See Through Submarines And Ships:

Current History, 1917 **Soviet Military Review**, 1977 **Submarine Commander** Paul R. Schratz, 1988-01-01 The author shares his war experiences his role in the Japanese surrender and his participation in the setting of a world s record for longest submerged voyage the submarine in war and peace simon lake ,1918 The Royal Navy, China Station: 1864 - 1941 Jonathan Parkinson, 2018-02-20 A definitive history of the Royal Navy s China Station In the The Navy List for April 1864 the China Station was first shown as a separate Royal Navy Station It remained as such until the outbreak of the Pacific War in December 1941 which was to signal the end of that era In addition to a precis of the lives and naval careers of each of the Commanders in Chief of the China Station this volume also gives relevant information outlining something of the concurrent internal affairs of China and Japan Both are very different but sad tales the former in decline towards the end of the Manchu Ch ing dynasty and then into the chaotic 1920 s and 1930 s and the latter increasingly adopting a militaristic attitude which was to result in their disaster of the Pacific War of 1941 1945 As a reminder of these days long gone are interwoven brief references to the British Consular Service This is especially relevant for China and for a shorter period for Japan during that era of extraterritoriality Mention is also made of the British Colonial Service with whom necessarily the Navy worked very closely In addition being one important reason for it all frequent references are made to a few British shipping and trading interests together with those of some other nations All of these areas are linked together to give a definitive history of this very important Royal Navy Station **Torpedoes Away!** Maxwell Hawkins, 2018-11-16 *Torpedoes Away* details US Navy submarine operations during the first 18 months of World War Two Author Maxwell Hawkins breathlessly covers the tense dangerous missions of submarines USS Trout Sea Raven Pollack Skipjack Cuttlefish and others Between these first hand reports stitched together from interviews with crewmen Hawkins describes the mechanical workings of submarines as well as the history of submersibles beginning in the 17th Century He spent over a year sifting through the archives of the Navy Department and conducted extensive interviews with many veteran submariners about their experiences in the Pacific during World War Two The result is a classic study of underwater warfare a must read for military historians and World War 2 buffs *Japanese Submarines in World War Two* Terry C Treadwell, 2022-06-30 The Imperial Japanese Navy developed the submarine faster than any other country in the world But as a result of rivalries between the two military hierarchies the Army and the Navy they never utilized the submarine to its full extent Nevertheless during the Second World War Japan deployed a number of unique submarines These included the Type B1 which carried a Yokosuka E14Y1 reconnaissance seaplane in a watertight capsule attached to the deck of the submarine One of these aircraft carried out two bomb attacks on a forest in Oregon by dropping six incendiary bombs taking the war to the American mainland The use of aircraft from submarines as scout planes proved not to be as successful as hoped mainly because of the difficulty after launching the aircraft of it finding the submarine again in the vast Pacific and Indian Oceans The Japanese also developed the

giant I 400 class submarines that carried three Sieran bombers There were other notable actions involving IJN submarines This included I 17 that attempted to shell unsuccessfully an oil refinery off the coast of Santa Barbara causing a major panic along the West Coast of America Also memorable are the midget submarines that attempted to attack Pearl Harbor and the submarines that carried the one man submarines Kaitens and the human torpedoes The submarine losses suffered by the Japanese Navy as the war progressed when Allied and in particular US destroyers and aircraft hunted them down are all recorded in this comprehensive account of a fascinating element of the war at sea **Two Thousand Questions and Answers about the War** Julius Washington Muller,1918 Scattered Far and Wide Justin Laborde,2025-09-02 Scattered Far and Wide follows the U S Naval Academy Class of 1938 as they rise from junior officers to combat leaders in World War II s most pivotal battles Through firsthand accounts and deep research Justin Laborde brings their stories of courage sacrifice and survival vividly to life Scattered Far and Wide tells the war stories of U S Naval Academy midshipmen from the Class of 1938 Commissioned on the eve of World War II they faced the trials of combat as new officers from the early days of American involvement and as ships captains pilots in leadership positions and submariners in charge by VJ Day Tested as young leaders they bore the new burden of command while at the fore of the Pacific War s largest and most pivotal campaigns They felt the wind and spray in their faces and the percussion of ships guns and depth charges at the pivotal moment in their lives and careers making their experiences unusually compelling heartbreaking and most assuredly instructive From Pearl Harbor through the end of the war these men fought and struggled for survival as part of the U S Navy s Asiatic Fleet In the early months of the conflict they tried to stem the onslaught of the Imperial Japanese Navy Some were captured and sent to brutal prisoner of war camps Others took to the air from aircraft carriers as members of torpedo bomber and fighter squadrons during the Battles of the Coral Sea and Midway Later in the war a number served aboard submarines experiencing some of the most legendary patrols in the history of the Silent Service Author Justin Laborde s grandfather Alden Laborde was a member of the Class of 1938 Upon his death Justin obtained a 1938 edition of The Lucky Bag the Naval Academy s yearbook Reading the memoirs of Alden s classmates Justin realized he was well placed to tell the fascinating and unreported story of this class s experiences in World War II He spent five years gathering primary materials and researching the histories and wartime tales The young men who graduated from the Naval Academy in 1938 left Annapolis on the eve of war and faced its perils around the world In the process these junior officers earned medals and fame left legacies of heroism and loss and sparked tales of renown and bravery that reverberate today **Flying** ,1921 *The New York Times Current History* ,1917 Pacific Motor Boat and Motor Ship ,1916 **All Hands** ,1959 **Passing Ships** Gordon Gray,2012-03-15 A fascinating and poignant account of one man s life on the sea and the love it continues to inspire in him **International Negotiation** Viktor Aleksandrovich Kremenīuk,1991 The first edition of International Negotiation became a best selling classic in the field of global conflict resolution This second edition has been substantially

revised and updated to meet the challenges of today's complex international community. Developed under the direction of the International Institute for Applied Systems Analysis, this important resource contains contributions from some of the world's leading experts in international negotiation, representing a wide range of nations and disciplines. They offer a synthesis of contemporary negotiation theory, perspectives for understanding negotiation dynamics, and strategies for producing mutually satisfactory and enduring agreements that is particularly relevant in these times. **U.S. Air Services**, 1925

Proceedings of the United States Naval Institute, United States Naval Institute, 1923 **Hunter Killers**, Iain Ballantyne, 2013-09-12. HUNTER KILLER, a submarine designed to pursue and attack enemy submarines and surface ships using torpedoes. HUNTER KILLERS will follow the careers of four daring British submarine captains who risked their lives to keep the rest of us safe; their exploits consigned to the shadows until now. Their experiences encompass the span of the Cold War, from voyages in WW2-era submarines under Arctic ice to nuclear-powered espionage missions in Soviet-dominated seas. There are dangerous encounters with Russian spy ships in UK waters, and finally, as the communist facade begins to crack, they hold the line against the Kremlin's oceanic might, playing a leading role in bringing down the Berlin Wall. It is the first time they have spoken out about their covert lives in the submarine service. This is the dramatic, untold story of Britain's most secret service. The Commercial and Financial Chronicle, 1916 Congressional Record, United States Congress, 1971
