Seeing Through The Heart Expressions In Image And Poetry:

Picturing the Language of Images Laurence Petit, 2014-04-11 Picturing the Language of Images is a collection of thirty three previously unpublished essays that explore the complex and ever evolving interaction between the verbal and the visual The uniqueness of this volume lies in its bringing together scholars from around the world to provide a broad synchronic and diachronic exploration of the relationship between text and image as well as a reflection on the limits of representation through a re thinking of the very acts of reading and viewing While covering a variety of media such as literature painting photography film and comics across time from the 18th century to the 21st century this collection also provides a special focus on the work of particular authors such as A S Byatt W G Sebald and Art Spiegelman *Through a Speculum That Shines* Elliot R. Wolfson, 2020-06-30 A comprehensive treatment of visionary experience in some of the main texts of Jewish mysticism this book reveals the overwhelmingly visual nature of religious experience in Jewish spirituality from antiquity through the late Middle Ages Using phenomenological and critical historical tools Wolfson examines Jewish mystical texts from late antiquity pre kabbalistic sources from the tenth to the twelfth centuries and twelfth and thirteenth century kabbalistic literature His work demonstrates that the sense of sight assumes an epistemic priority in these writings reflecting and building upon those scriptural passages that affirm the visual nature of revelatory experience Moreover the author reveals an androcentric eroticism in the scopic mentality of Jewish mystics which placed the externalized and representable form the phallus at the center of the visual encounter In the visionary experience as Wolfson describes it imagination serves a primary function transmuting sensory data and rational concepts into symbols of those things beyond sense and reason In this view the experience of a vision is inseparable from the process of interpretation Fundamentally challenging the conventional distinction between experience and exegesis revelation and interpretation Wolfson argues that for the mystics themselves the study of texts occasioned a visual experience of the divine located in the imagination of the mystical interpreter Thus he shows how Jewish mystics preserved the invisible transcendence of God without doing away with the visual dimension of belief *The Encyclopædia Britannica* ,1911 *The Encyclopædia Britannica* Hugh Chisholm, James Louis Garvin, 1926 *The Bible educator, ed. by E.H.
