Anthony Malagon, Abi Doukhan, 2019-06-27 Traditional philosophizing has generally depended upon reason as its primary access to truth Subjective experiences such as feelings the passions and emotions have typically been viewed as secondary to reason untrustworthy or both The Religious Existentialists and the Redemption of Feeling revisits how the movement of existentialism via the religious existentialists has contributed to a rethinking of the role of subjective experience in contrast to the rationalist and idealist traditions thus reframing the importance of feelings in general for the philosophical enterprise as a whole Through the considerations of a variety of thinkers this collection provides a fresh look at the contributions of twentieth century existentialists thereby re contextualizing the very notion of existentialism offering a powerful and genuine re evaluation of the significance of subjectivity and underscoring the continued relevance of the religious existentialists

other realities From behind bars to beyond the stars that s how far Jessy Salamone had to go in his personal growth and spiritual awakening to make the true nature of reality understandable for us all With Law of Oneness which he started writing while serving time for drug related offenses Jessy succeeds in turning a complicated topic into a narrative that is reader friendly and engaging As he explains it the Law of Oneness is a universal formula or equation that works in all things and is the ultimate master key to take us to Source The components of that formula include transcending society programmed thinking overcoming insecurities that cause low self esteem freeing ourselves from the limits of ego finding the courage to go forward despite fear or disapproval identifying our purpose in life and recognizing that love is the glue holding everything together Of course there s much much more in Law of Oneness to experience and enjoy I recommend you give it a read Under its influence your friends your family and ultimately your higher self will thank you David L Gaskill editor reviewer

Answering the Hard Questions Robert R. Hill,2022-11-03 No question should be off limits if it is asked with the intent of seeking truth But many Christians do not know how to answer some of the hard questions about the Bible and the Christian faith Could you answer these questions What would you do if you were asked one of these questions from an unsaved friend What would you do if your children asked you one of these questions 1 If God is real then why doesn t he show himself 2 If God is real then why does he allow suffering and evil to continue 3 How can God be real when secular science shows that everything has an explanation without God 4 If God is a merciful kind and forgiving God then why did he order the slaughter of whole people groups including men women children and their animals too 5 Why would a loving God send anyone to an eternal hell 6 How can God be real since the Bible says God is love but commands the barbaric death of innocent animals in the Old Testament and Jesus says to eat his body and drink his blood And there are other weird things in the Bible too 7 How can God be real since we don t see a difference between people who call themselves Christians and the rest of the world This series is designed to equip Christians to answer these types of hard questions in defending the Bible and the Christian faith We must be able to respond to these types of questions or else we will not be confident in our faith and therefore we will be weak in witnessing I want you to be able to answer these questions quickly and confidently to be an effective and passionate ambassador for Christ Lord Rochester in the Restoration World Matthew C. read Kierkegaard in opposition to Hegel The work of the Danish thinker is read as a critical development of Hegelian phenomenology with particular attention to existential aspects of human experience Anxiety and despair are the primary existential phenomena that Kierkegaard examines throughout his authorship and Gr n uses these negative phenomena to argue for the basically ethical aim of Kierkegaard s work In Gr n s reading Kierkegaard conceives human selfhood not merely as relational but also a process of becoming the self that one is through the otherness of self experience that is the body the world other people and God This book should be of interest to philosophers theologians literary studies scholars and anyone with an interest not only in Kierkegaard but also in human identity **The Diffident Naturalist** Rose-Mary
