This book makes it easier for students and their parents Beyond the Body James J. Heaney, 2014-09-29 The Eucharist has become the central act of Christian life and worship Unresolved disagreements about it however remain as obstacles to religious unity and to developing a eucharistic spirituality adapted to the unpredictable standards of a deconstructed critically driven postmodern age Beginning with a reassessment of medieval realist doctrines of the Eucharist *Beyond the Body* argues that the real meaning of the Words of Institution is their use in fulfilling the Last Supper command of Jesus to be remembered Where traditional doctrines of the Eucharist and their corresponding forms of piety dead end in intellectual conundrum or disembodied symbolism that command evokes a world of transformative events with the historical Jesus of the Last Supper as real and constant partner As an antitheology the task of this book is to sketch the intellectual footprint of a nonmetaphysical eucharistic faith Setting aside traditional approaches however will have been worth it only if this enables a eucharistic belief that meets the needs of and is fruitful for religious life in general Its ultimate goal is to refocus eucharistic piety on the liturgical act itself as a transformative event united in time with the person of Jesus in both remembrance and thanksgiving *Looking Beyond the Highway* Claudette Stager, Martha Carver, 2006 Looking beyond the Highway is an examination of road history and roadside attractions specific to the South Focused in part on numerous aspects of the material culture landscape of the Dixie Highway the essays consider the politics of roadbuilding roadside entertainment the buildings and businesses one might encounter along the road and regional adaptations to the needs and desires of northern tourists Following the Dixie Highway from southern Illinois to Florida with sidetrips down other southern roads the essays cover a wide variety of subjects many of which will resonate with anyone who has ever lived in or vacationed in the South Harrison Mayes's Get Right With God signs the park and pray craze of outdoor drive in church services the rise and demise of brick highways the fierce political battle over the route of the Dixie Highway beach music and the evolution of motel architecture in Myrtle Beach Florida's early tourist towers and the commercial development of Tennessee caves as tourist attractions Covering a landscape that includes Tennessee Georgia North Carolina Florida Mississippi Indiana Virginia Arkansas Ohio Kentucky Alabama and Illinois the anthology shows that there was and still is a distinctive southern culture and how roads have influenced that culture As lively as they are diverse the articles provide a solid background for understanding roadside ephemera that have disappeared or are quickly disappearing Ranging from the serious to the light hearted and including descriptions of American road and roadside icons to kitsch the book will appeal to anyone with an interest in road history and roadside architecture *Neurodegenerative Diseases: Looking Beyond the Boundaries of the Brain* Elena Zenaro, Marietta Zille, Claudia Perez-Cruz, Gabriel Gutiérrez-Ospina, 2022-07-25 **Looking Beyond Suppression** Erika Gebo, Brenda J.
