, 2003-08-29 H Wayne House and Gordon Carle show how many new religious movements distort orthodox Christian teaching on revelation the Trinity the two natures of Christ the Holy Spirit sin atonement faith and works the second coming and the afterlife Bioengagement Nigel M. de S. Cameron, Scott E. Daniels, Barbara White, 2000 *To Everyone an Answer* Francis J. Beckwith, William Lane Craig, J. P. Moreland, 2009-08-20 In a society that believes anything goes the Christian worldview faces aggressive opposition Francis J Beckwith William Lane Craig and J P Moreland assembled the essays in this book covering all major aspects of apologetics to help you make a more coherent defense for the Christian faith Voices from the University Heidi Szpek, 2002 In this collection more than twenty student essays and papers are brought together to celebrate the legacy of the Hebrew Bible Within such diverse disciplines as art literature philosophical thought gender studies prophecy the nature of God mysticism and the unimaginable domains of the American Frontier and The Jerry Springer Show the students of Central Washington University have revealed that the sacred literature of the Hebrew Bible the Old Testament in Christian tradition has not only imparted its wisdom on the western world of past centuries but is still a vibrant source of inspiration and knowledge speaking to those within contemporary society The Jesus Who Never Lived

H. Wayne House, 2008 Jesus asked no more profound question than this one that He posed to His disciples He asks that same question of you today But how can anyone know for certain who Jesus is when confronted with so many different views of Him Is He the good but powerless Jesus of world religions the less than fully God Jesus of the cults of Christianity the mystical and even sensual Jesus of Hollywood and popular media Forerunners and Rivals of Christianity Francis Legge, 1915

2 Corinthians: The Christian Standard Commentary David E. Garland, 2021-03-15 2 Corinthians is part of The Christian Standard Commentary CSC series This commentary series focuses on the theological and exegetical concerns of each biblical book while paying careful attention to balancing rigorous scholarship with practical application This series helps the reader understand each biblical book's theology its place in the broader narrative of Scripture and its importance for the church today Drawing on the wisdom and skills of dozens of evangelical authors the CSC is a tool for enhancing and supporting the life of the church

Christian Hope among Rivals Michael W. Zeigler, 2017-08-29 Hope is a widespread if not a universal human experience For centuries followers of Jesus of Nazareth have ordered their lives around a central hope How is their experience similar to or different from others who live by hope This book seeks an answer in the idea that living by hope involves living within a peculiar story of the world an incomplete story The stories that shape these hopes are threatened by evil however it may be defined The hopeful struggle as characters caught up in plots that move toward resolution They exercise an as yet unverified hope that evil will not prevail In this regard the hope of Christians is similar to others Yet it is different because they wait for the God of Jesus to transform the world to match the promise he made to Abraham To arrive at this conclusion this book takes a detour through four model life organizing stories Christians and participants in other stories of the world may not agree on the ultimate ground for hope However taking a detour into the hopeful experience of another may help uncover a place where rivals can stand together long enough to talk

Jews and Christians, Rivals Or Partners for the Kingdom of God? Didier Pollefeyt, 1997 For centuries the Christian churches and Christian theology have sought to forge their own identity by challenging the identity of Judaism Christians often inquired whether Israel was still the people of God whether the church had replaced Israel An affirmative answer to the latter inquiry is often described as the theology of substitution the church has taken Israel's place The implication is that there is no longer any place for Israel in God's plan of salvation The history of Christian anti Judaism is dramatic proof of the violent potential that is implicit in this Christian theology of substitution After Auschwitz the search for an alternative to this theology a search which touches the heart of Christianity has become a necessity The central question of this book is whether and how Christianity can maintain its identity if it no longer understands itself as a substitute for Judaism Didier Pollefeyt shows how the theme of substitution constitutes the basic theological problem for Christians in the encounter with Judaism Bertold Klappert develops an alternative for the Christian theology of substitution by drawing on the work of Protestant theologians Leon Klenicki offers a Jewish perspective as he seeks to develop a theory of dialogical encounter for Jews and Christians

Terrence Merrigan reflects on the way in which the Christian rediscovery of Judaism can be significant in the light of the postmodern challenge of religious pluralism Rik Hoet analyzes biblical metaphors which might serve as an alternative for the Christian theology of substitution

God's Rivals Gerald R. McDermott, 2009-08-20 Gerald R McDermott explores the question Why are there other religions He looks at teaching from the Old and New Testaments and from a number of key teachers from the early church to suggest an answer to this perplexing but intriguing question
